

Workplace Bulletin

November 30, 2010

Également disponible en français

Fifth Issue of the *Labour Focus* Newsletter

The Labour Program has launched the fifth issue of the quarterly newsletter [Labour Focus](#). It is filled with articles, announcements, tips and facts, and information about Labour Program events, policies and programs. This issue includes a special article on the 110th anniversary of the Labour Program. Go ahead and take a look!

The *Workplace Bulletin*, issued by the **Labour Program**, is published twice a month. It provides wage and other information relating to collective bargaining in Canada and offers updates on industrial relations issues.

Innovative Workplace Practices – Third Quarter 2010

The Labour Program publishes a quarterly overview of workplace innovative practices.¹ This overview is based on a review of 60 collective agreements ratified between July and September 2010, inclusively. A number of innovative practices were observed in the third quarter of 2010.

Working Conditions

Red River College in Winnipeg, Manitoba and 1,300 employees represented by the Manitoba Government and General Employees' Union negotiated an agreement whereby the employer will implement a City of Winnipeg - Eco Pass bus fare discount program for all staff at downtown campuses. The 60 % discount will be effective January 1, 2011.

¹ The Workplace Information Division, Labour Program, defines innovative workplace practices as being a creative and new idea collectively bargained between a union and an employer. Included in this overview are innovations found in settlements covering 500 employees or more within provincial jurisdictions and 100 employees or more under federal jurisdiction.

Jazz Air LP and the Canadian Flight Attendants' Union (760 employees) have negotiated the full cost payment by the employer for required visas and passports, including expedited fees, medical fees, and inoculations for flight attendants on company business.

Health and Welfare

The Canadian Pacific Railway (system-wide), along with the Teamsters Canada Rail Conference, which represents 2,050 maintenance of way employees, introduced a pilot project— a free, optional drug plan. This plan will be subject to the same maximum fees as the managerial plan. Mark-up will be limited to 25% for all drug categories.

Aliments Prince Foods, Limited Partnership, a division of Bacon America and Bacon International (Olymel group), Drummondville, Quebec, and the Syndicat des travailleuses et travailleurs de Bacon Inter-America (CSN), representing 580 factory and maintenance employees, established a committee mandated to reduce insurance costs. The members will meet annually to analyze and assess these costs. In the event that the total premium, allocated to 50% for each party, exceeds the pre-established amounts, the benefits will be reviewed.

Pension

Jazz Air LP and the Canadian Flight Attendants' Union introduced a new retirement plan for 760 flight attendants. Effective September 2010, employees will contribute 2.0% of their earnings toward a pension plan. There will be an increase of 1.0% on January 1 of each year of the agreement, to a maximum that matches the employer contribution. Flight attendants will have the option of voluntary contributions up to the maximum established by the *Canada Revenue Agency Act*, which could then be put toward a Registered Retirement Savings Plan on a payroll deduction basis.

Greyhound Canada Transportation ULC, Eastern Division, and Amalgamated Transit Union, Local 1415, have established a new retirement plan for 500 bus drivers, maintenance crews and terminal workers. Recently-hired employees will not participate in the existing defined contribution provision of the Greyhound Eastern Employees Retirement Income Plan. The employer will provide a new defined benefit pension plan whereby employees will contribute a minimum of 2% to a maximum of 5% of earnings with the employer contributing an amount equal to 50% of the employees' contribution.

Vale in Sudbury and Essar Steel Algoma Inc. in Sault Ste Marie, have negotiated a new pension plan with the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union. Current employees will have the option to choose between a defined contribution plan or a defined benefit plan. There will be an exception for new Vale hires, where the contribution plan is the only available option.

Work Environment

Greater Toronto Sewer and Watermain Contractors Association, Toronto, Ontario, and the Labourers International Union of North America, which represents 2,000 labourers, have reached an agreement with respect to the use of cell phones, Blackberries, iPods and/or similar devices. Effective July 5, 2010, these will be prohibited from being turned on during working hours, except during lunch breaks, regular work breaks, job-site emergencies or where prior approval is obtained from the supervisor.

Labour-Management Committee

Bell Aliant Regional Communications, Limited Partnership, Atlantic Region, and Communications, Energy and Paperworkers Union of Canada, representing 3,100 office and technical employees, are establishing a common-interest forum to improve communications and trust; develop a means of resolving differences; and maintaining a collaborative relationship.

The Government of New Brunswick and the Canadian Union of Public Employees, Local 1418, representing 1,000 health care professional employees, have created a committee for a Job Evaluation Study. This study will evaluate a proportion of all classifications in Groups 1 and 2 of the flexible series. Results of the study will not be binding on either party, but such recommendations will form the basis of the next round of negotiations.

Pipe Line Contractors Association of Canada and the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada (600 welders) are implementing a drug and alcohol program that includes pre-access testing.

Equity (Hiring Procedures)

Pipe Line Contractors Association of Canada and the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada (600 welders) have agreed to encourage opportunities for local and Aboriginal employment under the terms and conditions of the agreement.

Training

Saint John Construction Association Inc. and Laborers' International Union of North America (700 labourers) agreed, effective September 5, 2010, to implement a construction craft worker apprenticeship program that will provide skills training to bargaining members.

Wages

The Gouvernement du Québec, along with several union locals representing 145,120 Gouvernement du Québec employees, agreed to implement variable pension adjustments in addition to fixed wage increases, in accordance with economic growth (to a maximum of 3.5%), and inflation (to a maximum of 1%), for total possible increases of 10.5%. The clause related to economic growth foresees a possible wage increase in the third, fourth, and fifth years of the collective agreement, if the economic growth exceeds the initial projections of the 2009 plan to return to fiscal balance.

Conversely, the clause related to inflation foresees a wage adjustment of up to 1% if the Consumer Price Index (CPI) is greater than all other increases (both fixed and growth-related increases).

The Association de la construction du Québec (ACQ) and the Alliance syndicale de la construction², which represents 144,940 construction sector employees in Quebec, agreed to a pilot project under which the employees would be remunerated at the rate of time and a half instead of double time for the first two hours of overtime completed in a normal work week. All other overtime hours would be remunerated at double time.

This pilot project will be tested to ensure registration and remuneration for overtime, and to discourage moonlighting.

Fifth Issue of the *Labour Focus* Newsletter

The Labour Program has launched the fifth issue of the quarterly newsletter [*Labour Focus*](#). It is filled with articles, announcements, tips and facts, and information about Labour Program events, policies and programs. This issue includes a special article on the 110th anniversary of the Labour Program. Go ahead and take a look!
