*If you are under the age of 70 and working outside of Québec while receiving your CPP or QPP retirement pension, you can make CPP contributions towards the Post-Retirement Benefit (PRB), a fully indexed lifetime benefit that increases your retirement income. Contributions are mandatory for working retirement pension recipients under age 65, while those aged 65 or above may elect not to contribute. If you made CPP contributions toward the PRB in 2012, the PRB will be paid to you the following year, starting in 2013. More information is available on the Service Canada website at www.servicecanada.gc.ca/cppchanges.

**If you work in Québec while receiving a CPP or QPP retirement pension, you may be required to contribute to the QPP Retirement Pension Supplement. If you are eligible, the QPP Retirement Pension Supplement will be automatically paid to you the following year. The number and the amount are included in the retirement pension.
