COMMUNITY ANNIVERSARIES AND THE CANADIAN ENVIRONMENTAL ASSESSMENT ACT

Consistent with its commitment to sustainable development through all of its policies and programs, the Department of Canadian Heritage requires that applications to *Building Communities Through Arts and Heritage* be subject to the rules and regulations of the *Canadian Environmental Assessment Act*.

1. Your application to the *Community Anniversaries* component must include a completed *Building Communities Through Arts and Heritage Environmental Assessment Exclusion Questionnaire*.

2. The information requested in the *Exclusion Questionnaire* is used to determine whether a project will require an environmental assessment under the *Canadian Environmental Assessment Act*. Some examples of situations that may require an environmental assessment are:

- the construction of an exterior, temporary exhibition structure
- the presentation of activities in a national park, national park reserve, national historic site, or on a First Nations Reserve
- the presentation of activities located within 30 meters of a body of water

If an environmental assessment is required for your project, your group will have to communicate with an officer of Public Works and Government Services Canada (PWGSC) to complete the process and to confirm your eligibility for funding from the *Building Communities Through Arts and Heritage* program. The environmental assessment will determine the nature and extent of any adverse environmental consequences that could result from the project, and the mitigation measures that may be necessary to complete the project as planned.

HOW ARE APPLICATIONS EVALUATED?

The Department of Canadian Heritage will assess your application based on the following three categories:

1. Community involvement

2. Impact on local arts and heritage in the community
3. Management capacity including a reasonable project budget

Some of the specific factors to be considered include:

- the number of volunteers involved in your event/project
- the contribution of volunteers and other members of your community to the planning, implementation, and evaluation of your event/project
- the number of community partners involved in your event or project (e.g., community associations, historical societies, service clubs, local businesses, individuals)
- the level of cash and/or in-kind support from your community partners
- the significance to your community of the local historical event or local historical personality being commemorated
- how your activities/capital project(s) will increase community exposure to local historical heritage
- the number of local artists, artisans, and performers of local historical heritage involved in your event/project
- the reasonableness of your budget and your ability to manage the event/project
- the degree to which the objective of the *Building Communities Through Arts and Heritage* program was met by previously funded projects

Included in the assessment process may be an examination of your website, media coverage of your event and/or project, your group and its activities, and other public documents.

The assessment of applications is a competitive process and the *Community Anniversaries* component has limited resources. Funding decisions are based on the number and quality of requests received for each deadline, the value of the eligible expenses identified in your project, and the amount of funding available in each province and territory. While your group and event/project may be eligible, you are not guaranteed funding from the Program. If your application is successful, the funding may not correspond to the amount requested.

HOW ARE EVENTS OR PROJECTS FUNDED?

The maximum funding for any one event/project from the *Community Anniversaries* component is \$200,000.

Funding amounts of more than \$50,000 are disbursed through a contribution agreement. For funding amounts up to \$50,000, the Department of Canadian Heritage will determine if the funding will be disbursed as a grant or as a contribution.

Some eligible expenses under the *Community Anniversaries* component may receive funding from other government sources (federal, provincial/territorial, municipal administrations). The combination

of financial assistance received from the *Community Anniversaries* component and other government sources cannot exceed 100 percent of the total eligible expenses of these activities.

APPLICATION PROCESSING TIME

The Department of Canadian Heritage will send you a letter of acknowledgment within two weeks of receipt of your application.

The goal is to issue official written notification of the funding decision within 26 weeks of the Program's application deadline dates. Processing time will vary depending on the overall demand for funding, as well as the nature and complexity of each proposal. All applicants will be notified in writing about the results of their application.

IF YOU RECEIVE FUNDING

If your application is approved for a grant, your initial payment will be processed within 28 days of the Department's receipt of the signed Liability Waiver, by which you indemnify the crown and all its employees from the results of the undertakings of your group.

If your application is approved for a contribution, your initial payment will be processed within 28 days of the Department's receipt of the signed contribution agreement and a request for payment. Please note that in the case of a contribution, a liability waiver is included in the contribution agreement.

The historical accuracy and content of the project are solely the responsibility of the recipient.

Recipients are strongly encouraged to obtain insurance to cover their own and their volunteers' activities within the context of the event/project.

Recipients may be required to provide a revised budget and a monthly cash flow for the duration of the event/project.

Funding for projects that are assessed by the Department to require an environmental assessment consistent with the *Canadian Environmental Assessment Act*, will be conditional on receipt and acceptance of the assessment report and where necessary, notice that steps to mitigate damage to the environment have been completed.

All recipients must acknowledge funding from the Department of Canadian Heritage in promotional materials in a manner consistent with the guidelines found at the following address: www.pch.gc.ca/pc-ch/peaf-pafa/index-eng.cfm. Consult your Regional Office of the Department of Canadian Heritage for advice.

If your application is approved for a capital project, you are required to publicly acknowledge the commemoration of the historical event or personality. For example, a plaque attached to a mural

created by the community could read, "This mural (title) was created by the community of (name) in 2010 to commemorate the 100th anniversary of the arrival of the railway line in 1910." Or, in the case of the publication of a local history, the dedication might include, "This local history was created by the citizens of Our Town to commemorate the 200th anniversary of its founding in 1810."

The Department will, at its discretion, provide a plaque acknowledging the Government of Canada's financial assistance to capital projects, for placement on, or within a reasonable distance of the project. Plaques will be prepared and shipped at the Department's expense.

All recipients are required to submit a final report to the Department of Canadian Heritage. The report template is available on the Department website www.pch.gc.ca/communities

Recipients of a contribution must submit a final financial report, as described in the contribution agreement. Recipients of contributions of \$200,000 are required to submit audited financial statements of their project.

GLOSSARY

Canadian Environmental Assessment Act:

An act that ensures that the environmental effects of projects are carefully reviewed before federal authorities take action in connection with them so that projects do not cause significant adverse environmental effects.

Cash flow: A presentation of all anticipated revenue and planned expenses that will occur over the length of your project. At the beginning of your project, your cash flow presentation will forecast revenue and expenses to help you manage your funds. Over time your cash flow presentation will need to be updated to reflect the actual revenue and expenses.

Commemoration: Non-recurring local events or activities that pay tribute to an historical event or historical personality of significance for the community.

Community: The persons residing in and sharing a common geographic area that is smaller than a province or territory (Quebec only, smaller than an administrative area).

Community engagement: The participation of the members of a community in activities such as festivals, events or projects. This participation can take various forms including donations of time, money, goods, services, etc.

Competition: A contest in which participants are evaluated or judged. The Program will not fund any activities that rank or grade participants, give prizes or ribbons (e.g.,

music/dance competitions, dog-sled racing, and agricultural competitions).

Contingency: A budgeted amount equal to 10 percent of the total planned expenses for the capital component, that may or may not be required, and that is intended to cover unforeseen expenses, variances, cost overruns, etc.

Grant: A payment issued by the Department of Canadian Heritage to an organization or group for a specific purpose. An organization or group that receives a grant is not required to submit revenue and expense reports, but must submit a final report to the Department upon project completion.

In-kind support: Donated goods or services (by a third party or by the applicant) without expectation of compensation or remuneration. In-kind support is considered to be a real contribution to the total planned expenses, but is not reimbursable by the *Building Communities Through Arts and Heritage* program. Donated goods or services may be eligible if they:

- are essential to the success of the event or capital project, are eligible under the program guidelines, and would otherwise be purchased by the recipient
- can be assessed at fair market value (i.e., in relation to the purchase of similar materials and services)
- are recorded in the budget at fair market value such that total in-kind expenses equal total in-kind revenue

Local: Pertaining to a geographic area that is smaller than a province or territory (Quebec only, smaller than an administrative area), with a population characterized by a common culture, economic activity, or historical heritage, etc.; and by extension:

- **Local artist or artisan:** an artist or artisan born in, residing in, or having a significant connection to the locality identified by the applicant.

Unincorporated non-profit group: A group of at least three individuals who come together to conceive and carry out planned activities, operate on a cost recovery basis, and do not in any manner, distribute any income in excess of expenses to their members.
