AVANT-PROPOS

Cette quinzième livraison du *Supplément annuel de la Revue statistique du Canada* décrit en détail l'évolution de certains indicateurs économiques qui figurent à la section 1 des livraisons mensuelles de la *Revue statistique du Canada*. Les plus récentes données mensuelles et trimestrielles rectifiées y sont présentées aussi bien avant qu'après désaisonnalisation, pour ces indicateurs et ce jusqu'en décembre 1975. La meilleure façon de les actualiser est de se reporter aux dernières livraisons de la *Revue statistique du Canada*.

Les séries présentées dans la Supplément sont stockées dans le CANSIM. On peut se procurer contre acquittement des frais l'ensemble ou une partie du contenu de la banque de données CANSIM sous forme de bande magnétique ou d'imprimé d'ordinateur. Les indicatifs du CANSIM accompagnent chacune des séries et doivent être utilisés pour une commande de séries. Pour de plus amples renseignements, s'adresser à:
