Wage Settlements Covering 500 or More Employees

September 2010

Wage adjustments from major collective bargaining settlements reached in September 2010 averaged **1.8%** annually over the contract term, up from the 1.5% figure in August and the same as the 1.8% figure in July. The results for the month of September are based on a review of 22 settlements covering 273,540 employees.

When the parties to these September settlements previously negotiated, the resulting wage adjustments averaged 2.7%, higher than in their current settlements. Contract duration in September 2010 averaged 45.0 months, compared to 42.7 months in the previous round of settlements.

The September figure was largely influenced by 2 large settlement groups in the Quebec jurisdiction. The Government of Quebec settled with approximately 107,000 public sector employees for wage adjustments averaging 1.2% and 4 Quebec construction agreements provided 144,940 employees with wage increases averaging 2.3%. Therefore, the wage gains were lower in the public sector (1.2%) than in the private sector (2.2%).

On a regional/jurisdictional basis, average wage adjustments in September were larger in Alberta at 3.5% (a single agreement, Suncor). Wage adjustments were smaller in the federal jurisdiction at 0.8% (Bell Aliant at 0.4% and MTS Communications at 0.7%).

On an industry basis, September 2010 average wage adjustments were larger in primary industries at 3.5% (single agreement, Suncor in Alberta) and lower in the information and culture sector at 0.5% (Bell Aliant and MTS Communications). The largest concentration of employees (53.5% of all employees) was in construction (Quebec construction agreements) where wage adjustments averaged 2.3%.

In the following tables, COLA is the abbreviation for Cost-of-Living Allowance.
