Professional and Special Services

The following statement presents the total amount spent in 2001-2002 for each main classification of professional and special services. This information is displayed by program under each ministry.

This statement also provides, for each main classification of services, a detailed listing, where applicable, of the payments (i.e. cash payments and accrued charges) aggregating to \$ 100,000 or over to one individual or organization. This detail includes the name and location of the payee, together with the total amount paid. In cases where certain organizations have more than one place of business, their Head Office location was used for reporting purposes. Amounts reported include both internal and external expenditures. Whereas external expenditures result from transactions between the Government and outside parties, internal expenditures result from transactions involving organizations that are part of the Government of Canada as a reporting entity.

Section 5 of Volume II (Part II) of the 2001-2002 Public Accounts of Canada presents the total amount spent for each main classification of professional and special services, allocated by department and agency under each ministry.

Services professionnels et spéciaux

L'état suivant présente le montant total dépensé en 2001-2002 pour chaque catégorie principale de services professionnels et spéciaux. Ces renseignements sont présentés par programme sous chaque portefeuille ministériel.

Cet état fournit également, pour chaque catégorie de services, une liste détaillée, s'il y a lieu, de tous les versements (c.-à-d. les paiements en espèces et les charges à payer) à un particulier ou à une organisation totalisant 100 000 \$ ou plus. Ce détail comprend le nom et le lieu du bénéficiaire, ainsi que le montant total versé. Pour les organisations ayant plus d'une place d'affaires, la ville de leur siège social a été utilisée pour fins de compte rendu. Les montants présentés comprennent les dépenses découlant d'opérations internes et externes. Les dépenses découlant d'opérations externes impliquent le gouvernement et les tiers, tandis que les dépenses découlant d'opérations internes impliquent des organisations faisant partie du périmètre comptable du gouvernement du Canada.

La section 5 du volume II (partie II) des Comptes publics du Canada de 2001-2002 présente le montant total dépensé pour chaque catégorie principale de services professionnels et spéciaux, réparti par ministère et organisme sous chaque portefeuille ministériel.
