INVESTORS' INDEX NUMBERS OF SECURITY PRICES
(1926=100)

Common stocks showed little activity during the past week and the Investors' index for 112 issues of this type declined from 98.1 for the week of August 29th to 97.3 for the week ending September 5th. The comparative index for the week of September 6th, 1934, was 86.3. Industrials, Utilities and Companies abroad followed the same movement, all registering minor losses. In the Industrial series, the drop in prices of Oils, Textiles and Clothing and Pulp and Paper more than counterbalanced gains in the other sub-groups and the index fell from 146.3 to 145.6. For the same week of 1934, this index was 120.4. Twenty Utilities dropped from 47.3 for the week ending August 29th to 46.3 for the following week. For the week of September 6th, 1934, the Utility index recorded was 50.7. A loss of 0.6 points placed the index for five companies located abroad at 121.3 for September 5th as compared with 121.9 for the previous week and 103.0 for the corresponding week of last year.
