## 1. Introduction

The purpose of the *Access to Information Act (ATIA)* is to provide Canadians with access to records under the control of federal institutions, except for records subject to limited and specific exemptions and exclusions.

This report to Parliament describes the activities of Aboriginal Affairs and Northern Development (AANDC) that support compliance with the *ATIA* pursuant to section 72 of the *ATIA*. The report details the activities and accomplishments of the AANDC's Access to Information and Privacy (ATIP) Directorate, including highlights such as:

- Continued promoting of timely access to records by delegating full authority under the *ATIA* to the AANDC ATIP Coordinator
- Launching a proactive disclosure web page for summaries of completed Access to Information (ATI) requests
- Undertaking a backlog resolution strategy to eliminate all deemed refusals by Q3, 2011-12
- Focusing on eliminating barriers to access to AANDC's records, and specifically the waiving of \$44K in access fees
- Delivering 19 training sessions to 275 staff in French and English

AANDC is responsible for two separate yet equally important mandates: *Indian and Inuit Affairs* and *Northern Development*. This broad mandate is derived largely from the *Department of Indian Affairs and Northern Development Act*, the *Indian Act*, and the territorial acts and legal obligations arising from section 91(24) of the *Constitution Act*. The Department is responsible for administering more than 50 statutes in total. Consequently, AANDC's mandate is complex and its responsibilities encompass a broad spectrum of programs.

The Department is responsible for meeting the Government of Canada's obligations and commitments to First Nations, Inuit and Métis and for fulfilling the federal government's constitutional responsibilities in the North.

The Minister of Aboriginal Affairs and Northern Development is also the Federal Interlocutor for Métis and Non-Status Indians. The Federal Interlocutor's role is to provide a point of contact between the Government of Canada and Métis, Non-Status Indians and urban Aboriginal peoples. The goal of this relationship is to advocate for and work with off-reserve Aboriginal Canadians in order to achieve equal services to those living on reserves.

## 2. Organization

The ATIP Directorate is responsible for the administration of requests made under the *ATIA*. It was established within the Corporate Secretariat and reports to the Corporate Secretary, who is directly accountable to the Deputy Head and is a member of the AANDC Senior Management

Committee (SMC). The Directorate also coordinates and implements policies, guidelines and procedures to ensure departmental compliance with the *ATIA*. Workshop presentations, training courses and awareness sessions designed to increase knowledge and understanding of ATI and Privacy issues and concerns across the Department are also provided by the Directorate.

The Directorate is comprised of two divisions, the ATIP Unit and the Privacy Policy Division. The ATIP Unit consists of the following positions:

- Director, who, as institutional ATIP Coordinator, also holds full delegated authority under the *ATIA*;
- Reporting Analyst, who supports the Director in satisfying regular reporting requirements to external and internal stakeholders;
- Administrative Assistant, who supports the Director in day-to-day administrative and organizational tasks; and
- two Senior Advisors (Team Leaders), each of whom are responsible for the oversight of request administration by their team of Analysts, including review of completed requests, training and capacity building;
- ten Analysts (4 x PM-04, 4 x PM-03, 2 x PM-02), divided into two teams under each Team Leader, who process requests of varying volume and complexity based on their level; and
- four Clerks, who enter all applications into the electronic system, acknowledge requests, perform imaging services and are responsible for other administrative tasks.

During the 2010-2011 reporting period, the ATIP Unit was challenged by a number of vacancies in its organizational structure. This created a gap in analytical capacity and resulted in reliance on support from ATI consultants.

### **3. Delegation Order**

Under section 73 of the *ATIA*, the Minister's authority is delegated to departmental officials in order to administer the *ATIA* within AANDC.

At the outset of the reporting period, a delegation order dated May 26, 2008 was still in effect (Appendix A). This delegation order designated the following positions as having the authority to administer the *ATIA*:

- Corporate Secretary
- Departmental ATIP Coordinator
- Designated officers to act in place of the above position holders in their absence

A new delegation order was signed on November 3<sup>rd</sup>, 2010 following AANDC's transition to a new Minister (Appendix B). Under section 73 of the *ATIA*, the order delegated full authority and responsibility for the *ATIA* to the Corporate Secretary and to the Departmental ATIP Coordinator within the Corporate Secretariat. Fully delegated authority to the ATIP Coordinator ensured AANDC's continued commitment to timely administration of requests.

## 4. Interpretation of the Statistical Report

The Statistical Report was submitted to the Treasury Board Secretariat (TBS) on May 27, 2011 (Appendix C). The Statistical Report details all aspects of the requests the ATIP Unit received and processed during the period of April 1, 2010 to March 31, 2011. During the reporting period, 278 requests were processed, while 134 active files will be carried over to the next year.

### 4.1 Sources of Requests

The sources of *ATIA* requests received during the reporting period from April 1, 2010 and March 31, 2011 are included below in *Table 1*.

Table 1. Sources of ATI requests for the 2010-2011 reporting period.		
Source	Number of Requests	Percentage (%)
Public	162	51.92
Media	77	24.68
Organization	33	10.58
Business	27	8.65
Academia	13	4.17
<b>Total</b>	<b>312</b>	<b>100</b>

As *Table 1* shows, the ATIP Unit received the majority its access requests from the public – 162 (51.92%), followed by requests from media – 77 (24.68%).

The public encompasses requests received from any member of the Canadian public, including individual band members. These requesters are predominantly interested in issues affecting reserves, namely, surveys, water treatment, law enforcement, post-secondary education, treaty land entitlements, by-law agreements, elections and lands.

Media requests often revolve around money matters – salaries of chiefs and counselors, grants and contributions, funding to First Nations, audit reports and operational costs.

### 4.2 Requests Received

The number of *ATIA* requests received during the reporting period from April 1, 2010 and March 31, 2011 is included in *Table 2*.

**Table 2. ATI requests received during the 2010-2011 reporting period.**

<b>Requests</b>	<b>Number of Requests</b>	<b>Percentage (%)</b>
Received during reporting period	312	75.73
Carried forward from previous year	100	24.25
<b>Total</b>	<b>412</b>	<b>100</b>

The Unit received 312 requests for information under the *ATIA*. In addition, 100 requests were carried over from the previous fiscal year, for a total of 412 requests. Compared to the previous year, the number of requests received did not significantly change between 2009-2010 and 2010-2011 (increase of 12 requests). The number of requests carried over from the previous fiscal year (100 requests), however, was 20 requests lower than the number carried over the year before.

### **4.3 Disposition of Completed Requests**

The disposition of completed ATI requests during the reporting period from April 1, 2010 and March 31, 2011 is included below in *Table 3*.

**Table 3. Disposition of completed ATI requests from the 2010-2011 reporting period.**

<b>Disposition</b>	<b>Number of Requests</b>	<b>Percentage (%)</b>
Disclosed in Part	90	32.37
Abandoned by the Applicant	83	29.86
Unable to Process	43	15.47
All Disclosed	39	14.03
Nothing Disclosed (Exempted)	17	6.12
Transferred	3	1.08
Treated Informally	2	0.72
Nothing Disclosed (Excluded)	1	0.35
<b>Total</b>	<b>278</b>	<b>100</b>

The most frequent outcome of the requests processed during the reporting period was Partial Disclosure, which occurred with 90 requests (32.37%). By nature, many of the records requested contain personal information and/or third party financial, scientific or technical information protected under subsections 19(1) and 20(1)(b) of the *ATIA*, respectively.

The second-most frequent outcome was Abandoned by the Applicant, which occurred with 83 requests (29.86%). Backlog files were closed when requesters were no longer interested in their initial request, agreed to have their files treated informally, or re-scoped in such a manner that a new file was opened for administrative purposes.

The third-most frequent outcome was Unable to Process, which occurred in 43 requests (15.47%). The ATIP Unit was unable to process requests seeking access to records that were not under AANDC's control.

#### 4.4 Exemptions Invoked

A list of ATIA exemptions invoked during the reporting period from April 1, 2010 and March 31, 2011 is included below in *Table 4*.

Table 4. Exemptions invoked during the 2010-2011 reporting period.

22	4	1.75
23	13	5.73
26	1	0.41
<b>Total</b>	<b>227</b>	<b>100</b>

As was the case in previous years, the most common exemption invoked during the reporting period was the severing of personal information pursuant subsection 19(1), which was cited in 71 (31.28%) release packages.

The second-most frequent exemption applied was under paragraph 20(1)(b), which protects financial, scientific or technical information of third parties. This exemption was applied in 33 (14.54%) requests.

#### 4.5 Exclusions Cited

A list of ATIA exclusions cited during the reporting period from April 1, 2010 and March 31, 2011 is included in *Table 5*.

**Table 5. Exclusions cited during the 2010-2011 reporting period.**

<b>Section of the Act</b>	<b>Number of Citations</b>	<b>Percentage (%)</b>
68(a)	4	23.53
69(1)(a)	1	5.88
69(1)(d)	2	11.76
69(1)(e)	3	17.65

<i>Subtotal for subsection 69(1)</i>	<b>13</b>	<b>76.47</b>
<b>Total</b>	<b>17</b>	<b>100</b>

During the reporting period, exclusions were cited predominantly under subsection 69(1), which were applied in 13 requests (76.47%). These exclusions can be attributed to the process of requesting funding via TBS Submissions and Memoranda to Cabinet.

#### **4.6 Completion Times**

The completion times required for each processed request during the reporting period from April 1, 2010 and March 31, 2011 are captured below in *Table 6*.

**Table 6. Completion times for requests received during the 2010-2011 reporting period.**

<b>Period</b>	<b>Number of Requests</b>	<b>Percentage (%)</b>
30 days or less	94	33.81
31-60 days	47	16.91
61-120 days	47	16.91
181 days or over	90	32.37
<b>Total</b>	<b>278</b>	<b>100</b>

The ATIP Unit was successful in responding to 94 (33.81%) access requests within the legislated timeframe of 30 days without the application of extensions. Beyond the 30 day timeframe, 47 (16.91%) requests were completed within an additional 30 days while 47 (16.91%) requests required between 61 and 120 days to complete. According to *Table 6*, 90 (32.37%) requests required over 180 days to process.

#### **4.7 Extensions**

The completion times required for each processed request during the reporting period from April 1, 2010 and March 31, 2011 are captured in *Table 7*.

**Table 7. Extensions to the statutory timelines applied during the 2010-2011 reporting period.**

<b>Reason</b>	<b>30 Days or Less</b>	<b>31 Days or More</b>	<b>Total</b>	<b>Percentage (%)</b>

Consultation	8	18	26	25.24
<b>Total</b>	<b>30</b>	<b>73</b>	<b>103</b>	<b>100</b>

The most significant reason for extending the statutory timeline was due to volume, which occurred in 49 requests (47.57%). The majority of extensions (73) that were applied to requests were longer than 31 days.

#### **4.8 Translations**

There were no translations requested during the reporting period.

#### **4.9 Method of Access**

The methods of access provided by AANDC during the reporting period from April 1, 2010 and March 31, 2011 are shown below in *Table 8*.

**Table 8. Method of access for requests received during the 2010-2011 reporting period.**

<b>Method</b>	<b>Number of Occurrences</b>	<b>Percentage (%)</b>
Copies given	128	100
<b>Total</b>	<b>129</b>	<b>100</b>

The exclusive method of access to records requested under the *ATIA* was the distribution of copies, including digital copies when the requester had proper means to access them. The ATIP Unit did not receive any requests to provide the applicant an opportunity to examine the records requested.

#### **4.10 Fees and Costs**

The fees charged and waived over the reporting period from April 1, 2010 and March 31, 2011 are indicated below in *Table 9*.

**Table 9. Fees received during the 2010-2011 reporting period.**

<b>Type of Fee</b>	<b>Amount</b>
Application	\$,1350.00
Reproduction	\$1,275.70
<b>Total</b>	<b>\$2,625.70</b>

<b>Fees Waived</b>	<b>Frequency</b>	<b>Amount</b>
\$25.00 or under	27	\$180.80
Over \$25.00	37	\$44,268.91
<b>Total</b>	<b>64</b>	<b>\$44,449.71</b>

For the 2010-2011 reporting period, AANDC collected \$1,350.00 in application fees and \$1,275.70 in reproduction costs. AANDC succeeded in waiving \$44,449.70 in fees over \$25.00 and \$180.80 in fees under \$25.00.

The costs incurred during the reporting period from April 1, 2010 and March 31, 2011 are included below in *Table 10*.

<b>Table 10. Costs to administer the AANDC ATIP Unit during the 2010-2011 reporting period.</b>	
<b>Financial</b>	<b>Amount</b>
Salary	\$739,897.34
Administration (O&M)	\$110,515.51
<b>Total</b>	<b>\$850,412.85</b>
<b>Person Year</b> (decimal format)	<b>10.95</b>

Costs incurred during the reporting period are calculated based on the salaries of ATIP Directorate employees (10.95 FTEs) and the Operational and Management (O&M) expenses associated with the administration of the ATIA. A significant proportion of the O&M expenses were for the hiring of temporary help services and ATIP consultants to treat large volume of requests.

## 5. Other ATIP Directorate Functions

The ATIP Unit also processes other types of files, including informal requests such as Access Consultation (AC), Access Informal (AI), and Pre-posting of Audits (AU). All of these files lend significantly to the workload in ATIP. As such, in the 2010-2011 reporting period, over 2,700 requests were received in the ATIP Directorate.

### 5.1 Consultations from Other Institutions

When a request contains records that are of interest to another institution, the ATIP Coordinator of that institution is consulted. AANDC was consulted in 135 cases in the 2010-2011 reporting period, totaling a volume of over 3,400 pages provided by different levels of government.

### 5.2 Informal Treatment of Access Requests

AANDC receives requests for information that can be answered without citing the ATIA but keeping within the spirit of the legislation. No \$5 application fee is required.

Requests are treated informally when the information requested is mostly in the public domain or can be disclosed for other reasons (ex. a band audit to a band member). When requests are processed informally, applicants do not have the right to complain to the Information Commissioner.

Any request for a copy of a release package from a previously completed ATI request, as listed on the AANDC Proactive Disclosure web page, is captured as an informal access request. Over the 2010-2011 reporting period, 141 access requests were treated through informal means.

## 6. Complaints and Investigations

Every complaint that AANDC receives is pursued diligently. *Table 11* indicates the complaints registered with the OIC over the reporting period from April 1, 2010 and March 31, 2011.

Table 11. Complaints filed with the Information Commissioner during the 2010-2011 reporting period.		
Type of Complaint	Number of Complaints	Percentage (%)
Delay (deemed refusal)	18	38.30
Time Extension	10	21.28
Exemption/Exclusion	8	17.02
Miscellaneous	7	14.88
Fees	2	4.26
No Records/Incomplete Search	2	4.26
<b>Total</b>	<b>47</b>	<b>100</b>

During the 2010-2011 reporting period, 47 complaints against the Department were filed with the Office of the Information Commissioner (OIC) in relation to the processing of requests under the ATIA. The largest proportion of complaints – 18 (38.30%) – resulted from citations of delay (deemed refusal) in giving access to records. The second greatest reason for complaints was the application of time extensions and exemptions/exclusions, which attributed to 10 (21.28%) and eight (17.02%) complaints, respectively.

In addition to the complaints incurred this year, 32 complaints were carried over from the previous year.

*Table 12* lists the outcome of complaints registered with the OIC over the reporting period from April 1, 2010 and March 31, 2011.

Table 12. Outcome of complaints investigated by the Information Commissioner during the 2010-2011 reporting period.		
Outcome	Number of Occurrences	Percentage (%)
Well founded (Resolved)	23	74.19
Discontinued	5	16.13
Not well founded/unsubstantiated	3	9.68
<b>Total</b>	<b>31</b>	<b>100</b>

As Table 12 indicates, 31 investigations were completed in 2010-2011 while 57 complaints will be carried over to the next reporting period. Of the 31 completed investigations, the OIC concluded that three complaints (9.68%) were not substantiated, 23 complaints (74.19%) were well-founded, and five complaints (16.13%) were discontinued. Each of the 23 well-founded complaints were resolved.

## **7. AANDC Highlights in 2010-2011**

AANDC supports and emphasizes a culture of openness through the efficient processing of access requests. AANDC is actively committed to transparency through compliance with the ATIA and its corporate policies and procedures on the subject. Over the 2010-2011 fiscal year, AANDC made progress in working towards a solution-oriented culture that relies on efficient processing of access requests, and building education and awareness on access to information throughout the Department. Highlights of the year include:

### **7.1 Education and Training**

Educating staff on the ATIA, its implications on the Department and its functions are of paramount importance to AANDC.

It has become clear in recent years that the ability to access government records is of great interest and concern to the public. Openness, accountability and speed of service, with regard to requestors' right of access to government records, are some of the key areas of focus in AANDC's educational training on the ATIA.

Furthermore, with a solid understanding of the ATIA, staff are better able to handle requests for records and respond with confidence and efficiency. Therefore, AANDC has made it a priority to train staff on understanding and implementing the TBS policies and procedures related to the ATIA.

Altogether AANDC has run 19 ATIP training sessions in the 2010-2011 fiscal year. Nine of the ATIP sessions were conducted in English and 10 sessions were conducted in French. Each session averaged approximately three hours in length. During the reporting period, the ATIP Directorate trained more than 275 staff on ATIP protocols.

Ultimately, staff training will continue to improve AANDC's capacity to meet their legislative obligations including the "duty to assist" requestors, as per the *Federal Accountability Act* (FAA).

### **7.2 Backlog Resolution**

This year, the ATIP Directorate faced significant challenges brought about by the accumulation of late ATIP requests carried forward from previous years. This backlog of requests arose primarily from extensive capacity issues and staff turnaround within the Directorate. As a result, in November 2010 the backlog had grown to 115 late requests.

Recognizing this issue, the ATIP Directorate undertook a comprehensive backlog resolution strategy in order to eliminate the backlog and continue promoting timely access to AANDC

records. The strategy details the progress of each backlog file and projects target dates for their release. Since regular monitoring of the backlog first began in November 2010, its size has been reduced from 115 to 63 requests. This represents a numeric decline of 52 requests, or a percentage reduction of 45.22%. It is anticipated that the backlog will be fully eliminated by Q3 of the 2011-2012 reporting period.

## **8. Changes to the Organization, Policies, Guidelines and Procedures**

AANDC implemented the following novel procedures during the reporting period:

### ***8.1 Proactive Disclosure of Completed Access to Information Requests***

By proactively disclosing government information on departmental websites, Canadians and Parliament are better able to hold the Government and public sector officials to account. To this end, TBS has proposed that institutions post a monthly list of summaries, in both official languages, of completed access to information requests. AANDC launched its Proactive Disclosure page on Completed Access to Information Requests (<http://www.aic-inac.gc.ca/prodis/atip/rqs-eng.asp>) at the end of December 2010. The webpage lists all completed requests dating back to April 2010. The posting of completed access to information requests also allows the ATIP Directorate to treat some incoming access requests informally by simply reproducing a previous release package.

### ***8.2 Management and Use of Electronic Mail (Email)***

AANDC implemented sound Information Management (IM) practices for the management of e-mail records. This includes avoiding duplication of email correspondence in subject files, ensuring that emails are relevant to the subject matter, identifying records of business activities, creating folders to contain similar e-mail messages, deleting e-mail messages which are no longer required in a timely fashion and filing or archiving messages in the appropriate tracking systems. AANDC's proactive support to this initiative has ensured a decrease in the volume of pages of Access to Information requests and has improved AANDC's information management practices as a whole.
