### **Complaint by the B. C. Signatories**

**O**n December 17, 2003, the British Columbia signatories to the turkey plan filed a notice of complaint with Council against the CTMA. The complaint argued that CTMA's allocation process was not market responsive and failed to comply with the provisions of the Proclamation.

Recognizing that the CTMA is currently reviewing its allocation methodology, Council strongly encouraged the CTMA to reconvene its members for the exclusive purpose of resolving B.C.'s concerns prior to Council holding a hearing. Council will be monitoring developments at CTMA and expects a progress report from them by the end of February 2004.

## ***Departure of Two Council Members***

Council said au revoir to two of its members recently. **Lorraine Arnett**, of Durham Ontario, whose term expired in late November, had been a member since 1999. Mrs. Arnett's dedication and strong knowledge in finance, as well as broiler, cow calf and cash crops operations, will be missed.

We also said farewell to **Michel Veillette**, who has resigned from Council to re-enter politics. Mr. Veillette, of Cap-de-la-Madeleine Québec, had been a Council member since 1998. His hard work and experience as a parliamentarian and in the dairy manufacturing and distribution business brought a wealth of expertise to the Council table. We wish him all the best in his new political career.

In particular, Jurgen will continue the work started with industry and agriculture portfolio members in the area of markets information.
