Health Canada's Pest Management Regulatory Agency (PMRA) reviews the continued acceptability of older active ingredients and their associated end-use products under the current re-evaluation program.

As a result of re-evaluation activities, the revocation of 216 MRLs for 9 active ingredients was proposed in the consultation document published on 17 December 2009, *Proposed Maximum Residue Limit PMRL2009-08, Proposed Revocation of Maximum Residue Limits for Discontinued Agricultural Pest Control Products*. The PMRA received no comments in response to this consultation.

To comply with Canada's international trade obligations, consultation on the MRL revocation was also conducted internationally by notifying the World Trade Organization, as coordinated by the Standards Council of Canada. No comments were received as a result of the World Trade Organization consultation.

The following MRLs are no longer in legal effect in Canada, as of the publication date of this document, and have been removed from the current listing of established Canadian MRLs which can be found on the Maximum Residue Limits for Pesticides webpage in the Pesticides and Pest Management section of Health Canada's website.

Revocation of Previously Established Pesticide Maximum Residue Limits

| Common Name | Food Commodity | Revoked Canadian MRL (ppm) |
|--------------------|-----------------------|-----------------------------------|
| Anilazine | Strawberries | 20 |
| | Blueberries | 10 |
| | Celery | 10 |
| | Cranberries | 10 |
| | Currants | 10 |
| | Garlic | 10 |
| | Gooseberries | 10 |
| | Leeks | 10 |
| | Onions | 10 |
| | Shallots | 10 |
| | Tomatoes | 10 |
| | Blackberries | 5 |
| | Cucumbers | 5 |
| | Dewberries | 5 |
| | Loganberries | 5 |

| Common Name | Food Commodity | Revoked Canadian MRL (ppm) |
|-------------|--------------------------------|----------------------------|
| | Melons | 5 |
| | Pumpkins | 5 |
| | Raspberries | 5 |
| | Squash | 5 |
| | Potatoes | 1 |
| Ethion | Fat of cattle | 2.5 [*] |
| | Meat byproducts of cattle | 2.5 [*] |
