Other	1	0	0	7	8	6

Data extracted August 18, 2014.

New TSB regulations came into effect on July 1, 2014, changing some reporting requirements.

All five-year averages have been rounded. Totals sometimes do not coincide to the sum of averages.

⁽a) Includes Compressor Stations, Pump Stations, Meter Stations, Gas Processing Plants and other related facilities.

^{*} Under new reporting requirements the minimum reporting threshold for incidents with release has changed to 1.5 M3 of low vapour pressure hydrocarbons
