BILATERAL TRADE SUPPORTS INCREASED SECTOR SPECIALIZATION, INTEGRATION AND EFFICIENCIES

Canada is well known around the world for its production of high quality wheat which can be used to make pastas, couscous and bread. Last year Canada exported more than 18 million tons of wheat, and Ohio alone purchased \$71 million worth. Meanwhile, Canada purchased nearly \$22 million worth of pasta, and \$104 million in breads and pastries from Ohio. The bilateral trading relationship between Ohio and Canada ensures that both places can further develop their areas of specialization and can supply each other with high quality agricultural products.
