SERVICE CANADIEN DES FORÊTS CENTRE DE FORESTERIE DU NORD

Canada

Le Centre de foresterie du Nord constitue l'un des cinq établissements du Service canadien des forêts, dont l'administration centrale est à Ottawa (Ontario). Le Centre entreprend la réalisation régionale de projets nationaux.

Le Service canadien des forêts s'intéresse surtout à la recherche en vue d'améliorer l'aménagement forestier afin que tous les Canadiens puissent en profiter aux points de vue économique, social et environnemental.

The Northern Forestry Centre is one of five centres of the Canadian Forest Service, which has its headquarters in Ottawa, Ontario. This centre undertakes the regional delivery of national projects.

The Canadian Forest Service's main objective is research in support of improved forest management for economic, social, and environmental benefits to all Canadians.

RÉSUMÉ

Ce document énumère alphabétiquement (par auteur) les publications scientifiques et techniques ainsi que les ouvrages de vulgarisation qui ont été rédigés ou publiés par le personnel du Centre de foresterie du Nord entre 2004 à 2007. Un index des sujets est présenté.

ABSTRACT

Scientific, technical, and interpretive publications written or published by staff of the Northern Forestry Centre during 2004–2007 are listed alphabetically by author. A subject index is provided.

PRÉFACE

Cette bibliographie présente une liste de plus de 300 publications du personnel du Centre de foresterie du Nord publiées de 2004 à 2007. Ces travaux comprennent des publications du Ministère (des Rapports d'information, des Rapports spéciaux, et des publications diverses) et des articles de revues scientifiques et de symposiums. Les publications sont répertoriées alphabétiquement par auteur. De plus, un index des sujets illustre les principaux sujets de recherche, et leurs publications connexes sont présentées selon l'auteur et l'année de parution.

Depuis l'ouverture du Centre de foresterie du Nord en 1970, le personnel du Service canadien des forêts a grandement enrichi la documentation en recherche forestière. À titre d'information, vous trouverez ci-dessous une liste de bibliographies générales antérieures.

Pour information supplémentaire concernant des publications du Service canadien des forêts, visitez le Service canadien des forêts Librairie virtuelle à <http://librairie.scf.rncan.gc.ca>; sauf avis contraire, tous les articles sont distribués sans frais. Remarque que tous les rapports publiés depuis 1971 par le Centre de foresterie du Nord sont disponibles en format PDF via la Librairie.

L'intention de cette bibliographie est pour aider la recherche; on n'y en doit pas considérer comme un catalogue pour commander les ouvrages.

INDEX DES SUJETS

L'index des sujets se trouvent dans les pages suivantes présente alphabétiquement les principaux sujets de recherche au Centre de foresterie du Nord pendant la période 2004 à 2007. Au sein de chaque sujet ou catégorie, les citations selon l'auteur et l'année pertinente sont répertoriées alphabétiquement et, dans plusieurs instances, se présentent plus d'une fois. Voici au-dessous les sujets et les catégories :

Accroissement, Rendement, Inventaire et Biosurveillance

Aménagement durable des forêts

Changements climatiques et influences environnementales

Divers

Écologie forestière et classification des sites

Incendie

Incidences des pratiques forestières

Insectes forestiers

Maladies forestières

Stratégie nationale et internationale et coordination

Socio-économie et statistique

Sols et terres humides

Sylviculture

Téledétection

ACCROISSEMENT, RENDEMENT, INVENTAIRE ET BIOSURVEILLANCE

Barr, Black, Hogg, Kljun, Morgenstern, et Nesic 2004

Corns, Downing, et Little 2005a, b
