INTRODUCTION

Air Carrier Operations in Canada is one of a series of five publications containing statistics on the activities and finances of Canadian commercial airline operations. The series comprises the following publications:

Air Carrier Financial Statements
Annually. Catalogue No. 51-206;

Air Carrier Operations in Canada
(Commercial Operators). Quarterly. Catalogue No. 51-002;

International Air Charter Statistics
Quarterly. Catalogue No. 51-003;

Service Bulletin
Monthly and Quarterly. Catalogue No. 51-004; and,

Transcontinental and Regional Air Carrier Operations
Monthly. Catalogue No. 51-001.

The data for the series is collected by the Aviation Statistics Centre under the direction and authority of the Canadian Transport Commission. Statistics are compiled from edited reports submitted monthly and quarterly by Canadian air carriers.

Air Carrier Operations in Canada summarizes the activities of Canada's seven major airlines — Air Canada, CP Air, Pacific Western Airlines, Transair, Nordair, Quebecair, and Eastern Provincial Airways — which account for approximately 85 percent of revenues and expenses reported by all Canadian carriers. This publication also contains data on some 115 Group III and IV carriers grossing more than $150,000 in revenues each year, as well as on the more than 300 commercial operators in Group V with gross annual revenues of less than $150,000.

In presenting tabular data in the publications, the following symbols denote:

.. figures not available; and,
— nil or zero.

Moreover, in instances in which an air carrier flies both "scheduled" and "irregular and specific point" unit toll services along a particular route, totals appearing in the tables are allocated to that category of service predominating over the entire route.

INTRODUCTION

Le bulletin Opérations des transporteurs au Canada est l'un des cinq bulletins statistiques qui traitent des activités et des finances des exploitants de lignes aériennes commerciales au Canada. La série comprend les numéros suivants:

Transporteurs aériens — États financiers
Annuel. N° 51-206 au catalogue.

Opérations des transporteurs aériens au Canada
(Exploitants commerciaux). Trimestriel. N° 51-002 au catalogue.

Statistique des affrètements aériens internationaux
Trimestriel. N° 51-003 au catalogue.

Bulletin de service
Mensuel et trimestriel. N° 51-004 au catalogue.

Opérations des transporteurs aériens transcontinentaux et régionaux
Mensuel. N° 51-001 au catalogue.

Les données de la série sont recueillies par le Centre des statistiques de l'aviation sous la directions et avec l'autorisation de la Commission canadienne des transports. Les statistiques sont établies à partir des déclarations remises chaque mois et chaque trimestre par les transporteurs aériens canadiens.

Le bulletin opérations des transporteurs aériens au Canada donne un aperçu des activités des sept plus importantes compagnies aériennes du Canada — Air Canada, CP Air, Eastern Provincial Airways, Nordair, Pacific Western Airlines, Transair, et Quebecair — qui représentent approximativement 85% des recettes et dépenses déclarées par tous les transporteurs canadiens. La publication contient aussi les statistiques d'environ 115 transporteurs des groupes III et IV dont les recettes annuelles brutes sont supérieures à $150,000 ainsi que le sommaire des opérations de plus de 300 transporteurs commerciaux du groupe V dont les recettes annuelles brutes sont inférieures à $150,000.

On fait appel aux signes conventionnels suivants pour présenter les chiffres des tableaux:

.. chiffres non disponibles; et,
— néant ou zéro.

En outre, dans les cas où un transporteur aérien offre des services de transport à tarif unitaire comprenant des services "à horaire fixe" et des services "irréguliers entre points déterminés" pour un itinéraire particulier, les chiffres totaux des tableaux sont attribués à la catégorie de

When making historical data comparisons by financial group, it is also noteworthy that prior to 1970 Nordair was included in Financial Level III, and that the statement of income submitted by Eastern Provincial Airways was revised in February, 1970, to exclude subsidies claimed under the National Transportation Act from its "operating revenues" total.

With reference to Group V, data on flight training and recreational flying hours performed under authority of a Class 6 Flying Clubs licence have been included. However, specialty flying revenues are not reported by type of activity.

Figures shown for the numbers of both miles and hours flown by foreign scheduled airlines in Table 1 pertain only to those flown over Canadian territory.

In general, year-to-date totals are updated to include revised data reported by air carriers.

service qui prédomine sur le parcours en question. Si l'on compare les données chronologiques suivant les groupes financiers, il convient de noter qu'avant 1970 Nordair a été compris dans le groupe financier III, et que l'état des recettes produit par Eastern Provincial Airways a été révisé en février 1970 afin d'éliminer du montant total des "recettes d'exploitation" les subventions réclamées aux termes de la Loi nationale sur les transports.

En ce qui concerne les transporteurs du groupe V, il faut noter que les statistiques sur les heures pour "l'entrainement au vol" et le "vol récréatif" comprennent les heures de vol effectuées par les aéro-clubs sous l'autorité d'une license de la classe 6. Cependant, les recettes de vols spécialisés ne sont pas déclarées par genre d'activité.

Il est à noter que le nombre de milles parcourus et le nombre d'heures de vol des compagnies étrangères qui apparaissent au tableau 1 ne se rapportent qu'aux activités effectuées en territoire canadien.

En général, les totaux depuis le début de l'année sont revisés dans le but d'inclure les revisions déclarées par les transporteurs aériens.
