

CANADA'S PACIFIC GATEWAY

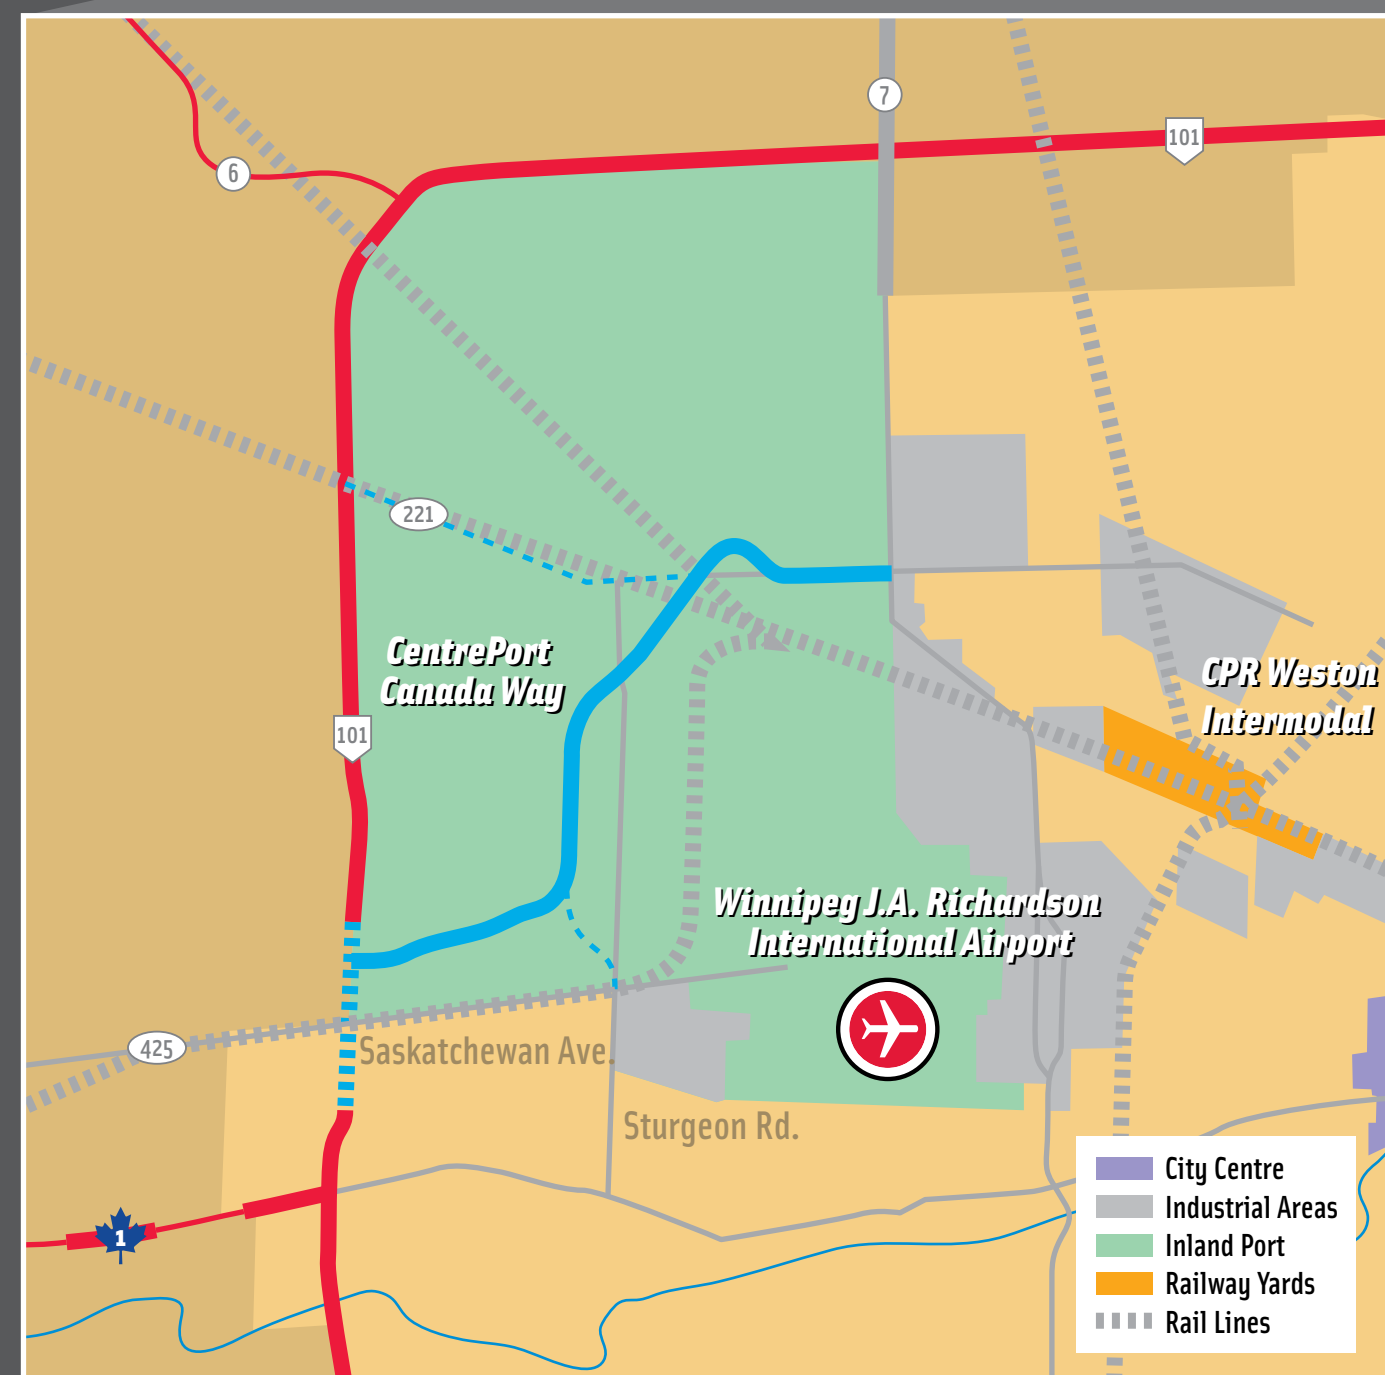

Our Connection to Opportunity

Canada's Asia-Pacific Gateway and Corridor Initiative (APGCI) leverages our major intermodal transportation and trade systems. Canada's geographic advantages connect North America with the Asia-Pacific region by sea and air, and Canadians with the new opportunities in the global economy.

CentrePort Canada

Total Investment: \$212.4 M (Building Canada Plan)
Canada's component is \$101.6 M (\$68.35 M Provincial Territory Base Funding and \$33.25 M APGCI);
and Manitoba's component is \$110.8 M (which includes land acquisition costs)
