

Agri-Food Trade Service

Manitoba Regional Office

Agriculture and Agri-Food Canada (AAFC) aims to position Canada as a global leader in agricultural productivity and trade.

Our Agri-Food Trade Service (ATS) is linked to a network of regional offices, industry specialists and international trade commissioners to help Canadian businesses in the agriculture, food and agri-products sectors seize opportunities at home and abroad.

By contacting our Manitoba Regional Office, your business can access multiple federal and provincial services through a single point of entry.

We can assist you with:

Business Development

- domestic and foreign business connections
- international market access
- industry preparedness through workshops and seminars
- innovation and competitiveness
- international trade shows

Learn about Branding Canada tools and graphics at:

www.brandcanada.agr.gc.ca

Market and Industry Intelligence

- analysis of key export markets
- consumer trends
- domestic and foreign policies and regulations
