If you are a convention, meeting or event planner, trade show organizer, or if you are involved in promoting Canada as a destination for a concert, art show or exhibition, this information will be of special interest to you.

The Canada Border Services Agency (CBSA), together with the help of other government departments and agencies, has designed the [International Events and Convention Services Program \(IECSP\)](#) to assist you in the planning process of your event being held in Canada.

By using this CBSA service early in your planning process, you will be aware of any Canadian border-related requirements for your event.

The IECSP coordinator is able to access a vast network of Government of Canada agencies and departments on your behalf, and has the expertise to advise you on what you need to know about bringing your type of event to Canada, including information on:

- the Letter of Recognition - a letter of introduction, issued by the IECSP coordinator, which you may present to the CBSA upon your arrival in Canada to facilitate the entry process;
- border-related requirements, exemptions and services that may apply to your specific event;
- moving your goods from the Canadian border to your specific event;
- non-Canadians working in Canada;
- visitor visa requirements for persons from countries that require a visa to visit Canada;
- duties and taxes;
- Canada's goods and services tax (GST) or harmonized sales tax (HST); and security deposits.

For further details contact one of our [IECSP coordinators](#) (provided in this brochure). They are available to answer your questions and provide advice.
