I. Introduction

This Training Guide has been written to assist you in coding the Major Field of Study (MFS) variable.

It is to be used in conjunction with the Major Field of Study Procedures Manual (MFS-1).

For each type of case in the Major Field of Study Procedures Manual there is a corresponding chapter in this guide containing exercises on the procedures involved. The purpose of the exercises is not to test your memory but to give you a chance to apply the procedures. Always refer to your Major Field of Study Procedures Manual while completing the training exercises.

When you have completed the exercises, the group will participate in a review of the exercises with the supervisor.

II. Introduction to Major Field of Study Variable

Read Chapter I – Introduction to the Major Field of Study Variable in your MFS Procedures Manual, then return to this guide to complete the exercises.

Exercise 1

In the spaces provided below, match the sentence fragments in column A with the appropriate endings in column B.

A

- (1) The Major Field of Study question was first introduced in the
- (2) The Major Field of Study question is asked on the
- (3) One reason planners require this data is to assess the need
- (4) For persons who earned more than one degree at the same level
- (5) Questions 24 to 26 serve to determine
- (6) Question 27 identifies those who are
- (7) The Major Field of Study variable is

B

- (a) attending school.
- (b) hierarchical in nature.
- (c) the level of schooling.
- (d) report the most recent one.
- (e) to guide immigration policies.
- (f) 1986 Census.
- (g) 2B questionnaire.

Your answers.

A

B

- (1) _____
- (2) _____
- (3) _____
- (4) _____
- (5) _____
- (6) _____
- (7) _____

Exercise 2

List the five categories of responses found in coding Major Field of Study responses.

(1) _____

(2) _____

(3) _____

(4) _____

(5) _____

III. Standard Process Flow-Single Responses

Read Chapter II – Standard Process Flow, Single Responses, in your MFS Procedures Manual, then return to this guide to complete the exercises.

Exercise 1

Answer True (T) or False (F) for each of the following statements.

- (a) Responses made up of more than one word are not valid. _____
- (b) Coding of a single response containing several words follows the same coding procedures as that for a single response with only one word. _____
- (c) ACTR stands for Applied Computer Technologies and Research. _____
- (d) If a phrase is returned by ACTR, compare the phrase with the response to be coded to determine if it is a suitable match. _____
- (e) When ACTR returns a phrase, and a match is found, the response should be referred to the next level of coding. _____
- (f) You can only use the response to the Major Field of Study question (29) to code the write-in. _____
- (g) You can browse the data for the same question for each household member. _____
- (h) You can browse responses to all census questions in order to code a write-in. _____
- (i) Only the respondent's responses can be browsed when determining the correct code to use. _____
- (j) Home Language is one cultural variable which can be browsed when determining the correct code. _____
- (k) Name of school is one education variable which can be browsed when determining the correct code. _____
- (l) When in doubt about the correct code to assign, always refer the response to the next level of coding. _____

Exercise 2

Use the screen below to assign a valid code to the write-in "American History" and indicate the corresponding code description in the space provided following the screens.

Exercise 1

Circle the correct answer.

Refer to the coding screen. The correct spelling for the word appearing under the text "Write-in to be coded" is:

- (a) Compter Programming
- (b) Computer Programing
- (c) Coputer Programming
- (d) Computer Programming
- (e) None of the above

Exercise 2

Circle the correct answer.

Refer to the coding screen. To find the correct spelling for the write-in "Computer Prigraming", you should **first** look in/at:

- (a) Major Field of Study Code Book
- (b) Encyclopedia
- (c) ACTR returned phrase
- (d) Dictionary
- (e) None of the above

Exercise 3

Circle the correct answer.

When the correct spelling of the write-in "Computer Prigraming" is found, the **second** step is to:

- (a) Examine the response.
- (b) Commit the code.
- (c) Examine if the response is a multiple response.
- (d) Refer to next level of coding.
- (e) Type in the valid code.

Exercise 4

Circle the correct answer.

Refer to both the coding and Major Field of Study screens. In this case of "Computer Prigraming", the code to validate is:

Description	Code
(a) Data Processing-General Traitement des données-Général	318
(b) Computer Science Technology Technologies informatiques	319
(c) Computer Programming and Software Programmation d'ordinateurs et élaboration de logiciels	320
(d) Microcomputer and Information Systems Micro-ordinateurs et systèmes d'information	321
(e) Business and Commerce-General Affaires et commerce-Général	188
(f) None of the above	

V. Abbreviated Responses

The second category of response you may encounter is an abbreviated response.

Read Chapter IV – Abbreviated Responses, in your MFS Procedures Manual, then return to this guide to complete the exercises.

Use both screens below to complete exercises 1, 2 and 3 on the following page.

Exercise 1

Refer to the coding screen on the previous page.

The unabbreviated form of this write-in is _____.

Exercise 2

Refer to Coding screen and Major Field Screen.

Here are the steps necessary to code the write-in "ITAL. LIT". Put the steps in the right order and list them in the space below.

- (a) Type the valid code.
- (b) Commit the code.
- (c) Examine the response to be coded.
- (d) Expand the abbreviated write-in response to its fullest form.

- 1. ____
- 2. ____
- 3. ____
- 4. ____

Exercise 3

Assign a valid code to the write-in appearing in the coding screen and indicate the description which corresponds to the code. The Major Field of Study screen provides the respondent's answers to other questions which will assist you in resolving this case.

VI. Multiple Responses

The third category of response you may encounter is a multiple response.

Read Chapter V – Multiple Responses, in your MFS Procedures Manual, then return to this guide to complete the exercises.

Exercise 1

Mark an "X" beside each write-in which represents a multiple response.

- (a) ☐ Clinical Psychology
- (b) ☐ Biology, Genetic and Developmental Biology
- (c) ☐ Civil Engineering and Piping Technologies
- (d) ☐ Classical Studies and Classical Languages
- (e) ☐ Physical Anthropology, Anthropometry and Archaeology
- (f) ☐ M.D. in Medicine with sub-specialities in Neurology
- (g) ☐ Organic and Inorganic Chemistry
- (h) ☐ Drafting
- (i) ☐ Surgery
- (j) ☐ Medieval and Ancient History
- (k) ☐ Education with specialisation in Kinesiology and Kinanthropology
- (l) ☐ Legal Secretary and Business Administration
- (m) ☐ Dental Public Health and Dental Assistant

Exercise 2

Identify whether the following statements are True (T) or False (F).

- (a) You should refer to the Major Field of Study Code Book to find a code. _____
- (b) A single response of: "Film Studies – Cinematography" will have the same code as "Cinematography and Film Studies". _____
- (c) A multiple response of: "Drama and Theatre" will have the same code as "Theatre and Drama". _____
- (d) If a match is found in the Major Field of Study Code Book, you should type, validate and commit the code. _____
- (e) Multiple word responses should always be referred to the next level of coding. _____
- (f) When coding multiple responses at the same level, you should consider only the first Major Field of Study response. _____

Exercise 3

Use both screens below to assign the valid code for the response to be coded and indicate the corresponding code description in the space provided following the screens.

Exercise 1

Circle the right answer.

Which of the following steps is **not** part of the procedure for coding the write-in appearing in the coding screen?

- (a) Examine the response to be coded.
- (b) Verify for ACTR returned phrases.
- (c) Type of response does not fit into those categories previously described.

Exercise 2

Refer to both screens. In this case, the code to validate for the write-in "PINBALL" is:

Description	Code
(a) Drafting – general Dessin industriel-général	335
(b) Physical Education and Health Éducation physique et hygiène	033
(c) Secondary School Teaching Enseignement au secondaire	005
