1. Includes exported clinker minus imported clinker.

2. Production values for bentonite and diatomite have been included in clay products.

3. Shipments of gypsum, silica and stone to Canadian cement, lime and clay plants are not included in this table.

4. Shipments of potash to Canadian potassium sulphate plants are not included in this table.

5. Mineral production of sand and gravel for Nunavut is included in Northwest Territories.

Note: This table excludes petroleum and natural gas. Data include shipments by producers regardless of industrial classification. For definitions regarding data contained in this table, refer to the notes.
