Wage Settlements Covering 500 or More Employees

February 2009

Major collective bargaining settlements in February 2009 provided base-rate wage adjustments averaging 2.9% annually over the contract term. The results are based on a review of 34 settlements and cover 84,170 employees.

When the parties to these February settlements previously negotiated, the resulting wage adjustments averaged 2.6%, lower than the 2.9% figure recorded in their current settlements. Contract duration in February 2009 averaged 42.5 months, compared to 39.9 months in the previous round of settlements.

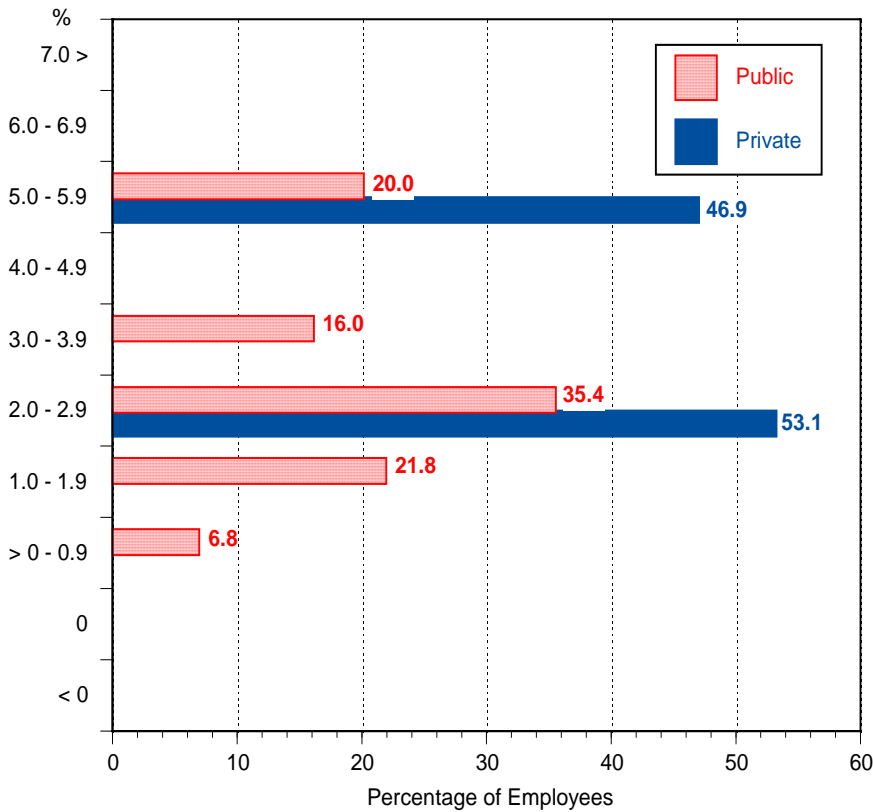

The relatively larger February figure was influenced by 8 Government of Newfoundland and Labrador public-sector agreements providing 14,890 employees with an average annual wage increase of 5.0%. These 48-month agreements provided an 8.0% increase in the first year and 4.0% in the subsequent years.

Public-sector wage adjustments averaged 2.9%, an increase from 2.1% in January. The public-sector results for February 2009 are based on a review of only 29 settlements and cover 80,440 employees. This includes 6 agreements in the federal jurisdiction with an average annual wage

increase of 1.4% (four Government of Canada contracts and the Parks Canada Agency at 1.7%, and the Canadian Broadcasting Corporation at 0.6%) and also included the Government of Newfoundland agreements mentioned above. Private-sector wage adjustments averaged 3.8%, an increase from the 2.4% figure recorded in the previous month. This larger figure was due to 2 ATCO Gas agreements providing 1,750 employees with wage adjustments averaging 5.1%. Innovative Workplace Practices—4th Quarter 2008

This overview of workplace innovations is based on an analysis of 77 collective agreements reviewed during the 4th quarter of 2008. Of these, 23 settlements contained provisions considered to be innovative or of particular interest.

Duration

Forty agreements had a duration ranging from 28 to 49 months (included 22 at 36 months and 13 at 48 months) representing approximately 52% of settlements reviewed for the 4th quarter of 2008. Sixteen agreements had durations of 12 months while 3 had durations of 24 months. There were 12 agreements with 60-month durations, 5 had durations of 57 months and 1 agreement had a duration of 65 months. This longest agreement was between the Université du Québec à Chicoutimi, Chicoutimi, Quebec, and the Fédération nationale des enseignantes et des enseignants du Québec.

Compensation

A **profit-sharing plan** in several settlements between Hydro-Québec and the Canadian Union of Public Employees provides a maximum lump-sum equal to 4.5% of annual wages distributed as follows: 3.0% based on corporate objectives being met, and 1.5% on reaching the financial trigger.

The National Energy Board in Calgary, Alberta, and the Professional Institute of the Public Service of Canada have negotiated a **retention allowance** payable as follows: effective July 1, 2007, 2.5% of the employee's annual rate of pay, and effective July 1, 2008, the existing allowance will be increased by an additional 2.5% of the annual rate of pay.

A **market adjustment program** has been initiated between Calgary Health Region and Capital Health, Calgary and Edmonton, Alberta, and the Alberta Union of Provincial Employees. Before the application of the 5.0% general wage increase, some classifications received wage adjustments of either 50¢ per hour, \$1.00 per hour, \$2.00 per hour, or 4.0%.

A **long service wage increment** was negotiated between the Palliser Health Region, in Medicine Hat, Alberta, and the Canadian Union of Public Employees. After 10,000 hours of continuous service, the basic wage rate is increased by 10¢ per hour, after 15,000 hours, by 20¢; after 20,000 hours, by 30¢; after 25,000 hours by 40¢; and after 30,000 hours, by 50¢.

TELUS Communications Inc., throughout Quebec, and the Canadian Union of Public Employees established a **wage progression plan**. Following a work performance review based on the wage scale positioning and in the event that expectations are met with a rating of at least 50%, employees in the first third of the scale will be entitled to a 4.0% wage progression, those in the second third, 3.0%, and employees in the bottom third, 2.5%.

Westfair Foods Ltd., province-wide, Manitoba, and the United Food and Commercial Workers Canada agreed to a **minimum wage gap adjustment**. In the event that the Province of Manitoba changes the minimum wage during the term of this agreement, the new start rate will be increased by 25¢ above the new minimum wage. If the minimum wage increases to \$10.00 per hour or above, employees hired prior to ratification will receive the new start rate and then progress to the next scale rate after working 500 hours. Employees hired after ratification will move to the next rate after working 1,000 hours.

Alternate entry rates for new hires were introduced between Servisair Inc., Calgary and Edmonton, Alberta, and the International Association of Machinists and Aerospace Workers. Lower alternate entry wage rates may be used for newly hired employees if current market pressures diminish. These rates will lead directly into the regular wage scale when the new employee reaches a certain level. The determination on alternate entry rates will be made solely by management.

Effective January 1, 2009, employers contribute \$500 annually on behalf of each full-time employee; annual contribution is prorated on behalf of part-time employees. Any unused allocation in an employee's account as of December 31 of each year may be carried forward for a maximum of one calendar year.

The Centre for Addiction and Mental Health, Toronto, Ontario, and the Ontario Public Service Employees Union have agreed on an extension to full-time employees who continue to work beyond age 65, up to age 70, **coverage for basic life, health, dental, death, and disability benefits**, on the same cost-shared basis as employees under the age of 65.

The Fairmont Queen Elizabeth Hotel, Montréal, Quebec, and the Fédération du commerce inc. agreed on an **extension of the group insurance plan to part-time employees** with 1 year of continuous service. These employees will be entitled to life and accidental death and dismemberment insurance coverage and to dental and health coverage as provided to regular employees. Premium costs will be shared 50/50 by the employer and employees.

Education and Training

The Children's Aid Society of Toronto, Toronto, Ontario, and the Canadian Union of Public Employees negotiated a new **worker training program**. Employees with previous child protection experience in another jurisdiction will be provided with training to determine needs and develop an individual plan for attendance at training sessions as well as mentoring.

Working Conditions

An employee with at least 2 years of seniority and with a child or children of less than 12 years of age, or compelled to act as a natural caregiver for a member of the immediate family or a person for whom the employee is the legal guardian, may ask for a reduced schedule. This reduction may not result in an employee being scheduled to work less than 3 days per week.

Within 30 days of an announcement to close a store, employees who wish to exercise seniority will be required to declare in writing to which store they wish to transfer. After this 30-day window, the employer and union will meet to determine where employees will be transferred when the closure occurs.

Leaves

Overwaita Food Group / Save-On-Foods, Fraser Valley and Lower Mainland, Vancouver Island, and Penticton, British Columbia, and the United Food and Commercial Workers Canada have introduced a **personal time off leave**. Full-time employees may request to leave prior to the completion of their scheduled shift. Compensation for employees required to work on a religious holiday will be the same as employees required to work on a statutory holiday.

Labour-Management Committees

During the 4th quarter of 2008, 19 of the 77 agreements reviewed contained provisions for establishing committees dealing with a wide variety of issues.

Canada Safeway Limited, throughout British Columbia, and the United Food and Commercial Workers Canada established a **quarterly review** committee to review the individual performance of stores that are experiencing financial difficulties or whose continued viability is questionable. The parties will continually discuss methods to improve the performance of stores and will hold joint meetings with store employees to discuss improvements in that particular store.

If necessary, the parties will have authority to make amendments to the current collective agreement. Over time, if those changes prove sufficiently favourable to result in the full or significant competitive recovery of the store in question, then the parties will discuss the possibility of returning the store to the full terms of the agreement or some interim partial improvement, taking into consideration the impact of any action taken on the future performance of the store or stores. If the parties cannot agree on whether or not a change should occur and/how or when the change should occur, the matter will be referred to final offer selection arbitration. It is agreed that the time frame for the discussions, including the date of the presentations to the arbitrator, will be no longer than 180 days from the beginning of the discussions.

Committees to discuss the **transition to Alberta Health Services Board** have been introduced between Calgary Health Region, Capital Health (Edmonton), and Health Boards of Alberta (HBA Services) in other Alberta centres, and the Alberta Union of Provincial Employees.
