

# NEW MEXICO-CANADA

**AGRICULTURAL TRADE = \$43 MILLION IN 2014**

*Let's keep a good thing growing!*

## New Mexico exported \$30 million to Canada, including:

- \$15M in prepared cereal grains (including breakfast cereal)
- \$3M in onions
- \$2M in whey proteins
- \$2M in ground pepper
- \$2M in other dairy products

## New Mexico imported \$13 million from Canada, including:

- \$7M in animal feed (including \$6M in canola meal)
- \$2M in alcoholic beverages (including \$822K in liqueurs and cordials)
- \$2M in baked goods
- \$450K in sauces and condiments
- \$359K in fertilized eggs

## New Mexico's top agriculture and agri-food export markets:

## A Strong Partnership in Trade:

- Since 2005, agriculture and agri-food trade between the U.S. and Canada has more than quadrupled, leading to significant changes in trade patterns and resulting in a more integrated North American marketplace.
- The U.S. and, in particular, New Mexico has benefited from this strong relationship - with Canada purchasing over \$26B in agriculture and agri-food products from the U.S. in 2014, of which \$30M came from New Mexico.
- Supply chains that cross our shared border are cost-effective and efficient because of the proximity to each other's agricultural inputs and products. For example, Canada is a major supplier of energy and fertilizers, while the U.S. equips Canada with farm machinery and crop protection technologies.
- Access to Canadian cattle, hogs, and oilseeds allows American feedlots, finishers, and crushing plants to run at capacity, supporting U.S. jobs.

**Trade and investment with Canada = 42,800 jobs in New Mexico**

**K** = Thousand

**M** = Million

**B** = Billion

Data source: U.S. Census Bureau

All figures in U.S. dollars and based on 2014 data (as of May 2015), including re-exports.
