Dept. of Public Health and Welfare,

May 19th, 1936.

Dr. H. M. Mosdell,

Secretary for Public Health and Welfare,

Sir,

Herewith, for submission to the Honourable Commissioner for Public Health and Welfare, an Interim Report on the Census of 1935.

This Census was taken under the Census Act, No. 23, Section 1 of which provides that "the Commissioner for Public Health and Welfare shall divide the Colony into as many divisions as he may think proper, and may appoint persons to take, within the said Divisions, the Census and other statistical information required by the Act."

Preparation for the work of the Census was commenced early in 1935, when forms were obtained from the United Kingdom and the Dominion of Canada, showing the information called for under the Census taken in those countries. From these forms were selected those items which would be of value in respect to this Colony.

The Forms were then typed and copies of same were submitted to the Commissioners in charge of the various Government Departments for their approval. The total items calling for particulars in the Forms being 211, in 1921 they numbered 311. Other necessary Forms were drawn up and the Book of Instructions to Enumerators was prepared.

The Colony was divided into 20 Districts, and the boundaries of the Districts, with the exception of the Districts of St. George and Humber, were the same as in 1921. These Districts were divided into 184 Sections; in 1921 there were 19 Districts and 192 Sections.

A total of 260 Enumerators were appointed; in 1921 the number was 252.

Forms and Instructions were mailed the Enumerators on the 15th July, 1935 and the month of August was selected for the enumeration. In 1921 the enumeration was spread over a period of six months, from July to December. With the exception of a few sections, enumeration was completed by the end of August. Enumerators' Returns were then sent the Revising Magistrates. The Revising Magistrates completed their work the latter part of November, the revised Returns then being forwarded this Office.

The Compilers, five being appointed in December, 1935, immediately began the work of checking over the Returns. The figures furnished herewith are as accurate as checking can make them, and any alterations made will not appreciably affect the Returns here given.

1. Total Population

From the Census Sheets of 1935 the population is as follows, namely:—

Newfoundland	284,800
Labrador	4,716
	<hr/> 289,516 <hr/>

**Table 1. Total Population Newfoundland and Labrador.
Census Years 1857 to 1935**

Year	Newfoundland	Labrador	Total
1857	122,638	1,650	124,288
1869	144,386	2,150	146,536
1874	158,958	2,416	161,374
1884	193,124	4,211	197,335
1891	197,934	4,106	202,040
1901	217,037	3,947	220,984
1911	238,670	3,949	242,619
1921	259,259	3,774	263,033
1935	284,800	4,716	289,516

Table 2. Percentage Increase Per Annum Dating From 1857

Period	Percentage Increase per annum	Percentage Increase Census Periods
1857-1869	1.49	14.90
1869-1874	2.02	20.20
1874-1884	2.23	22.30
1884-1891	.34	3.40
1891-1901	.93	9.37
1901-1911	.99	9.95
1911-1921	.84	8.41
1921-1935	.71	10.10

The numerical increase of the population over that of 1921 is 26,483 or 10%.

Vital Statistics records show a total of 94,009 births, and 51,865 deaths in Newfoundland and Labrador for the period from 1922 to 31st July, 1935, inclusive.

The excess of 42,144 would be the natural growth of the population which by these figures, should now total 305,177, being an

increase of 16 per cent for the fourteen years. From the records of Emigration and Immigration during the same period of years it is found that the loss to the population of the Colony is 8,796, or 3.4 per cent of the 1921 population. This is .3 per cent less than that of the ten years 1911-1921.

Subtracting this loss from the population with the natural increase added, we find that, according to the records of Vital Statistics and Migration, the present population should be 296,381.

By the present Census Returns, it is found that the population is 289,516, thus showing a difference of 6,865 between the two methods of computation.

To recapitulate:

The population in 1921 was		263,033
Add natural growth, say 16%	42,144	
Less loss through emigration, say 3.4%	8,796	
	<hr/>	
Balance added to Population, say 12.6%	33,348	33,348
		<hr/>
		296,381
Less difference between Census Returns and returns of Vital Statistics and Emigration		6,865
		<hr/>
Present Population as per Census Returns 1935		289,516
		<hr/>

Adjustments have been made to show the population as at 1st August, 1935.

The natural growth for the period from 1922 to 31st July, 1935 inclusive, was 16 per cent and for the ten years 1911-1921 12.9 per cent; for 1901-1911, 13.5 per cent. The loss by emigration is 3.3 per cent; for 1911-1921 the loss was 3.7 per cent which was an increase of .2 per cent for the ten years between 1901-1911.

2. Population by Districts

Table 3. District Populations 1857-1911

District		1874	1884	1891	1901	1911
St. Barbe	6,500	6,690	8,134	10,481

Labrador.....	3,774	4,716	942	24.9
	263,033	289,516	26,483	10.0

Minus (-) Sign denotes a decrease.

In Table 4 we have the population shown for the twenty-five districts, including Labrador, instead of 19 as in former Census Years. These Districts were set up under the Act, Chapter 7, 1932.

The largest numerical increase is to be found in the District of Humber, where there is an increase of 10,421 or 219.6 per cent. This is due to the establishment there of the town of Corner Brook with its paper-making industry.

Other Districts showing increases are, Grand Falls 55.8 per cent; White Bay 33.3; Labrador 24.9; St. John's West 21.7; St. Barbe 18.2; St. George's-Port au Port 10.5; Harbour Main-Bell Island 10.3; Fortune Bay and Hermitage 7.5; Burgeo and LaPòile 7.5; St. John's East 7.4; Fogo 4.0; Trinity South 3.7; Burin 3.6; Twillingate 2; Trinity North .5. The increase for Newfoundland is 9.7 per cent; Labrador 24.9.

Nine Districts show a decrease in population, namely: Carbonear-Bay de Verde 12.4; Port de Grave 12.4; Ferryland 9.3; Harbour Grace 7.7; Bonavista South 3.3; Bonavista North 2.6; Green Bay 1.7; Placentia West 1.0; Placentia and St. Mary's .8.

The natural growth of the various Districts is not shown here, because Vital Statistics records are made up of the nineteen Districts instead of twenty-five.

3. Population St. John's City

Table 5. Population and Religions, St. John's City

	Population	Roman Catholic	Church of England	United Church	Salvation Army	Pentecostal	Presbyterian	Congregational	Others
St. John's East.....	17,916	8,550	4,589	3,583	248	53	464	142	287
St. John's West.....	21,970	10,400	4,833	5,303	552	173	378	99	232
Total..... 1935	39,886	18,950	9,422	8,886	800	226	842	241	519
1921	36,444	17,746	8,374	7,623	980	1,047	348	326
1911	32,292	15,953	7,376	6,554	753	1,069	391	196

Table 6. Increase per cent East and West, St. John's City, 1921 and 1935

	1921		1935	
	Population	Per cent Increase	Population	Per cent Increase
St. John's East	16,479	9.3	17,916	8.7
St. John's West.... ..	19,965	16.0	21,970	10.0

The increase per cent for the District of St. John's West is 21.7, and the increase per cent of the West portion of the City is 10.0; this shows an increase of 1.7 in the Outports, which, combined with the City, forms the District.

In the District of St. John's East the increase per cent is 7.4, but in the East portion of the City the increase per cent is 8.7, which shows a slightly greater increase than the Outports which form the part of that District.

4. Religion

Table 7. Religions: Per cent of Total Population

	1921		1935	
	Number	Percent of Population	Number	Percent of Population
Roman Catholic	86,576	32.9	94,008	32.5

Pentecostal	3,721
Presbyterian	838	974	1,168	1,495	1,449	1,497	1,876	1,876	1,460
Congregationalists	347 (1)	338	461	768	782	954	1,013	1,018	924
Other Sects	1,694	10	165	1,414	1,434	1,551	1,754	1,670	2,662

(1) Includes 1,650 residents of Labrador, no religion given for same.

(2) Includes 637 persons of the Reformed Episcopal Church.

(3) Includes 487 persons of the Reformed Episcopal Church.

During the past twenty-four years, or from 1911, the Roman Catholics have increased by 12,831 or 15.8 per cent; the Church of England by 13,902 or 17.7 per cent; the United Church by 8,102 or 11.9 per cent; the Presbyterians have decreased by 416 or 22 per cent; the Congregationalists have decreased by 89 or 8.8 per cent; the Salvation Army have increased by 7,908 or 78 per cent; and the Other Sects have increased by 908, or 51.8 per cent.

Previous Censuses did not show any adherents for the Pentecostal Assemblies, but the present Census returns give 3,721 persons as being members of that Denomination.

Table 9. Numerical and Percent Increase Religious Denominations 1921-1935

6. The Sexes

Table 13. Sex Distribution of Population

	1911	1921	1935
Total Population Newfoundland and Labrador.....	242,619	263,033	289,516
Males.....	124,638	134,085	148,702
Females.....	117,981	128,948	140,814
Females per 1,000 Males	947	962	947

The gain to the Sexes in the Colony by natural increase has been as follows:—

Period from 1922 to 31st July, 1935, inclusive;

Male Births 48,255; Deaths 26,923 Gain to Males 21,332
 Female Births 45,754; Deaths 24,942 Gain to Females 20,812

The loss to the sexes by emigration has been as follows:—

Males who have left the country 102,158; less those who returned 96,333;
 loss to males 5,825.

Females who have left the country 61,866; less those who returned 58,895;
 loss to females 2,971.

That is by emigration and immigration there is a greater loss to the male sex than to the female sex by 2,854 persons.

This system of computation gives a larger number of both males and females in the Colony to-day than the figures shown by the actual returns of the Census. The difference being 940 males and 5,925 females.

In Labrador, out of the population of 4,716, shown by the Census figures, there are 2,522 males and 2,194 females; that is, there are only 870 females to every 1,000 males; in 1921 out of a population of 3,774 there were 2,025 males and 1,749 females, giving 864 females to every 1,000 males and in 1911 out of a population of 3,949 there were 2,054 males and 1,895 females giving 923 females to every 1,000 males.

7. Conjugal Condition of the Population

Table 14. Number Single, Married and Widowed and Per Cent of Total Population 1911, 1921 and 1935

				Per cent of Total Population		
Year	Single	Married	Widowed	Single	Married	Widowed
1911	145,426	85,690	11,503	60.0	35.3	4.7
1921	156,041	94,428	12,564	59.3	35.9	4.9
1935	173,267	102,215	14,034	59.8	35.3	4.9

8. Birthplace

From the Census Returns we find that out of a total population of 289,516, in 1935, 281,664 persons were born in Newfoundland; 3,743 in Labrador, 1,044 in the British Isles; 1,447 in the various British Possessions; 17 were born At Sea and 1,601 in Foreign Countries.

(1) Labrador included.

9. Nationality

Out of the total population of 289,516 we find there are 288,863 persons either born or naturalized British subjects in the Colony and only 653 persons of other nationality.

Table 16 which follows gives the total British and those of other countries.

Table 16. Nationality

10. School Attendance

From a rough check up of the Census Returns, we find that out of a total of 60,122 persons from 6 to 14 years, inclusive, the number not attending school is 14,320.

Table 17. School Attendance by Districts School Year 1934-35

11. Radios

Among the new items added to the Census questions in 1935, was a query regarding Radios. From the replies given to this query, we find that in August 1935, there were 7,240 radios owned in Newfoundland.

Table 18 herewith gives the total number of Radios owned, by Districts.
