APRIL, 1947

Canadian scheduled air carriers reported revenues for April of $1,865,698 as compared with $1,509,309 in 1946. This increase of $356,389 or 24 per cent was offset by an increase in operating expenses of $603,031 or from $1,471,625 to $2,074,656. Consequently the net operating revenue declined from $37,684 to a debit of $208,958. Mail revenue decreased from $439,225 to $383,386, but all other classes of revenue showed increases.

Aircraft operation and maintenance expenses increased by 29 per cent for an increase of 24 per cent in aircraft hours flown and 22 per cent in revenue transportation miles flown. Ground operation and maintenance increased by 47 per cent and traffic (advertising and solicitation) expenses increased by 153 per cent.

Revenues of non-scheduled carriers increased from $62,033 in April last year to $242,256, expenses increased from $82,725 to $261,013, and the operating loss declined from $20,692 to $18,757.

The number of passengers carried by Canadian scheduled carriers on scheduled flights increased from 33,641 to 45,886, and on chartered flights the number declined from 1,012 to 940. Revenue passenger miles for Canadian scheduled carriers increased from 14,273,280 to 17,673,249 or by 24 per cent, but the ratio of revenue passenger miles to available seat miles (for routes for which available seat miles were computed) declined from 81.6 per cent to 57.5 per cent. The international traffic showed similar reductions, Canadian carriers showing a reduction from 76.3 to 56.6 per cent and foreign carriers a reduction from 61.6 to 36.6 per cent, making the ratios for total international traffic 70.8 per cent in 1946 and 49.5 per cent in 1947. This was caused by increased flights and larger aircraft without correponding increases in traffic. The average number of passengers per aircraft on all scheduled flights of Canadian carriers increased from 9.8 to 10.2, but for foreign carriers the average declined from 12.2 to 9.4 passengers. Despite these adverse factors the number of passengers on international flights increased from 22,558 to 27,650 or by 22.5 per cent.

The number of employees of all Canadian air carriers and the Canadian employees of United States carriers increased from 5,052 to 5,542 or by 9.8 per cent, and the pay roll increased from $930,833 to $1,116,530 or by 20 per cent.
