# Memorandum D15-2-65

## Certain Liquid Dielectric Transformers Originating in or Exported From the Republic of Korea

### In Brief

1. The proceedings and findings section has been updated to reflect a referral back to the CBSA by the Federal Court of Appeal and a New Final Determination issued by the CBSA.
2. The anti-dumping duty rate for which the exporter has not been issued specific normal values has been revised to 101% as a result of the New Final Determination.

This memorandum refers to the application of anti-dumping duty in accordance with section 3 of the [\*Special Import Measures Act\*](#) (SIMA) to importations of certain liquid dielectric transformers originating in or exported from the Republic of Korea, as a result of a finding of injury by the Canadian International Trade Tribunal (Tribunal).

### Guidelines and General Information

1. The subject goods are defined as:  
“Liquid dielectric transformers having a top power handling capacity equal to or exceeding 60,000 kilovolt amperes (60 megavolt amperes), whether assembled or unassembled, complete or incomplete, originating in or exported from the Republic of Korea.”
2. The subject goods are used to increase, maintain or decrease electric voltage in high voltage transmission and distribution systems. Incomplete power transformers are subassemblies consisting of the active part and any other parts attached to, imported with or invoiced with the active part of the power transformer. The active part of the power transformer consists of one or more of the following when attached to or otherwise assembled with one another: the steel core or shell, the windings, electrical insulation between the windings and/or the mechanical frame for a power transformer.
3. The product definition encompasses all power transformers regardless of name designation, including but not limited to: step-up transformers, step-down transformers, auto-transformers, interconnection transformers, voltage regulator transformers, high voltage direct current transformers and rectifier transformers.
4. The dates of the proceedings and findings concerning this case are as follows:

Action	Date
Initiation of Investigation	April 23, 2012
Preliminary Determination	July 23, 2012
Final Determination	October 22, 2012
Tribunal's Finding	November 20, 2012
Federal Court of Appeal Decision – Referral Back to CBSA	December 6, 2013
New Final Determination	March 6, 2014

5. The subject goods are typically classified under the following ten digit Harmonized System (HS) classification number 8504.23.00.00.
6. Unassembled or incomplete subject goods may also be imported under the following ten digit HS classification numbers:

8504.90.90.10  
 8504.90.90.82  
 8504.90.90.90

**Note:** This listing of HS numbers is for convenience of reference only. Refer to the product definition for authoritative details regarding the subject goods.

7. The liability for anti-dumping duty results from the proceedings conducted under [SIMA](#) and from the finding of the Tribunal. Information regarding the normal value of the subject goods in question and the amount of anti-dumping duty payable should be obtained from the exporter. Related information may be made available to importers on a need-to-know basis in accordance with the provisions of [Memorandum D14-1-2, \*Disclosure of Normal Values, Export Prices, and Amounts of Subsidy Established Under the Special Import Measures Act to Importers\*](#).
8. For importations of the subject goods originating in or exported from the Republic of Korea, for which the exporter has not been issued specific normal values, the anti-dumping duty is 101% taken as a percent of the export price, as determined under section 24, 25 or 29 of [SIMA](#).

### Additional Information

9. For more information, within Canada call the Border Information Service at **1-800-461-9999**. From outside Canada call 204-983-3500 or 506-636-5064. Long distance charges will apply. Agents are available Monday to Friday (08:00 – 16:00 local time / except holidays). TTY is also available within Canada: **1-866-335-3237**.
