Notes:
 The short dash (–) in the **Expiry Month** column indicates that collective agreements within a same union or in various unions are expiring, for example, from September 2007 to January 2008 inclusively, and their expiry dates are presented by this short form: **Sept 07–Jan 08**.

The oblique sign (/) means that collective agreements within a same union or in various unions are expiring, for example, either on July 2007 or April 2008, and their expiry dates are presented by this short form: **Jul 07/Apr 08**.

Innovative Workplace Practices—First Quarter 2010

The Labour Program publishes a quarterly overview of workplace innovative practices. This overview is based on a review of 40 collective agreements ratified during the first quarter of 2010. The following provisions are considered to be innovative or of particular interest.

Compensation

The Canadian Forest Products Ltd. and the 2,300 mill employees represented by the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, operating at various locations in British Columbia, have agreed to introduce an **employee investment plan**. The plan stipulates that employees will invest a percentage of their vacation and holiday pay entitlements into company operations as an incentive to upgrade equipment and improve sawmill efficiencies. Employees will be repaid their investment on a

lump-sum quarterly basis depending on the return on the Return Capital Employed as Reported Quarterly by Canadian Forest Product Ltd. - Solid Wood Results.

The Nova Scotia Association of Health Organisations and the Canadian Union of Public Employees (CUPE) have introduced a **compensation incentive** for employees willing to return to work following retirement. A retired employee who returns to work in a temporary or part-time position will be classified at the same level held prior to retirement. In addition, the employer must advise employees of the possibility of returning to work on a temporary or part-time basis while maintaining retirement benefits.

Springhill Farms and Freezerco in Neepawa, Manitoba and the Commercial Workers of Canada have agreed to a **market rate adjustment** and will undertake a **maintenance wage survey** of ten competitors who represent industries that are in direct competition for human resources. The positions reviewed will consist of skilled trades; licensed stationary engineers; apprentices and dual tickets equivalent to 2nd Class Engineers. The highest and lowest rates obtained in the survey will be removed and the remaining eight average rates then calculated into a simple average. If this average is more than 3.0% above the Springhill Farms rate, the rate will be adjusted to reflect the higher rate.

Health and Welfare

Pension Plan

Maple Leaf Foods and the United Food and Commercial Workers of Canada agreed to change the **pension plan** for the plant and maintenance employees operating in Brandon, Manitoba. Effective January 1, 2010, the **Canadian Commercial Workers Industry Pension Plan (CCWIPP)** is replaced by the **Maple Leaf Foods (MLF)** pension plan:

- The plan provides benefits equal to 42.5% of employee contributions plus \$144 for each complete year of MLF plan seniority. Although usual retirement age is 65, employees will be able to retire from active employment at age 60 without a reduction of their pension. Those retiring between 55 and 60, and having completed their years of service, will receive a modified early retirement reduction with pension benefits reduced by 0.5% for each month by which retirement precedes age 60.
- Employees hired on or before the date of ratification will be enrolled in the new plan immediately. Those hired after that date will be subject to the plan waiting period. Employee contributions will be phased-in starting at 0.0 % of regular earnings as of January 1, 2010 to 2.5 % on June 29, 2013.
- Employees hired prior to January 1, 2010 who had previously participated in the CCWIPP will be eligible for a past service benefit provided by the MLF pension plan. Employees 60 years of age or older who elect to retire prior to January 1, 2012 are eligible for a lump-sum of \$3,500.

Working Conditions

Job Security

The House of Commons and the Public Service Alliance of Canada (PSAC) have introduced a **job protection** provision which allows seasonal employees who are absent for a period of over 20 sitting days due to unpaid maternity or parental leave, to care for preschool aged children, a parent or spouse, for the education of a preschool aged child, or for disability or sickness with a medical certificate, do not lose their status as an unspecified accredited employee.

Verreault Navigation Inc. and the Fédération de la métallurgie, CSN have also agreed to a **job security** clause which stipulates that ship maintenance employees covered by the collective agreement will not be laid-off, suspended or prevented from returning to work as a result of the subcontracting of work by the employer.

Springhill Farms and Freezerco, Neepawa, Manitoba and the Commercial Workers of Canada have negotiated a **layoff and recall/seniority protocol** which will be applied separately for employees at both Springhill Farms and Freezerco such that no Springhill Farms employee will be entitled to exercise seniority over a Freezerco employee or vice versa. However, in circumstances where work volume at Freezerco is reduced to the point where a layoff or reduction of hours is necessary, the employer may temporarily transfer Freezerco employees to the Springhill Farms operations.

Foreign Worker Program

Maple Leaf Foods, Springhill Farms and Freezerco in Brandon and Neepawa, Manitoba and the Commercial Workers of Canada, Local 832 have introduced the following provisions for **Foreign Workers**:

- **Immigration Paperwork** - The employer agreed to process the required paperwork for migrant workers who are part of the bargaining unit and who have come to Canada under the federal *Temporary Foreign Worker Program*. This will include all appropriate work permit renewal applications and forms required for permanent residency under the *Foreign Worker Provincial Nominee Program*.
- **Translation** - The employer agreed to pay for the translation of the collective agreement into any language that is the first language for 50 workers or more. The employer will also translate the Employee Handbook into any language that is the first language for 50 workers or more. The parties will share on a 50/50 basis the cost for any additional documents they agree need to be translated. Additionally, the employer agreed to provide translators whenever required by foreign workers.
- **Foreign Worker Termination** - In the event of the termination of a non-probationary foreign worker, the parties agreed that an expedited arbitration hearing should take place within 6 weeks of the termination. The employer will continue to process all the necessary paperwork required for the employee to remain in Brandon until such time as the arbitrator's award is received.

Labour-Management Committees

L'Université du Québec à Trois-Rivières and the Canadian Union of Public Employees representing lecturers have agreed to establish committees that will be mandated to:

- Review admissibility criteria to determine whether it's possible to accelerate enrolment in the pension plan;
- Review the calculations for salary determination;
- Evaluate the integration of the lecturers into the new academic structures;
- Evaluate tasks related to oversized groups, videoconferencing, the offering of new courses and make-up exams.
