THE MISCELLANEOUS FOODS INDUSTRY IN CANADA, 1946

A report is herewith presented on the miscellaneous foods industry in Canada for the year 1946. There were 286 establishments reporting, located by provinces as follows: Nova Scotia 6, New Brunswick 7, Quebec 75, Ontario 122, Manitoba 18, Saskatchewan 8, Alberta 15 and British Columbia 35.

The principal items of production are coffee, roasted and ground, tea, blended and packed; egg powder; spices, mixed whole and ground; baking powder, yeast, flavouring extracts, jelly powders and many other items which are shown in detail in Table 2.

The materials used include green coffee beans; loose tea; spice materials; baking powder materials; sugar and numerous other ingredients which are itemized in Table 3.

The 286 establishments reporting in 1946 had a gross value of production of $110,051,938. They furnished employment to 6,893 persons who were paid $9,758,181 in salaries and wages and spent $78,782,164 for materials. The physical volume of production was considerably higher in 1946, although the dollar value was about the same. Substantial increases were reported in the quantity of tea blended and packed, coffee roasted, and fresh yeast made. The drop in egg powder production was about the only major decrease reported.

A minor change was made in the composition of industry in 1945. Eleven establishments manufacturing only extracts for use in the production of soft drinks were transferred to the aerated waters industry.

The statistics published in the present report include only the statistics of those manufacturing establishments whose principal products are coffee, tea, spices and miscellaneous foods. Statistics relating to specific products are, therefore, not to be regarded as the total production for Canada since such products as jams, marmalades, mincemeat, catsup, fountain fruits, peanut butter, confectionery, etc., are also found as secondary or major products of other industries. For the total production, reference should be made to the annual report on "The Manufacturing Industries of Canada".

THE MISCELLANEOUS FOODS INDUSTRY IN CANADA, 1946
