**A Strong Partnership in Trade:**

- Since the North American Free Trade Agreement (NAFTA) came into force, agriculture and agri-food trade has more than quadrupled, leading to significant changes in trade patterns and resulting in a more integrated North American marketplace.
- The U.S., and in particular North Carolina, has benefited from this strong relationship - with Canada purchasing over \$21 billion in agriculture and agri-food products from the U.S. in 2013, of which \$242 million came from North Carolina.
- The work of the Regulatory Cooperation Council and Beyond the Border initiatives is significant to our continued growth in agriculture and agri-food trade and to strengthening our industry competitiveness. For more information: [www.actionplan.gc.ca/rcc](http://www.actionplan.gc.ca/rcc)
- Increased regulatory cooperation will reduce regulatory differences and duplicative actions that can hinder cross-border trade while ensuring a greater variety of safe, high-quality food products for consumers.

**Trade with Canada = 230,700 Jobs in North Carolina**
