Buildings Publications

Spring 2008

These free publications from Natural Resources Canada's Office of Energy Efficiency (OEE) can help you increase energy efficiency in your commercial, institutional or government buildings while reducing greenhouse gas emissions and helping create a healthier environment. We encourage you to download the electronic versions (buildings.nrcan.gc.ca/publications), but you can also order paper copies of selected publications (oee.nrcan.gc.ca/publications) by entering the publication's catalogue number in the "Quick Search" box or by faxing a completed form found at the end of this document. Titles listed below may differ from other listings.

Please note: Some publications may refer to programs and initiatives that are no longer available. For current information on the ecoENERGY Efficiency Initiative, please visit the ecoACTION Web site (ecoaction.gc.ca) or contact us (oee.nrcan.gc.ca/buildings/contact).

Heads Up Energy Efficiency Newsletter

This online newsletter helps keep you informed about energy efficiency in buildings. Current and archived versions are available on-line (oee.nrcan.gc.ca/headsup). Subscribe on-line (oee.nrcan.gc.ca/headsup/subscribe) or fill in the order form below.

Federal Buildings Initiative (FBI) Update

Keep updated on the FBI program. Current and archived versions are available on-line (oee.nrcan.gc.ca/fbi/update). Subscribe on-line (oee.nrcan.gc.ca/fbi/contact-us.cfm) or fill in the order form below.

CADDET International Publications

This former association distributed publications on renewable energy and energy-saving technologies from Canada and other countries (oee.nrcan.gc.ca/buildings/caddet).

Dollars to \$ense Workshop Manuals

The OEE offers these workshops across the country, and as part of the fee, participants receive copies of relevant technical manuals and other documents (oee.nrcan.gc.ca/workshops).

Energy-Efficient Equipment

The OEE offers technical information about off-the-shelf equipment for commercial and institutional use (oee.nrcan.gc.ca/commercial/equipment).

Energy Management Series

Written in the 1980s, these OEE technical manuals cover a number of topics. The password for accessing these documents is "action" (oee.nrcan.gc.ca/commercial/password/buildings-industry.cfm).

National Research Council Publications

The Institute for Research in Construction offers free publications and sells documents such as the *Model National Energy Code for Buildings* (irc.nrc.gc.ca/pubs/index_e.html).

Renewable Energy Publications

Publications from the ecoENERGY Renewable Initiative are available from the Canadian Renewable Energy Network (canren.gc.ca/prod_serv/index.asp).

OEE Publications

This virtual library offers thousands of searchable publications – most available in HTML, PDF and paper formats (oee.nrcan.gc.ca/publications).
