

Growing Forward 2

2015 AgriStability and AgriInvest Program

Corporation/Co-operative and Special Individual
Harmonized Form and Guide

© Her Majesty the Queen in Right of Canada, represented by the Minister of Agriculture and Agri-Food (2015).

ISSN: 1925-2153
AAFC No.: 12309E

Aussi offert en français sous le titre : *Programmes d'Agri-stabilité et d'Agri-investissement en 2015 : guide et formulaire harmonisés pour les sociétés, les coopératives et les particuliers de catégorie spéciale.*

Before You Start

This guide will help you complete the forms to participate in the AgriInvest and AgriStability Programs if you are applying as a Corporation, Co-operative or Special Individual.

- AgriInvest – a self-directed risk management account that provides you with coverage for small income declines and supports investments that help to reduce risks or improve market income. Benefits are based on a percentage of your Allowable Net Sales (ANS).
- AgriStability - a margin-based program that provides income support when you experience larger income losses. Payments are based on a decrease in your farm's current year margin compared to your average historical margins.

Review the information in this guide to make sure you fill out your forms correctly. Providing correct information on your forms will help us to accurately calculate your benefits.

This guide contains general information only. See the Growing Forward 2 AgriInvest and AgriStability Program Guidelines for complete rules

Is This Guide For You?

This form and guide is for you if:

- you want to participate in the AgriStability or AgriInvest programs, or both for 2015 and if you farm in British Columbia, Manitoba, New Brunswick, Newfoundland and Labrador, Nova Scotia, and the Yukon; and
- you farm as one of the following:
 - Corporation;
 - Co-operative;
 - Communal organization;
 - Limited partnership that is applying as an entity;
 - Trust;
 - Non-resident;
 - Status Indian who is exempt from the Income Tax Act;
 - Band farm;
 - Estate of deceased participants (rights and things only).

Do not use this form and guide if you farm in:

- Alberta;
- Ontario;
- Prince Edward Island;
- Quebec; or
- Saskatchewan.

Contact your provincial administration at one of the numbers listed below for a copy of the correct form and guide used in your province.

AgriStability and AgriInvest Programs Contact Information:

Federal Administration Contact Information

Program Administration
PO Box 3200

Where to Mail Your Forms

Mail your forms directly to the federal administration at:

Program Administration
PO Box 3200
Winnipeg MB R3C 5R7

How to Send Additional Information for AgriStability and AgriInvest

Use the AgriStability and AgriInvest Additional Information and Adjustment Request form to send extra information to be used when we process your AgriStability and AgriInvest application.

Send this form and any attachments to your administration at the address provided on the form.

Get more copies of this form by calling toll-free 1-866-367-8506, or visit the program Web sites at:

www.agr.gc.ca/agristability, and

www.agr.gc.ca/agriinvest.

See “Requesting an Adjustment” on page 6 for more information.

AgriStability and AgriInvest Deadline

The deadline to send your 2015 AgriStability and AgriInvest form, without penalty, is September 30, 2016. See “Important Information for AgriInvest and AgriStability” on page 6 for more information on deadlines.

Do You Need More Information?

If you have questions about your participation in AgriStability:

- contact the federal administration at the address listed on page 1 if you farm in Manitoba, New Brunswick, Newfoundland and Labrador, Nova Scotia, or the Yukon.
- contact your provincial administration at the address provided on page 1 if you farm in British Columbia.

If you have questions about your participation in AgriInvest:

- contact the federal administration at the address listed on this page 1. AgriInvest is delivered by the federal administration in all provinces except Quebec.

Chapter 1: Your AgriStability and AgriInvest Programs

You can choose to participate in AgriInvest only, AgriStability only, or both programs together, depending on the business risk management needs of your farm.

As a program participant, you are responsible for knowing program deadlines and understanding program policies. See the program handbooks or visit the program Web sites for more information.

AgriInvest

AgriInvest is a voluntary program that provides coverage for small decreases in income and supports investments that help reduce risk or improve market income. Each year you can deposit money into an AgriInvest account and receive matching government contributions. You can withdraw the money when you need it.

Who Is Eligible?

Generally, you are eligible to participate in AgriInvest for the 2015 program year if you meet all of the following conditions:

- you file a Canadian income tax return reporting allowable farming business income (or loss); and
- you met all program requirements by the deadlines.

If you are a Status Indian farming on a reserve in Canada, and you are not required to file an income tax return, see page 5 for information on how to participate.

How to Participate

Complete and send sections 1-6 of the Statement A by the deadline. See page 6 for information on program deadlines.

AgriInvest Benefit Calculation

AgriInvest deposits are based on a percentage of your Allowable Net Sales (ANS). ANS is your total allowable Commodity Sales and Program Payments minus your total allowable Commodity Purchases and Repayment of Program Benefits.

Once we process your form, we will send you a Deposit Notice explaining your deposit options.

AgriStability

AgriStability is a voluntary program that provides you protection against large income declines in your farming operation.

Who is Eligible?

Generally, you are eligible to participate in AgriStability for the 2015 program year if you meet all of the following conditions:

- you file a Canadian Income Tax return reporting allowable farming business income (or loss);
- you completed a minimum of six consecutive months of farming activity;
- you completed a production cycle; and
- you met all program requirements by the deadlines.

Note

We may waive the requirements to complete six consecutive months of farming activity and a production cycle if you could not complete them for reasons beyond your control.

If you are a Status Indian farming on a reserve in Canada, and are not required to file an income tax return, see page 5 for information on how to participate.

How to Participate

Complete and send in sections 1-12 of the Statement A by the deadline. See page 6 for information on program deadlines.

To be eligible, you must be enrolled in the program and have paid your fee by the deadline shown on your annual Enrolment Notice.

AgriStability Benefit Calculations

AgriStability benefits are based on margins. A margin is the difference between your allowable income and your allowable expenses.

Generally, an AgriStability payment is made when your margin in the program year falls below your reference margin by more than 30%. Your reference margin is the average of your margins in previous years.

See the program handbook or visit the program Web site for more information on margins and how AgriStability payments are calculated.

We will send you a Calculation of Program Benefits (COB) after we process your form, explaining how it was processed.

AgriStability Program Fee

You must pay an annual fee to participate in AgriStability. The amount of the fee is \$3.15 for every \$1000.00 of contribution reference margin protected (based on coverage of 70% of your margin). There is a minimum fee of \$45.00.

See your Enrolment Notice or the AgriStability Program Handbook for more information on program fees and participation rules.

Administrative Cost Share (ACS)

In addition to the fee, you must pay \$55.00 annually for administration costs. Contact your administration for information on how to pay your AgriStability ACS.

Other Eligibility Information

Crop Share

If you are a tenant in a crop share, you are eligible to apply for AgriStability and AgriInvest. If you are a landlord, you are eligible if the arrangement is considered a joint venture.

See page 10 for more information on landlords and tenants.

Status Indians

You are eligible to participate if you carry on the business of farming on a reserve in Canada, and are not required to file income tax returns. You must provide information for the program year that you would otherwise have reported for tax purposes. If you are participating in AgriStability, you must also provide information for the reference years.

You are deemed to have a December 31 fiscal year-end, and are required to provide your Social Insurance Number (SIN) or business number.

Dissolved Corporations

A dissolved corporation is not eligible to participate in AgriStability or AgriInvest.

General Information

If you have one farming operation (a single farm or a partnership), complete a Statement A for your operation.

If you have more than one farming operation, complete a Statement B for each additional operation.

If you are a partner in a partnership, complete a Statement A, reporting 100% of the partnership's income and expense information. Report your share of the partnership on the partnership information section of the form.

Visit the program Web site to download a copy of Statement A or Statement B. You can also call us at the number listed on page 1 to request copies.

Chapter 2: Participating in AgriStability and AgrilInvest

Important Information for AgriStability and AgrilInvest

To participate in AgriStability, complete and send in sections 1-12 of Statement A by the deadline.

The initial deadline to submit your form without penalty is September 30, 2016. The final deadline to submit your form with penalty is December 31, 2016. We will reduce your benefit by \$500 each month (or part of a month) you submit your forms between the initial and the final deadline. We will not accept your form after December 31, 2016.

If you received an AgriStability Interim Payment or a Targeted Advance Payment (or both) for the 2015 program year, complete and send in your 2015 AgriStability form by December 31, 2016. If you do not, you will have to repay the money you received.

To participate in AgrilInvest, complete and send in sections 1-6 of Statement A the deadline.

The initial deadline to submit your form without penalty is September 30, 2016. The final deadline to submit your form with penalty is December 31, 2016. We will reduce your maximum government deposit by 5% for each month (or part of a month) that you submit your form between the initial and the final deadline. We will not accept your form December 31, 2016.

Note

You must file your 2015 tax return reporting farming income (or loss) to CRA by December 31, 2016 to be eligible for AgriStability and AgrilInvest program benefits.

If a deadline falls on a Saturday, Sunday, or statutory holiday, you have until the next business day to submit the form.

Requesting an Adjustment

Use the AgriStability and AgrilInvest Additional Information and Adjustment Request form to:

- send additional information about your farm to your administration; or
- send adjustments to your AgriStability and AgrilInvest application information.

If you farm in Manitoba, New Brunswick, Newfoundland and Labrador, Nova Scotia, or the Yukon, send this form and any attachments to the federal administration at the address listed on page 1.

If you farm in British Columbia, send this form and any attachments to:

- both the federal administration and your provincial administration for information affecting sections 1-6 of your AgriStability and AgrilInvest form; or
- your provincial administration only for information affecting sections 7-12 of your AgriStability and AgrilInvest form.

If you make an adjustment that affects your net income, we may require that the adjustment be accepted by the Canada Revenue Agency (CRA) before it is accepted for AgriStability and AgrilInvest.

Changes to your mailing address can be requested:

- in writing and must include your signature; or
- over the phone, once we confirm your identity.

Personal Information

See "Confidential Information and Participant Consent" on page 6 of the Statement A for complete information on how your information is shared.

The Privacy Act provides you with the right to access your personal information held by the Government of Canada and to make any corrections to your information.

You can send requests to access or correct your personal information to the Access to Information and Privacy Coordinator at:

Agriculture and Agri-Food Canada
Room 264, 5th Floor
1341 Baseline Road, Tower 4
Ottawa, ON K1A 0C5
Telephone: 613-773-1386
Fax: 613-773-1380

General inquiries regarding privacy of personal information may be made to the Office of the Privacy Commissioner (OPC) at:

Toll-free: 1-800-282-1376
Phone: (819) 994-5444
Fax: (819) 994-5424

TTY: (819) 994-6591

Web site: www.privcom.gc.ca/

OPC hours of service are from 8:30 am to 4:30 pm.

If you believe you have a complaint under the Privacy Act, send it in writing to:

Office of the Privacy Commissioner
30 Victoria Street
Gatineau, QC K1A 1H3

In your letter, include your name, address, and the telephone number where you can be reached. Provide as much detail as possible about your complaint.

The Office of the Privacy Commissioner does not process complaints via e-mail. Send your complaint by mail.

Chapter 3: Completing Your Forms

Section 1: Participant Information

Participant Name and Address

Enter your name and address.

Contact Person

Complete this area if you grant permission to someone else (such as your spouse, common-law partner, or accountant) to provide or ask for more information about your AgriStability and AgriInvest form. We will call your contact person if we have a question. We will send correspondence to both you and your contact person.

Enter the first and last name of your contact person, their business name (if applicable) and their daytime phone number.

You must provide your contact person's information each time you send in a form. Your contact person information will not be carried forward from last year. If you leave this area blank, we will contact you directly if we have a question.

Answer "Yes" if you want a copy of your Calculation of Program Benefits (COB) automatically mailed to your contact person.

Section 2: Participant Profile

Enter your Participant Identification Number (PIN), found on your Enrolment Notice (EN). If you cannot locate your PIN, contact your administration.

Enter your Social Insurance Number (SIN) in the space provided if you are filing as an individual.

Enter your business number (BN) if:

- you are filing as a corporation.
- you are a limited partnership applying as an entity.

Trusts enter the account number assigned by the Canada Revenue Agency (CRA).

Enter your Trust number if filing as a communal organization.

Indicate the type of farming arrangement(s) for this farming operation:

- Corporation - Your farming business is an incorporated entity, is beneficially owned by its shareholders, and reports its farming income on a corporate tax return.
- Co-operative - Your farming business is an incorporated entity, is beneficially owned by its members, and reports its farming income on a corporate tax return.
- Communal organization - Your farming business is carried on as a communal organization which reports farming income on a Trust tax return.
- Member of a partnership - All or part of your farming business is carried on with other partners and;
 - the income and expenses are reported under the partnership's name;
 - each member reports their allocation of the partnership's net income/loss to the Canada Revenue Agency (CRA).
- Limited partnership – Your limited partnership may apply as an entity or you and your partners may apply as individuals. You cannot apply as both an entity and as individuals.

Note

Use the AgriStability and AgriInvest harmonized form for Individuals if you are applying as an individual.
- Trust - The farming business is carried on by a trust holding property and reporting farming income on a trust tax return. In this case the trust, rather than the individual beneficiaries, participates in AgriStability and/or AgriInvest.

- Status Indian - If you are a Status Indian farming on a reserve, provide your Band number.
- Band farm - If your farming business is operating as a Status Indian Band farm, provide the Band number

Province/Territory of Main Farmstead

Enter the province or territory where all or the majority of your gross farming income was earned over the previous 5 years.

See the program handbooks or visit the program Web sites for more information on determining the province of main farmstead and multi jurisdiction farms.

Deceased Participant

If the participant is deceased, enter the date of death. If farming business income or loss was reported on the deceased participant's T1 tax return, prepare the program forms:

- in the name of the individual, noting "Estate" in the name and address area;
- using income/expenses reported on the individual's final 2015 T1 tax return(s).

Attach a copy of the individual's death certificate and the probated will (or letters of Administration) to the AgriStability and AgriInvest Additional Information and Adjustment Request Form and send it to the administration at the same time you submit your Statement A.

If the surviving spouse (or a spousal trust) continued the farming business, prepare an additional program form:

- in the name of the surviving spouse or spousal trust;
- using the income/expenses from the spouse's 2015 T1 tax return

Production Cycle

Answer "Yes" or "No" to indicate if you have completed a production cycle on at least one of the commodities you produce.

You must complete a production cycle to be eligible for AgriStability. We may waive this requirement if you could not complete it for reasons beyond your control.

A production cycle includes one or more of the following activities:

- growing and harvesting a crop;

- the process of rearing livestock;
- buying and selling livestock within a Program Year in the case of feeding or finishing enterprises.

You do not need to complete a production cycle to be eligible for AgriInvest.

Federal Public Office Holder or Employee of Agriculture and Agri-Food Canada (AAFC)

If you or anyone involved in completing this form is a current or former federal public office holder or employee of AAFC, answer "Yes" to this question.

If you are applying as a corporation, co-operative/commune, or a partner in a partnership, answer "Yes" if one or more shareholders, members, or partners are a current or former federal public office holders or employees of AAFC.

Location of Main Farmstead

Find a list of provincial jurisdictions (Rural Municipalities, Counties, Districts, etc.) in the Regional Code List on page 64 of this guide.

If you farm in Newfoundland and Labrador are not required to complete this section.

Combining Under the AgriStability Program

Under AgriStability's whole farm approach, we may combine your operation with another operation, even if you report separately for tax purposes. Combining ensures that AgriStability benefits are directed to farming operations that have had actual decreases in income for reasons beyond your control, not due to financial accounting procedures. Generally, you should answer "Yes" to this question if your farming operation is:

- not legally, financially, or operationally independent from another one; or
- engaged in significant transactions not at fair market value.

Individuals or members in a partnership do not need to be combined. See the program handbook or visit the program Web site for more information on combining.

Note

We cannot process operations that need to be combined until the information from all operations is received.

Section 3: Identification

Provide information only about your main farming operation in this area of the Statement A. If you have more than one operation, complete a Statement B for each additional operation. Number each operation in the box at the top right-hand corner of each page.

Fiscal Period

Enter the operation's fiscal period. Report the year, month and day of the beginning and end of the farming operation's taxation year. Your 2015 fiscal period must end in 2015.

Method of Accounting

Use the same method of reporting (cash or accrual) for AgriStability and AgriInvest purposes as you use for income tax.

Transfer the income and expenses from your Statement of Farming Activities onto the form based on the instructions in this guide.

Was your farming operation involved in any of the following?

Check the applicable boxes if your farming operation carried on business as a member of a feeder association, or in a crop share arrangement as either a landlord or a tenant. Enter this information on your Statement A for your main farming operation, and on Statement B if you have more than one farming operation.

Chapter 4: Reporting Your Income and Expenses

This section of the form is used to calculate your Allowable Net Sales (ANS) for AgriInvest. ANS are allowable commodity sales and program payments, less allowable purchases and repayment of program benefits. See the program handbook or visit the program Web site for more information on ANS and the calculation of benefits under AgriInvest.

This section of the form is also used to calculate the cash portion of your program year margin for AgriStability. See the program handbook or visit the program Web site for more information on AgriStability margin calculations.

Use the Commodity and the Program Payment code lists found at the back of this guide to report all of the income and expense items from your 2015 Statement of Farming Activities

on Statement A. Codes may change from one year to the next. Check the lists when entering your information to make sure you are using the right code.

If you use the accrual method of accounting, report all your sales and your changes in opening and closing commodity inventories on separate lines using the line code for the commodity to report both entries.

The instructions in this chapter apply to both the Statement A and the Statement B.

To make sure you report your information correctly, read the following instructions carefully.

Section 4: Income

An agricultural commodity is either a plant or an animal that is produced in a farming business.

Some commodities that are considered agricultural commodities for tax purposes are not allowable under AgriStability and AgriInvest. These include but are not limited to:

- aquaculture;
- trees sold for use in reforestation;
- wood sales;
- peat moss;
- income or expenses generated from wild game reserves.

Note

Hunt farms, which are different from wild game reserves, are eligible. Contact your administration if you operate a hunt farm for information on how to apply.

If you produce both allowable and non-allowable commodities on your farm:

- report the income from non-allowable commodities on line 9600; and
- report income from allowable commodities using the commodity codes (found at the back of this guide) on the Commodity Sales and Program Payments section of this form. Report allowable commodity sales based on the point of sale conditions below.

If you produce supply managed commodities consult the AgriInvest handbook for treatment of these commodities under the AgriInvest program.

If you have questions about whether a commodity you produce is allowable for AgriStability and AgriInvest, contact your administration.

Point of Sale

AgriInvest benefits are based on Allowable Net Sales (ANS), so you have to determine when the sale occurs. For AgriInvest, the point of sale is determined by the following conditions:

- it is separate and you can identify it from other producers' commodities;
- you produce it on your farm;
- you bear full risk for it; and
- you have a separate billing or accounting transaction that clearly shows the commodity sales value and any deductions from that value.

The point of sale is when:

- you can no longer identify your commodity as your own; and
- you are no longer at risk for the value of the commodity.

If your commodity sales meet these point of sale conditions, report the code, name, and gross sale amount of each commodity on the form.

Example:

You have seed potato sales of \$50,000.

Report:

147 potatoes \$50,000

If you received a cheque for a commodity sale that is net of expenses, report the sale to include the full value of the commodity

Example:

Your receipt from the processor shows:

\$10,000 gross apple sales
 - \$1,500 pack and sell costs
 = \$8,500 net sales

Report \$10,000 as your gross apple sales and \$1,500 as an expense on line 9836, Commissions and levies.

If your commodity sales include charges that were applied after the point of sale, you must adjust your sales to show the value of the commodity at the point of sale. Report any amounts that were charged after the point of sale on line 575, Point of Sale Adjustments. This will ensure that your ANS are calculated correctly.

Example:

Your cash ticket from the elevator shows:

\$7,000 gross wheat sales
 -\$1,500 freight charges
 - \$300 elevation charges
 = \$5,200 net sales

Report the gross wheat sales of \$7,000 as income. Report the freight charges of \$1,500 and elevation charges of \$300 as a point of sale adjustment on line 575 under Commodity Purchases and Repayment of Program Benefits (not under Allowable Expenses) because these expenses were incurred after you delivered your grain to the elevator (i.e. after the point of sale).

While point of sale adjustments are not a commodity purchase, you report them in the Commodity Purchases and Repayment of Program Benefits section to ensure your allowable net sales (ANS) are calculated correctly for AgriInvest.

Payment in kind

If you give a commodity to another person as a payment-in-kind, report the value of the goods as a sale using the code for the commodity. If the payment-in-kind was made to settle a business expense, also report the value as an offsetting expense.

Example:

You owed your landlord \$1,000 for rent. Instead of cash, you paid him by giving him \$1,000 worth of seed. Report the fair market value of the seed crops (\$1,000) that you gave the landlord as a commodity sale. Report the \$1,000 on line 9811 as a rental expense.

Gifts

Report the value of livestock or other items that you would normally have sold but you gave away, as a commodity sale.

Crop share

If you are a tenant in a crop share, you are eligible to apply for AgriStability and AgriInvest.

If you are a landlord in a crop share, you are only eligible to apply for AgriStability and AgriInvest if the crop share arrangement is considered a joint venture.

For AgriStability, a crop share arrangement is considered a joint venture if the landlord's share of the allowable expenses as reported to CRA is approximately the same as their share of the related allowable income.

For AgriInvest, a crop share arrangement is considered a joint venture if the landlord's share of the allowable purchases as reported to CRA is approximately the same as their share of the related allowable income.

Generally, for AgriStability and AgriInvest, eligible tenants and landlords must report only their individual share of the allowable income and expenses.

Example 1:

You are a tenant in a crop share and receive 60% of the income from the sale of your crop. You report your 60% share of the sales under Commodity Sales and Program Payments. Report your 60% share of expenses under Allowable Expenses.

Example 2:

You are an eligible landlord who receives 40% of the income from the sale of the crop. Report your 40% share of the sales under Commodity Sales and Program Payments. Report your 40% share of expenses under Allowable Expenses.

However, if you are a tenant and the entire crop was sold under your name, report the sale as income and your landlord's share as a commodity purchase using the code for the commodity. This will ensure your program benefits are calculated correctly.

Example:

You are a tenant in a crop share. When you sell the crop you receive all the income from the crop and then pay the landlord his 40% share of the income from the sale. Report 100% of the sales under Commodity Sales and Program Payments and 40% of the sales under Commodity Purchases and Repayment of Program Benefits.

Commodity Futures

You can report income transactions involving commodity futures as a commodity sale for AgriStability and AgriInvest if:

- you reported the futures transaction as farming income (loss) for income tax;

- the transaction involves a primary agricultural product that you produced on your farm; and
- the transaction is considered a hedging strategy, not speculation.

If your futures transactions meet the above conditions, report them as follows:

- For futures transactions reported as a gross amount:
 - report the income as a commodity sale using the code for the commodity;
 - report related purchases as a commodity purchase using the code for the commodity.
- For futures transactions reported as a net amount:
 - report the net gain as a commodity sale using the code for the commodity;
 - report the net loss as a commodity purchase using the code for the commodity.
- For futures transactions that you did not produce or were not considered a hedging strategy:
 - report income as other farming income on line 9600;
 - report losses as a non-allowable expense, on line 9896.

Cash Advances

If you received a cash advance for crops that someone stores in your name, do not report the advance as income. Cash advances, as administered under the *Agricultural Marketing Programs Act*, are treated as a loan.

Tree Production

Allowable items

Trees must be produced through farming activity to be allowable for AgriStability and AgriInvest. Farming activity for trees includes:

- planting;
- nurturing; and
- harvesting.

Operations must pay significant attention to managing the growth, health, and quality of the trees, and generate normal input and harvesting costs.

Allowable tree production includes regular seeding and harvesting of:

- trees;
- shrubs;
- herbaceous perennials; and
- annuals, including ornamental, fruit, and Christmas trees.

Report income, expenses and inventory associated with the production of these commodities on your AgriStability and AgriInvest form.

Non-allowable items

Income, expenses, and inventories related to producing and/or harvesting trees for use as the following are non-allowable under AgriStability and AgriInvest, regardless of the activities used to produce them:

- firewood;
- construction material;
- poles or posts;
- fibre, pulp and paper; and
- trees and seedlings destined for use in reforestation.

Report income from non-allowable items listed above on line 9600.

Woodlots

If you operated or regularly harvested a woodlot, report the sale of trees, lumber, logs, poles, or firewood using code 259. This income is non-allowable income for AgriStability and AgriInvest.

Livestock Producers

Include any insurance payments received for losses of livestock as a commodity sale using the applicable livestock commodity code.

Income Generated From the Use of Commodities

Generally, you include income earned from the use a commodity with commodity sales. For example, report income from stud fees with horse sales. However, income generated from pollination services should be reported using code 376.

Custom Feedlot Operators

For AgriInvest, you are eligible based on the value of allowable commodities you produce and feed to custom fed livestock.

If your custom feeding invoices are itemized:

- report allowable feed and protein supplements as a prepared feed sale under Commodity Sales and Program Payments using code 243; and
- report other charges itemized under Commodity Sales and Program Payments using code 576.

If your custom feeding invoices are not itemized:

- report the total amount invoiced as a prepared feed sale under Commodity Sales and Program Payments using code 246. Seventy percent (70%) of this amount is included in the calculation of your Allowable Net Sales (ANS), as an allowable commodity sale.

For AgriStability, income and expenses are allowable if you made an appreciable contribution to the growth and maturity of the livestock.

PMU Contract Cancellation Income

Income received from the buy-out of PMU contracts is allowable if it is paid in lieu of the income you would have received for the sale of the product under the contract. Penalty fees and other compensation are non-allowable.

Use code 322 to report amounts received for your Collection Agreement, Herd and Health payments, West Nile Reimbursement and Equine Placement Fund.

Use code 9600 to report amounts received for the Business Planning Subsidy and capital costs.

Prescribed Drought Region (PDR) and Prescribed Flood Region (PFR)

If you deferred income received from the sale of breeding animals from your 2015 fiscal period for income tax, report:

- the income as a commodity sale using the code for the commodity; and
- the amount you deferred as a commodity purchase using the appropriate code from the list on the next page.

When reporting the income that you deferred in a previous year, report the amount as a commodity sale using the appropriate code from the list on the next page.

PDR/PFR/CFIA Deferred Livestock Codes	
Deferred bovine cattle	150
Deferred bison	151
Deferred goat	152
Deferred sheep	153
Deferred deer	154
Deferred elk	155
Deferred horse for PMU sales	156
Deferred other breeding animals	157

Canadian Food Inspection Agency (CFIA) - Destroying Livestock

If you deferred income you received for destroying animals under the Health of Animals Act from your 2015 fiscal period for income tax, report:

- the income as a commodity sale using a CFIA program payment code; and
- the amount you deferred as a commodity purchase using the appropriate code from the PDR/PFR/CFIA Deferred Livestock Codes chart above.

Report the income that you deferred in a previous year as a commodity sale using the appropriate code from the PDR/PFR/CFIA Deferred Livestock Codes chart above.

See below for an explanation on how to report your CFIA payment using the CFIA codes.

Private Insurance Proceeds for Allowable Commodities

Use code 661 to report insurance proceeds from private insurance that you received for revenue losses for allowable commodities. For example, report proceeds you received from Global Ag Risk for net crop production losses for commodities that are allowable for AgriStability and AgriInvest using this code.

Insurance Proceeds for Allowable Items

Use code 406 to report insurance proceeds you received for allowable expense items such as fertilizers, chemicals, fuel, etc.

Program Payments

Treatment of program payment income is determined by the type of loss you were compensated for.

For AgriInvest, only program payment income you received for the loss of an allowable commodity is included in the calculation of your Allowable Net Sales (ANS). For example:

- AgriInsurance / production or crop insurance, hail insurance;
- private insurance for allowable commodities; or
- wild life damage compensation.

For AgriStability, only program payments that compensate you for losses covered under AgriStability are included in the calculation of your program year margin.

Use the codes found in Program Payment List A or B to report your program payment. Report the name, code, and the amount under Commodity Sales and Program Payments. Find the Program Payment code lists beginning on page 35.

If you reported your program payments on your Statement of Farming Activities net of expenses (i.e.: income minus expenses), report the full amount of the payment as income and report the deduction as an expense.

Example:

\$6,000 hail insurance proceeds
-\$2,000 premiums
 =\$4,000 net proceeds

Report \$6,000 as an AgriInsurance (production/crop/hail insurance) program payment for grains, oilseeds, and special crops, using code 401.

Report \$2,000 as an allowable expense on line 9665, Insurance premiums (crop or production).

Report payments from programs that are not listed in Program Payment List A or B, on line 9540, Other program payments.

Canadian Food Inspection Agency (CFIA)

Only the portion of CFIA payments that you received for the loss of an allowable commodity is included in the calculation of Allowable Net Sales (ANS) for AgriInvest.

Report the portion of CFIA payments that you received for the loss of an allowable commodity using code 663, CFIA Payment for allowable commodities.

Report the portion of CFIA payments that you received for the loss of a commodity that is non-allowable for AgriStability or AgriInvest using code 587, CFIA payment for non-allowable commodities. For example, a payment you received for the loss of trees destined for use in reforestation.

Report the portion of CFIA payments that you received for the loss of a supply managed commodity using code 664, CFIA Payment for supply managed commodities.

Report the portion of CFIA payments that you received for costs not directly related to a commodity loss, using code 665, CFIA payment for other amounts. For example, a payment you received for the cost of carcass disposal.

Payments from the AgriInvest and AgriStability Programs

Do not report payments from the AgriInvest Kickstart Program, or government contributions (Fund 2) from AgriInvest on this form.

Report payments from AgriStability as Business Risk Management (BRM) and Disaster Assistance Payments, on line 9544.

Inventory Adjustments

If you are reporting on the cash basis, do not include current year inventory adjustments (mandatory or optional) as income. Report them on lines 9941 and 9942 on page 4 of the Statement A.

Other Farming Income

Line 9540 - Other program payments

Report any payments from programs that are not listed on Program Payment List A or B found at the back of this guide, or are not listed under “Line 9544” on this page.

If you received an overpayment from any programs you report on this line, report the amounts you repaid on line 9896, Other (specify). See page 20 for details.

Do not report AgriInsurance (production or crop insurance) payments on this line. Use codes listed in Program Payment List A instead.

Line 9544 - Business Risk Management (BRM) and Disaster Assistance Payments

Report payments you received from the following federal or provincial risk management and disaster assistance programs:

- The Canadian Agricultural Income Stabilization (CAIS) and AgriStability programs, including interim or targeted advance payments;
- Whole Farm Insurance (WFIP) Program in British Columbia;
- Ontario Whole Farm Relief Program (OWFRP) and the Ontario Farm Income Disaster Program (OFIDP).

If you received an overpayment from the programs listed above, report any amount you repaid on line 9896, Other (specify).

Do not report AgriInsurance (production or crop insurance) payments on this line. Use codes listed in Program Payment List A instead.

Line 9574 – Resales, rebates, GST/HST for allowable expenses

Report the total resales and rebates of allowable expenses, including GST/HST rebates, unless you already reduced your expenses by these amounts.

Line 9575 – Resales, rebates, GST/HST for non-allowable expenses, recapture of capital cost allowance (CCA)

Report the total resales and rebates of non-allowable expenses, including GST/HST rebates, unless you already reduced your expenses by these amounts.

Line 9601 - Agricultural contract work

Report the total of incidental farming income from activities such as:

- custom or contract work;
- harvesting;
- combining;
- crop dusting or spraying;
- seeding;
- drying;
- packing;
- cleaning, and treating seeds.

Do not include income you received from renting farm machinery on this line. See line 9614, Machine rental.

If you are a custom feedlot operator, do not report your income on this line. See page 12 for instructions on reporting your custom feeding income.

Line 9605 - Patronage dividends

Report the total patronage dividends (other than those for consumer goods or services) you received during your 2015 fiscal period.

Line 9607 - Interest

Report any interest you reported as farming business income for tax.

Line 9610 - Gravel

Report the total amounts you received from the sale of soil, sand, gravel, or stone.

Line 9611 - Trucking (farm-related only)

Report amounts you received for trucking related to your farming business.

Line 9612 - Resales of commodities purchased

Report sales of commodities that you did not produce in your farming operation. These are commodities that you bought for resale.

Report the corresponding purchases on line code 9827, Purchase of commodities resold.

Line 9613 - Leases (gas, oil well, surface, etc.)

Report payments you received for leasing your farmland for petroleum or natural gas exploration.

Line 9614 - Machine rental

Report amounts you received from the rental of your farm machinery.

Line 9600 - Other (specify)

Report the total amount of all other types of farming income not listed on the form. Then list the items on the blank lines provided under it.

Report all non-allowable farming income. Non-allowable income includes, but is not limited to:

- aquaculture;
- trees sold for use in reforestation;

- wood sales;
- peat moss; and
- income generated from wild game reserves.

Section 5: Expenses

For AgriStability, there are two types of expenses:

- allowable expenses; and
- non-allowable expenses

Allowable expenses are the operating or input expenses you paid that directly relate to the production of your commodities.

Non-allowable expenses are costs that are not directly related to the production of your commodities. These include amounts paid for interest and capital related expenses.

For AgriInvest, only purchases of allowable commodities are used in the calculation of your Allowable Net Sales (ANS).

Commodity Purchases

Use the Commodity Code List to report your commodity purchases. Commodity purchases include:

- feed;
- seed;
- plants;
- transplants;
- livestock; and
- marketable products.

If you are an apple producer replacing damaged or dead trees, report apple tree purchases using the code for apples. However, if you are buying trees to expand an orchard, this amount is a capital expenditure and is not reported as a commodity purchase.

Include expenses you incurred from the use of commodities with the commodity purchases, except for pollination fees. For example, report stud fees with horse purchases. Report pollination fees using code 376.

If you made a payment in kind for a commodity purchase, report the value of the payment as a commodity purchase. See payment in kind on page 10 for more details.

If you are a tenant and the gross sales you reported to CRA include your landlord's share of the crop, report your landlord's share as a commodity purchase.

Livestock Owners and Custom Feedlot Operators with Prepared Feed Purchases

If the ingredients on your purchase invoices of prepared feed and protein supplements are listed separately:

- report allowable commodities (such as grains, forage, oilseeds) and protein supplements using code 046; and
- report the remaining charges (such as minerals and salts) using code 570.

If the ingredients on your purchase invoices of prepared feed and protein supplements are not listed separately:

- report your total purchase using code 571. We will include sixty-five percent (65%) of this amount in the calculation of your Allowable Net Sales (ANS).

Livestock Owners with Custom Feeding Expenses

If the ingredients on your purchase invoices are listed separately:

- report allowable commodities (such as grains, forage, oilseeds) and protein supplements using code 577; and
- report the remaining charges (such as minerals and salts) using code 572.

If the ingredients on your purchase invoices are not listed separately:

- report your total purchase using code 573. We will include seventy percent (70%) of this amount in the calculation of your Allowable Net Sales (ANS).

Ranch Fur Operators with Prepared Feed Purchases

If the ingredients on your purchase invoices of prepared feed and protein supplements are listed separately:

- report allowable commodities and protein supplements using code 046; and
- report the remaining charges using code 310.

If the ingredients on your purchase invoices of prepared feed and protein supplements are not listed separately:

- report your total purchase using code 574. We will include twenty percent (20%) of this amount in the calculation of your Allowable Net Sales (ANS).

Livestock Insurance Premiums

Report the premiums you paid for private livestock insurance using line 9953, Private insurance premiums for allowable commodities.

Repayment of Program Benefits

Report any amounts you repaid to any of the programs listed in Program Payment List A and B as a purchase using the code for the program.

AgriStability Program – Allowable Expenses

Line 9661 - Containers and twine

Report the amount you paid for material to package, contain, or ship your farm produce or products.

If you operated a nursery or greenhouse, report the cost of your containers and pots for the plants you sold.

Line 9662 - Fertilizer and soil supplements

Report the amount you paid for fertilizers and lime you used in your farming business.

If you used soil supplements or other growth media, report the amounts you paid for them here. Examples of soil supplements include mulch, sawdust, and weedmats.

Report your expense for water you purchased to produce your commodity (crop or livestock) if it was not included in your municipal taxes.

Line 9663 - Pesticides and chemical treatments

Report the amount you paid for:

- herbicides;
- insecticides;
- rodenticides; and
- fungicides.

Insecticides include chemicals for pest control purposes as well as any predators or parasites introduced for that use.

Report the amount you paid for chemicals used in treating water, manure, or slurry, as well as those used in disinfecting equipment and facilities.

Report seed treatment as an allowable expense if the treatment was listed separately from the seed purchase on

your original invoice. If it was not listed separately, report the treatment as part of the commodity purchase.

Line 9665 - Insurance premiums (AgrilInsurance/production or crop)

Report the premiums you paid for any AgrilInsurance. Include premiums for hail insurance on this line.

Do not include any premiums for private, business related, or motor vehicle insurance. See line code 9804, Other insurance premiums on page 18 for further information.

Line 9713 - Veterinary fees, medicine, and breeding fees

Report the amount you paid for medicine for your animals, and for veterinary and breeding fees. Examples of such fees include the cost of:

- artificial insemination;
- embryo transplants;
- disease testing; and
- castration.

If you used disposable veterinary supplies for your farming business, report these costs here.

Line 9714 - Minerals and salts

Report purchases of minerals, salts, vitamins, and premixes (which are mainly minerals and vitamins).

Do not report purchased feed on this line.

Line 9764 - Machinery (gasoline, diesel fuel, oil)

Report the amount you paid for fuel and lubricants for your machinery used in your farming operation.

Line 9799 - Electricity

Report the electricity costs related to your farming business.

Line 9801 - Freight and shipping

Report the amount you paid for shipping farm inputs to your operating site and shipping farm produce to market.

Report amounts you paid for the disposal of carcasses.

If you were trucking for someone else, the costs you incurred for trucking are non-allowable for AgriStability. Do not include these non-allowable costs here. Report them on line 9798, Agricultural contract work.

Do not include freight and shipping charged after the point of

sale on this line. Report these expenses on line 575, Point of Sale Adjustments to calculate your AgrilInvest benefits correctly.

Line 9802 - Heating fuel

Report the total amount you paid for natural gas, coal, and oil to heat farm buildings. Report your expenses for fuel used for curing tobacco, crop drying, or greenhouses.

Line 9815 - Arm's length salaries

Report the amount of gross wages you paid to your employees, including the cost of board for hired help.

Do not include salaries paid to related persons. See line 9816, Non arm's length salaries.

Related persons are:

1) Individuals connected by:

- blood relationship;
- marriage or common law partnership;
- adoption.

2) A corporation and:

- an individual, group of persons, or entity that controls the corporation;
- an individual, group of persons, or entity of a related group that controls the corporation;
- any individual related to a person described above.

Include in this total your share of Canada Pension Plan or Quebec Pension Plan contributions and Employment Insurance premiums for arm's length salaries.

Line 9822 - Storage/drying

Report the amount you paid for storing and drying commodities. Examples of such costs include:

- amounts paid for storage and drying services;
- air treatment expenses; and
- the purchase of germination inhibitors and other preservative agents.

Electricity and heating fuel costs incurred in the storage and drying of commodities are reported on lines 9799, Electricity, and 9802, Heating fuel, respectively.

Line 9836 - Commissions and levies

Report the amount you paid in commissions and levies incurred in the sale, purchase, or marketing of commodities. Also include amounts paid in levies to marketing boards, except those due as a result of penalties or fines you incurred.

Do not include commissions paid to salespeople you contracted to market your product.

If you marketed fruit or vegetables through a co op, report any pack and sell expenses here.

Do not include pack and sell expenses that were incurred after the point of sale. Reported these amounts on line 575 – Point of sale adjustments, to calculate your AgriInvest benefits correctly.

Line 9953 – Private insurance premiums for allowable commodities

Report the amount of private insurance premiums you paid for allowable commodities such as livestock.

Do not include premiums for hail insurance on this line. They must be reported on line 9665, Insurance premiums (AgriInsurance/ production or crop).

Do not include any premium for:

- private insurance for non-allowable commodities or items;
- business-related; or
- motor vehicle insurance.

See line 9804, Other insurance premiums to report these amounts.

AgriStability Program – Non-Allowable Expenses

Line 9760 - Machinery (repairs, licences, insurance)

Report the amount you paid for of repairs, licence fees, and insurance premiums for your machinery.

Line 9765 - Machinery lease/rental

Report the amount you paid for leasing machinery used to earn your farming income. If you lease a passenger vehicle, see line 9829, Motor vehicle interest and leasing costs.

Line 9792 - Advertising and promotion costs

Report the amount you paid for advertising and promoting your farm products.

If you marketed fruit or vegetables through a co-op do not report your pack and sell expenses here. See line 9836, Commissions and levies for information on how to report your pack and sell expenses.

Line 9795 - Building and fence repairs

Report the amount you paid for repairs to fences and all buildings you used for farming, except your farmhouse.

Line 9796 - Land clearing and draining

Report the amount you paid for the following:

- clearing the land of brush, trees, roots, stones, and so on;
- first ploughing of the land for farm use;
- building an unpaved road; and
- installing land drainage

Line 9798 - Agricultural contract work

Report the amount you paid for custom and contract work, other than custom feeding. For example, report amounts you paid if you had a contract with someone who:

- cleaned, sorted, graded, and sprayed the eggs your hens produced; or
- aged the cheese you produced; or
- did your harvesting, combining, crop dusting, or contract seed cleaning.

If you are a custom feedlot operator, do not report your custom feeding expenses on this line. See page 16 for instructions on reporting your custom feeding expenses.

For AgriStability, agricultural contract work is a non allowable expense. However, if the charges on your invoice are listed, report the amounts that are allowable expenses for AgriStability on their specific line code.

For example, your invoice lists the costs charged for chemical, fuel and salaries. Report these amounts on lines:

- 9663, Pesticides and chemical treatments;
- 9764, Machinery (gasoline, diesel fuel, oil); and
- 9815, Arm's length salaries.

Report the remaining non-allowable amounts on this line.

Line 9804 - Other insurance premiums

Report the amount of business related insurance premiums you paid to insure your farm buildings, farm equipment

(excluding machinery and motor vehicles), and business interruption.

Do not include any premiums for hail insurance or livestock on this line. Report these premiums on line 9665 or on line 9953.

Line 9805 - Interest (real estate, mortgage, other)

Report the amount of interest you paid on money you borrowed to earn farming income, such as interest on a loan you used to buy a baler.

Do not include the interest on money you borrowed to buy a passenger vehicle used in your farming business. Report this amount on line 9829, Motor vehicle interest and leasing costs.

Line 9807 - Memberships/subscription fees

Report the amount of annual dues or fees you paid to keep your membership in a trade or commercial farming association.

Report the amounts you paid for your AgriStability Administrative Cost Share (ACS) and fee.

Line 9808 - Office expenses

Report the amount of office expenses, such as:

- stationery;
- invoices;
- receipt and accounting books; and
- any other office supplies.

Line 9809 - Legal and accounting fees

Report any legal fees you incurred for your farming business.

Report any accounting or bookkeeping fees you paid to have someone maintain your books and records, and to prepare your income tax return and GST/HST returns.

Line 9810 - Property taxes

Report the amount of land, municipal, and realty taxes you paid for property used in your farming business.

Line 9811 - Rent (land, buildings, pastures)

Report the amount of rent you paid for land, buildings, and pastures you used for your farming business.

If you farmed on a crop share basis and paid your landlord a share of the crop, add the fair market value of the crops you gave your landlord to your income as a commodity sale.

This amount should represent what you would have paid in cash to your landlord for rent. Deduct the same amount as a commodity purchase.

Line 9816 - Non-arm's length salaries

Report the amount of gross wages you paid to related persons. For a definition of related persons, see line 9815, Arm's length salaries.

Line 9819 - Motor vehicle expenses

Report the amount of motor vehicle expenses you incurred for farming business use.

Line 9820 - Small Tools

Report the amount of expenses you incurred for small tools.

Line 9821 - Soil testing

Report the amount of expenses you incurred for testing soil samples.

Line 9823 - Licences/permits

Report the amount of annual licence and permit fees that you incurred to run your business.

Line 9824 - Telephone

Report your telephone expenses related to your farming-business.

Line 9825 - Quota rental (tobacco, dairy)

Report your expenses for quota rentals in the fiscal year.

Line 9826 - Gravel

Report the expenses you incurred for gravel used to earn farming income in the fiscal year.

Line 9827 - Purchases of commodities resold

Report purchases of commodities that you bought for resale and then sold.

Line 9829 - Motor vehicle interest and leasing costs

Report the leasing costs for your motor vehicle or the interest on the money you borrowed for a motor vehicle.

Line 9935 - Allowance on eligible capital property

Report the annual allowance calculated for capital property from your farming operation's Statement of Farming Activities.

Line 9936 - Capital Cost Allowance

Report the amount of capital cost allowance (CCA) you calculate on all the eligible assets used in your farming operation.

Line 9937 - Mandatory inventory adjustment – prior year

Report any mandatory inventory adjustments (prior year) from your farming operation's Statement of Farming Activities.

Do not include the accrual inventories from your financial statements on this line.

Line 9938 - Optional inventory adjustment - prior year

Report any optional inventory adjustments (prior year) from the operation's Statement of Farming Activities.

Do not include the accrual inventories from your financial statements on this line.

Line 9896 - Other (specify)

The expenses listed on the form are only the most common ones. If you have other farming expenses that are not listed on the form and are non-allowable for AgriStability, report the total amount on this line. Then list the items on the blank lines provided under this line.

You may have received an overpayment from one of the programs identified on lines 9540 and 9544. Report any overpayments which you have repaid on this line.

Report losses from futures transactions involving commodities which you did not produce or were not considered a hedging strategy on this line.

Section 6: Statement of Farming Activities

You must complete this section of the form. The information on the Statement of Farming Activities is used to verify that the information reported on your AgriStability and AgriInvest form is the same as what you reported to the CRA.

If you farm on a reserve and are not required to file an income tax return, you only need to fill out the Shareholder/Member and/or Partnership Information section(s) if they apply to you.

Use your operation's Statement of Farming Activities to complete the following information.

Line 9959 - Gross farming income

Report the gross farming income from your farming operation's Statement of Farming Activities.

Line 9968 - Total farming expenses

Report the total farming expenses from your farming operation's Statement of Farming Activities.

Line 9969 - Net farming income (loss) before adjustments

Report the net farming income (loss) before adjustments from your farming operation's Statement of Farming Activities.

Line 9941 - Optional inventory adjustments/current year

Report the total amount of current year optional inventory adjustments from your farming operation's Statement of Farming Activities.

The optional inventory adjustment applies to you only if you use the cash method of accounting for income tax.

Do not include accrual inventories from your financial statements here.

Line 9942 - Mandatory inventory adjustments/current year

Report the total amount of current year mandatory inventory adjustments from your farming operation's Statement of Farming Activities.

The mandatory inventory adjustment applies to you only if you use the cash method of accounting for income tax.

Do not include accrual inventories from your financial statements here.

Line 9944 - Net farming income (loss) after adjustments

Report the net farming income (loss) after adjustments from your farming operation's Statement of Farming Activities.

Line 9946 - Net farming income (loss)

Report the net farming income (loss) from your farming operation's Statement of Farming Activities.

Shareholder/Member Information

Corporations, use your Statement of Share Capital to complete the following.

Name of Shareholder/Member

Report the name and Participant Identification Number (PIN) of the shareholder/member or group of related shareholders/members who have controlling interest in the corporation.

When a corporation is a shareholder, report the names and PINs of the participating shareholder or group of related shareholders that has controlling interest in that corporation. Attach a separate sheet if necessary.

Partnership Information

Complete this section only if the operation is a partnership. Enter your percentage share of the partnership on the first line and then enter the information for all other partners on the lines below.

Partnership Name

Report the partnership's name.

AgriStability and AgriInvest Participant Identification Number (PIN)

Report the PIN, if available, for each partner.

Partners' Names

Report the first and last name of each individual partner. If a corporation or co-operative is a partner, report the name of the corporation or co-operative.

If another partnership is a partner, report the names of the partners in that partnership.

Percentage (%) Share

Report each partner's percentage share based on the allocation of partnership net income/loss reported with the CRA (excluding Status Indians) unless:

- interest has been paid on partner's capital; or
- salaries have been paid to partners.

In these cases, exclude these amounts in determining the partner's percentage share.

If another partnership is a partner, determine the beneficial ownership of each individual member.

Example:

The Smith & Smith Partnership owns 60% of the Sunny Skies Partnership. Since Fred Smith Ltd. and Mary Smith Ltd. each own 50% of the Smith & Smith Partnership, each corporation has a 30% beneficial ownership in the Sunny Skies Partnership.

Individual corporate ownership of Smith & Smith Partnership.....	50%
Smith & Smith ownership of Sunny Skies.....	x60%
Individual corporate beneficial ownership in Sunny Skies.....	=30%

Chapter 5: Inventories, Purchased Inputs, Deferrals, Receivables, and Payables

Complete these sections if you want to participate in AgriStability.

For AgriStability Participants

In addition to completing sections 1-6, you must complete sections 7-12 of the Statement A to participate in AgriStability.

Complete only the areas that apply to your farming operation. If you have additional farming operations, also complete a Statement B.

If you file to the CRA on the accrual basis, complete parts of the crop inventory valuation and productive capacity, livestock inventory, as well as the livestock productive capacity section if they apply to you.

If there are not enough lines on the form to provide all of your information, attach a second copy of the page with the rest of the information on it.

AgriStability Program Codes

Carefully read the instructions for each section and use the code lists listed below. Codes listed in the code lists can change from year to year. It is important to check the lists when entering your information to ensure you use the right code.

- **Inventory Code List:** Includes the codes and descriptions for commodities to complete sections 7 and 8 of the form. This code list starts on page 38 of this guide.
- **Units of Measurement Code List:** Includes the units for the “Units” column in Section 8 - Crop Inventory Valuation and Productive Capacity. This code list is found on page 65 of this guide.
- **Expense Code List:** Includes the codes and descriptions of the allowable expenses to complete Section 10 - Purchased Inputs and Section 12 - Accounts Payable of the form. This code list is found on page 65 of this guide.
- **Commodity List:** Includes codes and descriptions of commodities to complete sections 10, 11, and 12. This code list starts on page 32 of this guide.
- **Program Payment Lists:** Includes codes and descriptions of program payments to complete Section 11 - Deferred Income and Receivables. This code list starts on page 35 of this guide.
- **Productive Capacity List:** Includes codes and units used to report “other” commodities that are not listed in Section 9 - Productive Capacity. This code list starts on page 66 of this guide.

Commodities with Published Prices

You are not required to provide End of Year Prices (EYPs) in sections 7 and 8 if the commodities you report are marked with an “X” on the Inventory Code List for your province or territory.

Prices for commodities marked with an “X” on the inventory code list are developed using information from:

- Statistics Canada;
- Agriculture and Agri-Food Canada (AAFC);
- provincial agriculture departments; and
- commodity organizations.

The prices are published in the AgriStability Price List. We use these prices to value your inventory. You can request a copy of this list from us or find it on the AgriStability Web site.

If you do not feel these End of Year Prices (EYPs) are appropriate for your farm, you may use your own EYPs if you can show that:

- your commodity is substantially different than the commodity listed on the published price list; or

- your method of marketing the commodity was substantially different from the general marketing practice reflected in the published price list.

In either of these cases, you may use End of Year Prices (EYPs) based on sales or purchases of the specific commodity:

- in your name; and
- occurring within 30 days either before or after your fiscal year end.

To use your own End of Year Prices (EYPs), you must send copies of receipts or documents that support these EYPs to your administration. Send this information to your administration at the same time you submit your form, or within your adjustment time frame. See “How to send Additional Information for AgriStability and AgriInvest” on page 2 for further information.

See the program handbook or visit the program Web site for information on adjustments rules.

We have the right to decide if the EYPs you submit are reasonable for your inventory.

Commodities with Unpublished Prices

You must provide End of Year Prices (EYPs) for the Crop and Livestock Inventories that are shaded on the Inventory Code List (for your province or territory). Base the EYP you provide for your commodity on:

- the estimated market prices at year end; or
- sales or purchases within 12 months before or after your fiscal year-end.

You are not required to provide documentation to support your prices for unpublished commodities. However, if you do, it will increase the chances of your price being accepted.

Supporting documentation includes:

- receipts from sales or purchases of the commodity; or
- commodity specific price information from appropriate commodity marketing agencies.

Send your supporting documentation to your administration at the same time you send your form or within your adjustment time frame. See “How to send Additional Information for AgriStability and AgriInvest” on page 2 for further information.

We have the right to decide if the EYPs you submitted are reasonable for your inventory.

Has the productive capacity of this operation decreased during the program year due to disaster circumstances?

Check the “Yes” box if the productive capacity in your farming operation decreased due to disaster circumstances during the program year. A decrease in productive capacity means a decrease in the overall amount you produced.

For example, check “Yes” if CFIA ordered your livestock to be destroyed due to disease or if you were unable to seed or harvest some or all of their your land because of extreme wet or dry conditions

Section 7: Livestock Inventory Valuation

Complete this section if you had livestock in your inventory during the program year (including livestock carried over from a previous fiscal year and/or carried into the following fiscal year).

If you filed to the CRA on the accrual basis, you do not need to complete column “d”.

This part of the form is used to:

- measure your livestock inventory change from the ending amount you reported in 2014 to the ending amount in the 2015 program year; and
- establish that your farm has completed a production cycle.

Livestock Lease Agreements

If you are involved in a lease agreement, or if you own a portion of an animal, report only your share of the lease agreement. For example, if you co-own a bull with another producer, report $\frac{1}{2}$ a bull in your inventory.

Lessee: If you lease a breeding herd but take only a percentage of the calf crop, report:

- your share of the herd based on your share of the calf crop. Use code 8134, Breeding Females, Leased (not owned) to report the leased cows; and
- your share of the calves, using the code for their weight class.

For example, if you lease 100 cows but take only 60% of the calf crop, report only 60 cows (60% of 100) using code 8134, and report 60 calves using the codes based on their weights.

Lessor: If you own cows but lease them out and take a percentage of the calf crop, report:

- 100% of your cows using the applicable codes found in the Inventory Code Lists; and
- your share of the calf crop using the code for their weight class.

Do not use code 8134, Breeding Females, Leased (not owned).

How to Complete the Columns

Columns a and b: Report all livestock that you had on hand at the end of your 2015 fiscal period. Report each class of livestock separately. Use the Inventory Code List to find the code and description for each livestock class.

Column c: Report the number of head, not the dollar value of each livestock class that you had on hand at the end of your fiscal period. Do not round numbers.

Column d: Include an End of Year Price (EYP) to value your livestock if they are shaded on the Inventory Code List. If you are reporting a livestock category is marked with an “X” on the Inventory Code List, leave the EYP column blank.

Section 8: Crop Inventory Valuation and Productive Capacity

Complete this section if you:

- produced or seeded crops or forage (with the expectation of harvest) during the program year;
- had unseedable acres in the program year (see page 24 for an explanation of unseedable acres); or
- carried over crops or forage in your inventories from your previous fiscal year.

If you filed to the CRA on the accrual basis, you do not need to complete column “h”.

This part of the form is used to:

- measure your crop and forage inventory change from the ending amount you reported for 2014 program year to the ending amount in the 2015 program year;
- establish that you have completed a production cycle; and
- adjust your reference margins, where necessary, if you had a structural change.

Provide your AgrilInsurance (production/crop insurance) contract or identification numbers that relate to the crops listed in this section.

Crops or Forage Carried Over From 2014 But No Longer Seeded/Produced in 2015

If you had inventory at the end of your 2014 fiscal period for a commodity you did not produce in 2015, complete columns “a” to “c” of Section 8. Enter zero in the “Acres” and “Quantity Produced” columns. Report ending inventory in column “g” if you are carrying the inventory to your 2016 fiscal period.

Landlords/Tenants

If you are a tenant in a crop share, or a landlord in a joint venture crop share, report your share of the acres and quantities.

Example:

You rent 300 acres in a crop share agreement. You receive 2/3 of the crop and pay 2/3 of the expenses. Your landlord receives the remaining 1/3 of the crop and pays 1/3 of the allowable expenses. In 2015, the rented land produces 300 tonnes of wheat.

You report your 2/3 share of both the acreage and the production:

- 200 acres; and
- 200 tonnes of wheat.

Your landlord reports his 1/3 share of both the acreage and the production:

- 100 acres; and
- 100 tonnes of wheat.

Commodity Pools

If you sold commodities into a pool, you have to account for the full value of your commodity even if you only received a portion of the payment in your 2015 fiscal year.

Report any adjustment or final payments you received or expect to receive for your commodity after your 2015 fiscal year end as a receivable in section 11, using code 4020, Expected Grains and Oilseeds Pool Payments.

Example:

In 2015 you sold 10 tonnes of wheat through the Canadian Wheat Board. You received initial and adjusted pool payments of \$2554.50 in 2015, and have estimated your projected final payment (which will be paid to you in 2016) to be \$645.50.

Report:

- \$2554.50 as a wheat sale using the code 056; and
- \$645.50 in section 11, using code, 4020, Expected Grains and Oilseeds Pool Payments.

Perishable Horticulture Crops

A perishable horticulture or floriculture crop is a crop that:

- spoils or decays easily; and
- cannot be stored for periods longer than 10 months, such as like potatoes, apples or carrots.

Report adjustments for perishable horticulture crops on an accounts receivable basis, not on an inventory valuation basis. Therefore, in this section, report only the “Quantity Produced” from your 2015 fiscal period production in the Crops Inventory Valuation and Productive Capacity section.

Do not report ending inventories or any production from the previous fiscal year.

See Section 11, Deferred Income and Receivables to report income from sales of 2015 crops that are received in 2016.

Unseedable Acres

Report all acres that you would normally have seeded in the program year, but could not due to your land being too wet or too dry in the “Unseedable Acres” column. Report your unseedable acres based on what you planned to grow on those acres.

Report all summerfallow, pasture and wasteland acres on lines 17, 18 and 19 on the form.

Example:

At the beginning of the year you planned to grow Canola on 300 of your acres. However, you were only able to seed 200 of those acres because the other 100 acres were too wet to seed. Report 200 “acres” of canola and 100 “unseedable acres” as canola.

Unharvestable Acres

If you grew a commodity and expected to harvest it in the program year but could not for reasons beyond your control, report the commodity and acres, and enter your production as zero. See instructions below for reporting snowed under crops.

Snowed-Under Crops

If you were unable to harvest some or all of your 2015 crop at the end of your fiscal year due to snow, report:

- the total acres for the crop using the inventory code for the crop; and
- the estimated production that you may be able to harvest in the next year. If the crop was not salvageable, report a quantity of zero.

Then use code 6826, Harvest Discount Allowance, to report the total acreage (regardless of the commodity) that was snowed under.

Example:

You seeded 350 acres; 100 acres to canola and 250 acres to barley. You harvested 80 of your canola acres and 200 of your barley acres before the remainder of your crops were snowed under. Report the following in your crops inventory:

- 100 acres for canola;
- 250 acres for barley; and
- the actual harvest amount you received from those acres.

Report the 70 acres you were not able to harvest as snowed under using code 6826, Harvest Discount Allowance.

350 seeded acres
 - 80 acres of harvested canola
 - 200 acres of harvested barley
 = 70 Acres of snowed under crops.

Standing/Unharvested Crops

If your farm always has a standing crop at the end of your fiscal year (for example, July 31), do not include the standing crop in inventory.

If your farm has an unexpected standing crop at the end of your fiscal year because you were not able to harvest it by your fiscal year end (for example, September 30), include the standing crop in inventory. Also include fall and winter crops in your inventory.

Report the total acres for each crop you grew using the inventory codes for the commodities. Then use code 6826, Harvest Discount Allowance, to report the total acreage of all commodities that had standing crop at your fiscal year-end.

Example:

You had 400 acres seeded to flax. You were only able to harvest 250 of these acres before your fiscal year end, leaving you with 150 acres still standing.

400 acres of flax
 -250 acres harvested
 =150 acres with standing crop

Report 400 acres of flax, and the actual harvest amount you harvested from those acres. Then report 150 acres as standing using code 6826, Harvest Discount Allowance.

Swath Grazing

If you use swath grazing as a management practice to extend your grazing season, report the number of acres you used for swath grazing using code 5588. Provide (in tonnes) your estimated production and any swath remaining at your fiscal year end as ending inventory.

Organic production

Identify your crop as “organic” only if it has been Certified Organic. We may request proof of your organic certification.

Multi-Stage Crops

If you produce multi-stage crops, report the acres of all your crops even if you did not expect production from those acres in the program year. Use the codes from the Inventory Code List to reflect the stage of production for the program year.

In British Columbia, multi stage crops are:

- apples;
- blueberries (high bush);
- cranberries;
- grapes;
- sweet cherries;
- Christmas trees;
- sod;

- echinacea,
- ginseng; and
- hops.

Note

If you report apples or sweet cherries in Section 8 – Crop inventory valuation and productive capacity, report the total acres planted for each commodity. Your administration will collect detailed information on the variety, age, and density of apples and sweet cherries.

In New Brunswick and Nova Scotia, multi stage crops are:

- blueberries (low and high bush);
- cranberries;
- grapes;
- Christmas trees;
- sod;
- echinacea; and
- ginseng.

In all other provinces, the multi stage crops are:

- high bush blueberries;
- grapes;
- Christmas trees;
- sod;
- echinacea; and
- ginseng.

Berry Producers

In some years, you may be able to harvest your berries early enough to plant another commodity on those acres. If you expect to harvest both commodities in the same fiscal year, report the acreage and production on your crop inventory for each commodity.

Sod Producers

Report your total sod acres (not just acres harvested) based on their stage of growth at the end of your fiscal year. See the inventory code list for the codes you need to report your sod acres.

Example 1:

You seeded 150 acres at the end of 2015 and harvested them in 2016. Report 150 acres using code 6941, Sod, acres seeded.

Example 2:

You seeded 150 acres in 2014 but did not harvest those acres until 2016. Report 150 acres using code 6943, Sod, acres growing.

If you produce sod in the following regions of British Columbia, use code 6937, Sod, acres harvested (BC Coastal Regions) to report your sod acres:

- Capital (17)
- Cowichan Valley (19)
- Nanaimo (21)
- Alberni-Clayoquot (23)
- Comox-Strathcona (25)
- Powell River (27)
- Fraser Valley (9)
- Greater Vancouver (15)
- Sunshine Coast (29)
- Squamish-Lillooet (31)

If you have more than one harvest within your fiscal year, report the acres only once.

Christmas Trees

There are two types of Christmas tree operations:

- tree farms; and
- managed natural stands.

Tree Farms are operations that plant their seedlings in a greenhouse, garden or tree farm where they are maintained until harvested.

If you operate a tree farm, report your total acres of trees based on their stage of growth at the end of your fiscal period. Report your production and ending inventories based on the number of trees you had in each of the stages of growth.

Note

The “Establishment” stage for Christmas trees (code 6960) means the first year you planted the seedling or tree in your tree farm. Prior to the “Establishment” stage, report seedlings grown in a greenhouse or garden using nursery codes (eg. code 7116, Trees and Shrubs, 4 inch). Codes 6961, 6962, 6963 and 6964 are the years after the “Establishment” stage.

Managed Natural Stands are operations where trees are selected from existing forest and are actively maintained until harvest.

If you operate a managed natural stand, report the acres of trees that you actively maintained as either pre-harvested or harvested. The number of acres you report is based on 1000 trees per acre.

Example:

If you had 9500 pre-harvested trees at the end of your fiscal year, you report 9.5 acres.

Report quantity produced based on the number of trees. Report ending inventories and an end of year price for your pre-harvested trees.

Do not report ending inventories for your harvested trees. Harvested trees are perishable commodities and adjustments are reported as an accounts receivable. See “Section 11 – Deferred income and Receivables” on page 30 for further information.

How to Complete the Columns

Column a and b: Use the Inventory Code list to report all commodities by code and description that you:

- produced;
- had on hand at the end of your fiscal period; or
- planned to produce but could not because your land was too wet or too dry.

Report each grade or variety of crop separately. For example, report #1 Wheat >14% separately from #1 Wheat <12.5%. Leave the code blank if the commodity is not listed in the Inventory Code List.

Column c: Use the Units of Measurement Code List to report the code for the unit of measurement used for each commodity you report. Do not report dollar value. Use the same unit of measurement for all entries in a single row.

Column d: Report the number of acres of crops that produced, or should have produced a crop during your 2015 fiscal period.

If you produce multi-stage crops, report all of your acres (even if no production was expected) based on their establishment stage at the end of your fiscal year. See page 25 for information on multi-stage crops.

Do not report your unseedable acres (too wet or too dry to seed) in this column. Report unseedable acres in column “e”.

For commodities not measured in acres, use the unit of measurement standard for that commodity. For example:

- report greenhouse and nursery operations (including floriculture) in square metres, based on the productive area.
- report maple syrup operations in hundreds of taps producing. For example, if you have 350 taps producing, report 3.5 ($350/100=3.5$).

Column e: Report the number of acres you planned to seed for each commodity but could not because the land was too wet or too dry. Report only those acres that would have produced a crop during the program year.

If you planned to produce multi-stage crops, report the unseedable acres for each multi-stage commodity you planned to seed in the program year.

Column f: Report the quantity of the crop you produced in the program year.

Column g: Report the quantity of crop you had at the end of your fiscal period.

Column h: Provide an End of Year Price (EYP) to value your crops that are shaded for your province or territory on the Inventory Code List. If the commodity is marked with an “X” for your province or territory on the Inventory Code List, leave the EYP column blank unless you meet the conditions for using your own price. See “Commodities with Published Prices” on page 22 for more information.

Section 9: Livestock Productive Capacity

The information on this part of the form is used to adjust your reference margins, where necessary, for structural changes that occurred in your farming operation.

Livestock Lease Agreements

If you lease animals but do not take 100% of the revenue from the animal, report only your share of the agreement.

For example, if you lease 100 cows but only keep 60% of the calf crop, report 60 cows.

$$\begin{array}{r} 100 \\ \times 60\% \\ \hline = 60 \end{array}$$

Productive Animals

Code 104 - Cattle

Report the number of cows that calved in your 2015 fiscal year.

Do not report calves born in your 2015 fiscal year as productive capacity even if they were:

- weaned;
- sold; or
- held over to sell in a different fiscal period.

If you held your calves to your next fiscal year, report them as feeder cattle next year if they have an appreciable gain in that fiscal period.

Note

Calves that are held over to the next fiscal period must still be reported as inventory in section 7, Livestock Inventory Valuation this year.

Codes 123 and 145 – Hogs

Report the number of sows in the breeding herd within the 2015 fiscal year. Report the sows based on the type of operation (farrowing or farrow to finish). Determine the average number of breeding sows by dividing the births in your fiscal year by your average birth rate per sow.

For example:

$$\begin{array}{r} 10,000 \text{ births} \\ \div 23 \text{ average birth rate per sow} \\ \hline = 435 \text{ average number of breeding sows.} \end{array}$$

If your hog operation only produced for part of the year, make sure your average number of breeding sows is lower to reflect your reduced production.

If the number of breeding sows was affected by disaster circumstances, check the “Yes” in response to the question that asks if your productive capacity has decreased due to disaster circumstances.

Codes 105 and 106 - Number of Feeder Livestock - Cattle

Report the number of animals you fed to an appreciable gain in 2015. An appreciable gain is defined as 90 kg (200 lb) weight gain or a minimum of 60 days on feed.

Group the animals fed based on:

- the sale weight, if sold in the program year; or
- expected sale weight, if not sold in the program year.

Do not include the following animals in this section:

- breeding animals;
- culls;
- animals that have not been weaned;
- animals born within your operation in the program year.

Codes 124 and 125 - Number of Feeder Livestock – Hogs

Report the number of animals fed. Group the animals fed based on:

- the sale weight, if sold in the program year, or
- expected sale weight, if not sold in the program year.

Do not include the following animals under this section:

- breeding animals;
- culls;
- animals that have not been weaned;
- animals born within your operation in the program year; or
- animals previously reported in a farrow to finish operation.

Example:

You purchased, fed, and sold 100 Isoweans to weanling weight (8 to 50 pounds) and fed another 100 feeder hogs (50 pounds to slaughter). Report 100 Hogs, Nursery (fed to 50lb), and 100 Hogs, Feeders (fed over 50lb).

Custom Fed Livestock (not owned)

Report the number of Animal Feed Days. Animal Feed Days are the number of animals x number of days each animal was fed.

For example:

100 animals fed
X 90 days
= 9,000 Animal Feed Days.

Supply Managed Commodities

Report the amount of quota/contract you held.

Ranch Fur Operators

Report the number of females that birthed.

Other (specify below)

Use the Productive Capacity List on page 66 of this guide to determine the code and the units needed to report commodities that do not fit into the above categories.

Section 10: Purchased Inputs

Complete this section of the form if it is relevant to your farming operation.

If you filed to the CRA on the accrual basis, do not complete this section of the form.

Report inputs you purchased for use in the production of your agricultural products if they were not used by the end of your fiscal year, such as:

- fuel;
- chemicals;
- purchased seed;
- feed;
- embryos;
- semen;

- fall application of fertilizers and chemicals.

Do not report inputs again under crops or livestock inventory.

How to Complete the Columns

Code and Description

Report all inputs you had on hand at the end of your fiscal year. This includes fall application of fertilizer and chemicals and prepaid purchases. Use the Expense Code List or the Commodity Code List on at the back of this guide to identify the code and description for each item you report. If your item is not listed, leave the code blank.

Livestock Owners and Custom Feedlot Operators With Prepared Feed Purchases

Report the value of prepared feed and protein supplements you had on hand at the end of your fiscal year using code 571.

Ranch Fur Operators With Prepared Feed Purchases

Report the value of prepared feed and protein supplements you had on hand at the end of your fiscal year using code 574.

End of Year Amount

Report the dollar amount that you had on hand at the end of your fiscal year. Include any applicable 2015 fall applications and any prepaid purchases in 2015 that are designated for the 2016 fiscal year.

Example:

Based on a December 31 fiscal year-end:

In October 2015, you purchased \$45,000 worth of fertilizer. You applied half of this amount in the fall and carried the other half in inventory into the 2016 fiscal year. Report a total of \$45,000 in the "End of Year Amount" column.

Section 11: Deferred Income and Receivables

Complete this section of the form if it is relevant to your farming operation.

If you filed to the CRA on the accrual basis, do not complete this section of the form.

Deferred income is income you have chosen to postpone receipt of to the following tax year. A receivable is income that is owed to you for goods delivered or services provided in one fiscal year, but are not paid to you until the following tax year.

To be allowable, deferred income or a receivable must be associated with income that is allowable for AgriStability. For example, a receivable for a commodity sale is allowable; a receivable for machinery rental is non-allowable. See the program handbook or visit the program Web site for more information on allowable and non-allowable items.

Report your AgriInsurance (production/crop insurance) indemnity as a receivable even if you did not received your full indemnity before your 2015 fiscal year end.

Commodity Pools

If you sold commodities into a pool but did not receive the full value for the sale of your commodity at your fiscal year end, use code 4020, Expected Grains and Oilseeds Pool Payments to report any adjustments or final payments you received or expect to receive after your 2015 fiscal year end. If you do not know the amount of the adjustment or final payment at the time you complete this form, you must provide an estimate.

If you requested your pool payments (adjustments, interim, or final) to be deferred to your next fiscal year, report these deferrals using the commodity code specific to that commodity (i.e.: wheat).

Custom Feedlot Operators

If you are a custom feedlot operator, report any amounts you are owed for custom feeding livestock using code 246.

Prescribed Drought Region (PDR), Prescribed Flood region (PFR) and Canadian Food Inspection Agency (CFIA) Deferrals

If you deferred a PDR/PFR or CFIA payment out of your 2015 fiscal year, report the amount of the deferral. Use the codes from the "PDR/PFR/CFIA Deferred Livestock Codes" chart on page 13.

Perishable Horticulture Crops

A perishable horticulture or floriculture crop is a crop that:

- spoils or decays easily; and
- cannot be stored for periods longer than 10 months, like potatoes, apples or carrots.

Perishable horticulture crops are adjusted on an accounts receivable basis, and not on an inventory valuation basis. Report the sales of the 2015 crop that occurred in the 2016 program year as an ending receivable, once your entire 2015 crop has been marketed and sold.

Use code 4999, Perishables-Unreported Deferral and leave the ending receivable blank, if when you complete the form, you:

- have not marketed your entire crop 2015 crop; or
- have not received all of your income from your 2015 fiscal year.

When you know the ending receivable value, send the information to your administration. Your form cannot be processed until you have provided this amount.

How to Complete the Columns

Code and Description

Report all deferred income and receivables you had at the end of your fiscal year. Use the Commodity Code List and the Program Payments Lists at the back of this guide to identify the code and description for each item you report. If your item is not listed, leave the code blank.

If you have deferred income, or a receivable for resales, rebates or GST/HST related to your allowable expenses, use code 9574, Resales, rebates, GST/HST for allowable expenses to report it in this section.

Ending Receivables and Income Deferred to 2016

Report the dollar value of the account receivable or deferred income item that is owed to you at the end of your fiscal year.

Section 12: Accounts Payable

Complete this section of the form if it is relevant to your farming operation.

If you filed to the CRA on the accrual basis, do not complete this section of the form.

An accounts payable is an expense that you owe for goods and services received but you have not paid for by the end of your fiscal year.

To be allowable, an account payable must be associated with an expense that is allowable for AgriStability. For example, a payable for a livestock purchase is allowable; a payable for building a barn is non-allowable.

Include in your payables:

- any expenses for inputs that you did not pay for yet but were on hand in your inventory at the end of your fiscal year (you must also report them in Purchased Inputs); and
- any expenses for feed or livestock that you did not pay for yet but had on hand in your inventory at the end of your fiscal year (you must also report them on your Crop and/or Livestock Inventory).

Do not include:

- the interest portion of an accounts payable; or
- amounts owed for items purchased through loans, lines of credit, or credit cards that have already been reported as an expense with the CRA for tax.

Livestock Owners and Custom Feedlot Operators with Prepared Feed Purchases

Report purchases of prepared feed and protein supplements that were not paid for by the end of your fiscal year using code 571.

Livestock Owners with Custom Feeding Expenses

Report custom feeding expenses that were not paid for by the end of your fiscal year using code 573.

Ranch Fur Operators with Prepared Feed Purchases

Report purchases of prepared feed and protein supplements that were not paid for at the end of your fiscal year using code 574.

How to Complete the Columns

Code and Description

Report the accounts payable you had at the end of your fiscal year. Use the Expense Code List or Commodity Code List at the back of this guide to identify the code and description for each item you report. If your item is not listed, leave the code blank.

End of Year Amount

Report the dollar amount that you owed for the payable item at the end of your fiscal period.

Program Payment List A

See the following lists to determine the correct code to be used for reporting the payment type on Statement A or on Statement B.

Program payments received from the following list of payments as compensation for commodity income or loss are included in calculating your AgriStability program year production margin. Program payments received directly for the loss of an allowable commodity (e.g., AgriInsurance/production or crop insurance, hail insurance, private insurance for allowable commodities, or wildlife damage compensation) will be included in the calculation of your Allowable Net Sales (ANS) for AgriInvest.

**This code should only be used for AgriRecovery programs (non-allowable for AgriStability) that are not specifically listed above.

To find the code for your commodity, locate the name of your commodity and look under the column for your province or territory.

- If the box is blank, the code cannot be used in your province or territory.
- If the box is marked with an X, use this code on your form. The administration will assign a price for the commodity. You can submit your own price for this commodity only if you meet the criteria outlined in the Guide.
- If the box is shaded, use this code on your form. You must provide your own price for this commodity. Refer to the guide for more information.

Productive Capacity List

Code	Description	Units
100	Alpaca	Number of females that have birthed
101	Bison	Number of females that have birthed
102	Feeder Bison (fed up to 700 lb)	Number of animals fed
103	Finished Bison (fed over 701 lb)	Number of animals fed
104	Cattle	Number of females that have birthed
105	Feeder cattle (fed up to 900 lb)	Number of animals fed
106	Finished cattle (fed over 901 lb)	Number of animals fed
108	Chicken, Layers, Broiler Eggs for Hatching	Number of producing hens
109	Chicken, Layers, Eggs for Consumption	Number of producing hens
111	Finished Dairy Cattle (fed over 901 lb)	Number of animals fed
112	Feeder Dairy Cattle (fed up to 900 lb)	Number of animals fed
113	Dairy	Number of kg of butterfat/day
115	Deer	Number of females that have birthed
116	Ducks, Broiler	Number sold
117	Elk	Number of females that have birthed
118	Elk, Bulls Producing Velvet	Number of bulls producing
119	Emu	Number of females that have birthed
121	Geese, Broiler	Number sold
122	Goats	Number of females that have birthed
123	Hogs, Farrow to Finish	Number of females that have birthed
124	Hogs, feeders (fed over 51 lb)	Number of animals fed
125	Hogs, nursery (fed up to 50 lb)	Number of animals fed
126	Honey Bees, Producing (Hives)	Number of hives producing
127	Horses	Number of females that have birthed
128	Pregnant Mare Urine (PMU) produced	Number of grams contracted
129	Leaf Cutter Bees, Producing (Gallons)	Number of gallons of bees pollinating
130	Llama	Number of females that have birthed
132	Ostrich	Number of females that have birthed
136	Reindeer	Number of females that have birthed
137	Rheas	Number of females that have birthed
138	Sheep	Number of females that have birthed
140	Wild Boar	Number of females that have birthed
141	Custom Fed Cattle	Number of animal feed days
142	Custom Fed Hogs	Number of animal feed days
143	Chicken, Broilers	Number of kg produced
144	Turkey, Broilers	Number of kg produced
145	Hogs, Farrowing	Number of females that have birthed
149	Semen, Hogs	Number of straws sold
150	Semen, Elks	Number of straws sold
151	Semen, Cattle	Number of straws sold
152	Semen, Deer	Number of straws sold
153	Turkey, Breeder, Hatching Eggs	Number of producing hens
154	Silkies, Broilers	Number sold

Productive Capacity List

Code	Description	Units
155	Silkies, Breeder, Hatching Eggs	Number of producing hens
156	Chicken, Taiwanese, Broilers	Number sold
157	Chicken, Taiwanese, Breeder, Hatching Eggs	Number of producing hens
158	Blue Leg, Broilers	Number sold
159	Blue Leg, Breeder Hatching Eggs	Number of producing hens
160	Partridge, Broilers	Number sold
161	Partridge, Breeder Hatching Eggs	Number of producing hens
162	Pheasant, Ring Neck, Broilers	Number sold
163	Pheasant, Ring Neck, Breeder Hatching Eggs	Number of producing hens
164	Pheasant, White, Broilers	Number sold
165	Pheasant, White, Breeder, Hatching Eggs	Number of producing hens
166	Quail, Broilers	Number sold
