## Innovative Workplaces Practices—Fourth 4<sup>th</sup> Quarter 2009

The Labour Program publishes a quarterly analysis of recently ratified collective agreements covering 500 or more employees across all industries as well as an overview of workplace innovative practices. Section I presents statistics and anecdotes associated with contract duration and public/private sector analysis while Section II describes noteworthy innovative practices introduced in those agreements. This analysis is based on a review of 52 collective agreements ratified during the fourth quarter of 2009.

## ***Section I***

### **Duration**

Of the 52 collective agreements analysed, agreement durations range from 12 to 96 months (17.3% of agreements have a contract duration of exactly 24 months; 28.8% a duration of exactly 36 months). The average duration of public-sector settlements was 44.1 months, six months longer than the private sector average of 38.1 months. The overall average duration for 2009 fourth quarter settlements is 42.3 months compared to 34.1 months during the preceding quarter.

### **Public and Private Sectors**

In the fourth quarter of 2009, there were 30 settlements reached in the public sector compared to 22 in the private sector. Of the 117,810 employees reaching agreement in the quarter, 50,800 (43.1%) were covered under Ontario provincial jurisdiction, while 33,670 (28.6%) fell under federal jurisdiction.

The two largest settlements analyzed this quarter occurred in the public sector: the Ontario Hospital Association and the Canadian Union of Public Employees, covering 20,130 health care and skilled trade employees, and the Canada Revenue Agency and its 11,000 audit, financial and scientific employees represented by the Professional Institute of the Public Service of Canada. The third largest settlement occurred in the private sector: Metro Inc., province-wide in Ontario, and 10,000 retail food employees represented by the CAW Canada.

Two fourth quarter settlements were the result of wage reopeners - Rio Tinto Alcan in Quebec and the CAW Canada and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union (1,960 hourly, plant, maintenance and trades employees covered under two agreements).

Three settlements in the last quarter of 2009 had contract durations of 7 years or more, with two occurring in the private sector and one in the public. In the public sector, the longest duration (8 years) involved the Société des alcools du Québec and its 4,900 employees represented by the Syndicat des employé(e)s de magasins et de bureaux de la SAQ. In the private sector, the longest durations included MOLSON Coors CANADA in Toronto and the Brasserie Labatt in LaSalle, both with 7-year agreements.

The total of 52 settlements in this quarter is slightly higher than the 47 that were ratified in the preceding quarter.

## ***Section II***

### **Innovative Practices**

The following provisions in collective agreements ratified during the fourth quarter of 2009 are considered to be innovative or of particular interest.

## Compensation

Effective January 1, 2010, Jazz Air Limited Partnership and the CAW Canada (customer and aircraft services employees) implemented an **hourly loyalty premium** based on hours worked. The premium is to be phased in over the course of the current collective agreement.

MOLSON Coors CANADA and the Canadian Union of Brewery and General Workers (plant and maintenance employees) introduced a **defined contribution pension plan** for employees hired on or after January 1, 2010. Employees hired prior to January 1, 2010 and contributing to their pension benefit after 1999 and prior to 2010 will continue to be offered a defined benefit plan.

Effective January 1, 2010 and continuing right up to December 31, 2016, MOLSON Coors CANADA is offering a **\$30,000 retirement incentive** to all regular employees who have reached, or will reach, the 85-point criteria - years of credited pension service plus years of age - during the course of the current 84-month agreement.

## Health and Welfare

Manitoba Liquor Control Commission and Manitoba Government and General Employees' Union, representing 810 administrative, retail and warehouse employees, were successful in negotiating a **Retiree Health Care Spending Account** whereby full-time employees who retire, in accordance with the *Civil Service Superannuation Act*, will be provided with a spending account in the amount of \$350 per benefit year, with increments for the next 2 years. Part-time employees are provided with a spending account in the amount of \$275 per benefit year, with increments for the next 2 years.

McMaster University and the Canadian Union of Public Employees, representing 3,180 teaching assistants, have maintained their post-retirement benefits for existing retirees; however, new retirees share in premium costs based on years of service.

The Toronto Public Library and the Canadian Union of Public Employees have introduced an **Illness and Injury Plan** similar to the plan implemented at the City of Toronto for Local 416 employees.

## Training

The Toronto Public Library Board and the Canadian Union of Public Employees, covering 2,400 employees, is implementing a **mentorship program** for new librarians and annual information forums on children's services and collection development.

## Working Conditions

Job security provisions were negotiated between CBC/Radio-Canada, the French services division in Quebec and Moncton, and the Syndicat des communications de Radio-Canada whereby **outsourcing/sub-contracting** is permitted only if the person hired to do the job belongs to the union. The employer has also agreed to use permanent employees to present, explain and deliver the news.

Jazz Air Limited Partnership and the CAW Canada (customer and aircraft services) have established a "**Women's Advocate**" position for a trial period of 18 months. The individual selected as Women's Advocate will provide confidential support to other female employees in the organization and refer them to the appropriate agency for conflict resolution when necessary.

## Labour-Management Committees

The Ontario Hospital Association and the Canadian Union of Public Employees (20,130 employees) is establishing a provincial working group to discuss the idea of moving towards a **standardized, provincial wage rate** for registered practical nurses.

CBC/Radio-Canada and the Syndicat des communications de Radio-Canada is creating a committee to examine the idea of implementing a **harmonized salary scale** in association with the Canadian Media Guild.
