FEDERAL GOVERNMENT EMPLOYMENT

APRIL 1964

NOTE

A complete description of the method of collection and the statistics included in this series is given, together with other background detail, in Part C of this report.

INTRODUCTION:

The statement of hirings and separations data for salaried employees for the first quarter of 1964 is presented in table 10 of this report.

Employees of the Government of Canada including its corporations and agencies, numbered 335,552 at the end of April 1964, an increase of 0.9 p.c. over March 1964 and 1.4 p.c. over April 1963.

Total earnings of these employees for April 1964 amounted to \$137,767,000, an increase of \$1,073,000 or 0.8 p.c. over March 1964 and \$8,652,000, or 6.7 p.c. over April of the previous year.

3-9-64

TABLE 1. Total - Federal Government Employment and Payrolls

	Employees	Earnings
	No.	\$'000
Part A:		
Agency Corporations	8,582	3,962
Proprietary Corporations	121,471	53,077
Other Agencies	2,617	1,146
Sub-total (for detail see Table 2)	132,670	58,185
Part B:		
Departments	187,990	73,622
Departmental Corporations	14,892	5,959
Sub-total (for detail see Table 3A et seq.)	202,882	79,581
Monthly totals:		
April 1964	335,552	137,767
March 1964	332,660	136,694
April 1963	330,886	129,115
Cumulative totals:		
January 1 to April 30, 1964	541,575
January 1 to April 30, 1963	526,468

Note: Because of rounding, detail may not add to totals.

April 1964

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES:

The Agency and Proprietary Corporations and Other Agencies had a staff strength of 132,670 at the end of April 1964, an increase of 1.5 p.c. from the previous month, and of 1.2 p.c. from April of the preceding year.

Earnings of these employees amounted to \$58,185,000 in April 1964. This was very slightly higher than in March and 4.9 p.c. above the April 1963 payroll.

As usual the Canadian National Railways accounted for most of the staff and payroll in this table. It recorded a minor gain in both over March. Northern Transportation Company Limited reported very substantial increases due to the opening of the northern navigational season. The National Harbours Board also increased its staff and payroll with the commencement of the 1964 season of navigation.

TABLE 2. Agency and Proprietary Corporations and Other Agencies

Province	Employees	Earnings
	No.	\$'000
Newfoundland	6,205	
Prince Edward Island	1,003	
Nova Scotia	5,402	
New Brunswick	7,022	
Quebec	32,784	DETAIL
Ontario	39,750	NOT
Manitoba	13,986	AVAILABLE
Saskatchewan	4,374	
Alberta	6,809	
British Columbia	6,350	
Yukon and Northwest Territories	374(1)	
Abroad (outside Canada)	8,611	
Monthly totals:		
April 1964	132,670	58,185
March 1964	130,760	57,885
April 1963	131,137	55,476
Cumulative totals:		
January 1 to April 30, 1964	228,353
January 1 to April 30, 1963	217,347

(1) In addition, approximately 230 employees are included in other provinces.

April 1964

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS:

Employees in Departmental Branches, Services and Corporations numbered 202,882 at the end of April 1964, an increase of 982 over the preceding month and 3,133 over the preceding year.

Total earnings of these employees amounted to \$79,581,000 in April 1964, an increase of \$773,000 from March 1964 and \$5,942,000 or 8.1 p.c. from April 1963.

While some of the following variations were footnoted in earlier reports they are incorporated into the body of the tables for the first time in this issue. They do not necessarily represent increases or decreases of staff in the overall government body and they may or may not entail a change in function.

Department	Nature of Change	Function affected	Effective date of change
Defence Production ..	1. "Directorate of Printing" - absorbed a substantial portion of the activities of the Department of Public Printing and Stationery.	no change	August 1963
	2. "Emergency Measures Organization" - composed of the Emergency Measures Organization formerly under Privy Council, and the Civil Defence College in Arnprior, Ontario, formerly under National Health and Welfare.	"	July 1963
Forestry	"Maritime Marshland Rehabilitation Act" - transferred from Agriculture to Forestry.	"	April 1964
Industry	New department with staff from Defence Production and Trade and Commerce.	Trade and Industrial Development	July 1963
Mines and Technical Surveys	Administrative structure re-organized.	no change	April 1964
National Health and Welfare	1. "Medical Services" - functional change involving approximately 70 employees.	from: Immigration and Citizenship to: Hospital Care	April 1964
	2. Administrative structure re-organized.	no change	April 1964
Public Works	1. Administrative structure re-organized.	"	April 1964
	2. "Property and Building Management Branch" and "Fort Churchill - Maintenance and Operation" - transfer of employees from National Defence to Public Works.	from: Defence Services to: General Government	April 1964
	3. "Northwest Highway System" - transferred from National Defence to Public Works.	from: Defence Services to: Transportation and Communications	April 1964
Secretary of State ..	1. Administrative structure revised.	no change	April 1964
	2. "National Museum of Canada" - transferred from Northern Affairs and National Resources to Secretary of State.	"	February 1964

FEDERAL GOVERNMENT EMPLOYMENT

April 1964

The principal variations in staff strength for the month of April 1964, when compared with March 1964, are outlined in the following table:

Function	Administrative Unit	Change and Reason(1)
Transportation and Communications:		
Waterways	Public Works	S.C. and C. increased - locks and dams readied for season of navigation.
Natural Resources and Primary Industries:		
Fish and Game	Fisheries	S. and S.C. up - seasonal activities - return of Fisheries Wardens.
Forests	Forestry	C. declined - end of winter works projects.
Lands: Settlement and Agriculture	Agriculture	P.R. and C. up - seasonal preparation for spring seeding, animal care, experimental farm work, etc.
Other	Northern Affairs and National Resources	C. declined - completion of winter works projects.

(1) Abbreviations have been used as follows: salaried staff - S.; Prevailing Rate - P.R.; Casuals - C.; Ships' Officers - S.O.; Ships' Crews - S.C.

Note: The following observations are pertinent to Table 10 which contains a quarterly analysis of hirings and separations in departmental branches, services and corporations.

1. Citizenship and Immigration - High January separations due to transfer of Immigration Officers to the Department of Customs and Excise.
2. Fisheries (Main Dept.) - High February separations due to late receipt of statements covering end of season release of Fisheries Wardens.
3. Northern Affairs and National Resources - Separations increased in March due to transfer of National Museum of Canada to the Department of the Secretary of State. This change was effective February 3, 1964.
4. National Revenue - Taxation - Increase in seasonal hirings to process Income Tax Returns.

TABLE 3A. Summary of Departments and Departmental Corporations

	Salaried	Prevailing Rate	Ships' Officers and Crews	Total	Casuals and Others	Grand Total

Notes and Definitions:

Department — For purposes of this table only, the term "department" is broadened to include departmental branches or services having a separately administered personnel office.

Hiring — The initial appointment of an individual to the reporting department.

Separation — Termination of service of an individual in the reporting department.

* Rates are omitted for departments with less than 100 employees as small changes in the number hired or separated result in abnormal changes in rates. Aggregates for these departments are given in "Total—Departments with less than 100 employees", as well as in "Total—All Departments".

-- Less than one.

Note: Figures may not add due to rounding.

(1) Excludes overtime payments to field parties. Payments during April to December 1963 amounted to \$147,648.

(2) Includes overtime payments to casual employees for entire department, plus overtime payments to salaried employees of Defence Research Board.

(3) Included with overtime payments to prevailing rate employees.

April 1954

PART C - EXPLANATORY NOTESSECTION 1 - INTRODUCTIONHistory

These statistics are derived through a monthly survey of Government of Canada employment and have been published since April 1952. The monthly report has had three different titles. From April 1952 to August 1953 it was known as "Government of Canada Employment and Payrolls". In the period September 1953 to March 1954 the title was "Federal Government Employment and Payrolls" and since April 1954 the name has been "Federal Government Employment". The monthly series replaces one formerly issued annually under several different titles, the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title was changed to "Summary Statistics of the Civil Service of Canada" and such reports were issued in a combined form for the fiscal years ended 1940 to 1942 and for each of the fiscal years ended 1943 to 1948. The title became "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

Method of Presenting the Statistics

This monthly report is composed of three parts. INTRODUCTION summarizes (in Table 1) data on all persons employed by the Federal Government and its agencies. PART A presents (in Table 2) employment data of agency and proprietary corporations and other agencies by province. A list of these appears on page 35. PART B consists of Tables 3 to 11 which present statistics relating to the departmental branches, services and corporations listed in the Financial Administration Act plus a few which are not listed therein. Data on these are detailed in the table of contents on page 3. A table on numbers and rates of hirings and separations for salaried employees is included quarterly.

Comparability with Former Survey

The statistical series produced on an annual basis for the years 1925 to 1952 was intended to include the number of permanent and temporary employees in the general administrative government services (this broadly speaking, included those coming under the Civil Service Act). In addition, the earnings of certain classes of employees referred to as "non-enumerated" classes were shown in the publication. The survey did not include a count of these "non-enumerated" classes. Since there was a distinct variation in the interpretation by departments of what constituted these groups, there were substantial differences between departments in the types of employees and earnings included in the annual series.

The present series which commenced in April 1952 includes employees not formerly counted in the publications as well as a number of government services not previously included, and consequently the statistics should not be compared with the former annual series.

Extent of Coverage

Includes: Departments (including deputy ministers) and departmental crown corporations
Proprietary and Agency Crown Corporations and other agencies
Members of Boards, Commissions and other government organizations, who serve on a full time basis with salaries fixed accordingly.
Royal Canadian Mounted Police

Excludes: Governor General and Lieutenant-Governors
Members of Parliament and Senators
Ministers of the Crown
Mines and Technical Surveys: field parties
Post Office: employees paid from Postal Revenues
Justice: Solicitor General and judges
National Defence: members of the Armed Forces

Extent of Coverage - Concluded

Excludes: Canada Council

National Productivity Council

International organizations, the expenses of which are shared by Canada

Employees of firms under contract to the Government of Canada

Officers of Boards, Commissions and other government organizations who are paid on a per diem basis or receive a nominal honorarium for their services.

Comparability between Numbers and Earnings

The user of these statistics is advised to avoid making direct comparisons between the numbers of employees reported and the earnings reported, the reason for this being that numbers relate to the last day of the month wherever possible and otherwise to the final pay period of the month. Since in certain categories, especially casual employment, considerable fluctuations in numbers employed frequently occur during a month, it will be seen that a comparison between the earnings of all persons employed during the month and the number on strength at the end of the month would, in many cases, not be valid.

Uses of these Statistics

Users of the statistics fall into four main categories. These are:

1. Those who wish to use summary data and identify government as an employer. In this category are included those persons who wish to relate the significance of government as an employer to business in general.
2. Persons interested in an analysis of the administrative structure of the Federal Government. These, in the main, include government departments themselves. The administrative analyses of data as presented in tables 8 and 9 of the publication permit a comparison between the number of staff employed as reported in the publication and the number of positions established for each administrative branch of the government as published in the annual Estimates of Canada. This is, of course, mainly an administrative use which is of value to the Treasury Board and to the Civil Service Commission as well as the various government departments. A further administrative use of the data is to determine the significance of the labour input factor through an analysis of wage costs as a proportion of total expenditures by vote or other administrative unit.
3. Persons wishing to make a comparison between the Federal Government and other levels of government or between the Federal Government now and in past years do so through the use of the function analysis which is described further commencing on page 37.
4. The final group of users are those who are interested in government as an employer in each of the principal industries. For this purpose the data must be analysed on a Standard Industrial Classification basis. This analysis, to date, has not been undertaken but it is intended that it should be in the near future. The application of this analysis to the Federal Government and following afterwards to the provincial and municipal governments will permit the assessment of the degree to which governments and their corporations have become significant employers in each industry.

The users besides government themselves include persons and firms undertaking labour research on behalf of industry, provincial and municipal governments, university research officers, business firms and private citizens. In addition, a substantial number of enquiries originate in the House of Commons and the press.

A description of the sources of data and the means by which the information is submitted and prepared for use is contained in the following outline.

SECTION 2 - DESCRIPTION OF THE TABLESINTRODUCTION - TOTAL FEDERAL GOVERNMENT EMPLOYMENT AND PAYROLLS (TABLE 1)

Table 1 assembles employees belonging within the following categories:

- (A) Agency and proprietary corporations and other agencies:
 - (1) agency corporations
 - (2) proprietary corporations
 - (3) other agencies

Table 1 assembles employees belonging within the following categories - Concluded

(B) Departmental branches, services and corporations:

- (1) departmental branches and services
- (2) departmental corporations

The first three record as gross earnings all monies earned by the employees covered while the later two combine overtime earnings and retroactive payments reported with regular earnings to obtain gross earnings.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES (TABLE 2)

Statistics for these organizations are collected in two ways: (1) directly from the corporation or agency; (2) through the Employment Section of the Dominion Bureau of Statistics. The statistics reported do not permit a presentation by class, i.e. salaried, casuals and others, etc., hence composite figures are published. In most cases, employees reported represent the staff strength during the final pay period of the month. Gross earnings are reported and they accordingly include overtime and other types of special payments in addition to regular salaries and wages. Organizations included in Table 2 are listed by group as follows:

Agency Corporations

Atlantic Development Board	Defence Construction (1951) Ltd.
Atomic Energy of Canada Ltd.	National Battlefields Commission
Canadian Arsenals Ltd.	National Capital Commission
Canadian Commercial Corp.	Centennial Commission(2)
Canadian Patents and Development Ltd.(1)	National Harbours Board
Crown Assets Disposal Corp.	Northern Canada Power Commission

Proprietary Corporations

Canadian Broadcasting Corporation	Farm Credit Corporation
Canadian National Railways	Northern Transportation Company Ltd.
Canadian Overseas Telecommunication Corp.	Polymer Corporation Ltd.
Central Mortgage and Housing Corp.	St. Lawrence Seaway Authority
Eldorado Aviation Ltd.	The Seaway International Bridge Corp. Ltd.
Eldorado Mining and Refining Ltd.	Trans-Canada Air Lines (officially "Air Canada", effective January 1, 1965).
Export Credits Insurance Corp.	

Other Agencies

Bank of Canada	Canadian Corporation for the 1967 World Exhibition
Canadian Wheat Board	Northern Ontario Pipe Line Crown Corp.(3)
Economic Council of Canada	Office of the Custodian
Industrial Development Bank	

(1) This body is staffed by employees of the National Research Council.

(2) Excludes the National Conference on Canada's Centennial, which is not an agent of Her Majesty nor part of the Public Service, but draws on the staff of the National Centennial Administration.

(3) This body is staffed by employees of Defence Research Board and Defence Construction (1951) Ltd.

The agency and proprietary corporations are listed in the Financial Administration Act under Schedules C and D respectively. The Glossary on page 44 of this report contains definitions of these two types of corporations. The "Other Agencies" though not listed or defined in the Financial Administration Act are nevertheless organizations of the Crown.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS (TABLES 3 TO 11)Salaried Employees

Salaried employees used in this report mean all persons paid on the basis of a stated annual salary rate, with the exception of the group known as "ships' officers". The latter group are excluded because of their special treatment under the Financial Administration Act. For a more complete definition of "salaried employees" see the Glossary.

The basic data is recorded in two ways:

(1) By employee:

Individual position records are maintained for the majority of salaried positions in the departmental branches, services and corporations of the Government of Canada (the remainder will be treated in the next paragraph). The position record cards contain data on the occupants of these positions. The records are amended monthly on the basis of documents received authorizing changes concerning positions and/or their occupants - thus affording a count of persons employed on the last day of the month. Because of an unavoidable time lag in the routing of position and personnel changes through normal channels, it is not always possible to include all changes in the appropriate month. The count of employees for a given month, therefore, will not always represent the exact staff strength at the end of that month. Regular earnings, being based on the annual salary rates of employees on strength at the month's end, will not necessarily equal the actual amounts paid in salaries during the month. These factors are not, however, sufficiently significant to seriously affect the validity of the statistics.

(2) By group of employees:

No individual position records are maintained for the remainder of salaried employees in departmental branches, services and corporations. Statistics on these employees are collected by means of forms or statements giving: the staff strength at the end of the month, regular earnings earned during the month, including earnings of those off-strength at the end of the month, retroactive payments and overtime payments. The following report in this manner:

- Atomic Energy Control Board
- Defence Research and Development
- Fisheries Research Board of Canada
- Legislation:
 - The Senate (Sessional employees)
 - House of Commons (Sessional employees)
- Municipal Development and Loan Board
- National Film Board
- National Research Council including the Medical Research Council
- Office of the Representation Commissioner
- Post Office (part-time employees; employees paid from Postal Revenues)
- Royal Canadian Mounted Police (Force)
- Royal Commissions

All salaried "locally-engaged" employees in foreign countries are also reported on forms. See the Glossary for definition.

Non-salaried Employees

Statistics on non-salaried employees (prevailing rate, casuals and others) including ships' officers and crews in departmental branches, services and corporations are collected, in all cases, by means of forms or statements. These summary reports based on payroll and other records indicate the staff strength, regular earnings, retroactive payments and overtime payments. Casual "locally-engaged" employees are also reported by this means. The ships' officers, which are in fact salaried employees, are included in the non-salaried group owing to their special treatment under the Financial Administration Act.

Departmental Corporations

The Departmental Crown Corporations fall under Schedule B of the Financial Administration Act, see the Glossary for definitions. The following lists the Departmental Corporations included in the tables on Departmental Branches, Services and Corporations:

Agricultural Stabilization Board
Atomic Energy Control Board
Canadian Maritime Commission
Director of Soldier Settlement
The Director, The Veterans' Land Act
Dominion Coal Board
Fisheries Prices Support Board
Municipal Development and Loan Board
National Gallery of Canada
National Research Council
Unemployment Insurance Commission

Hirings and Separations of Salaried Employees

Data on hirings and separations of salaried employees was first published in the Federal Government Employment report for December 1959 and covered the quarter October 1 to December 31, 1959. This table, included in the monthly report once each quarter, records hiring and separation averages and rates by department. "Department", as defined for use in hiring and separation statistics only, means a department, a departmental branch or departmental service which has a separately administered personnel office. For this reason, organizations such as the Dominion Bureau of Statistics which are included under a departmental heading (Trade and Commerce) in the main tables are accorded separate departmental status in the table on staff turnover.

Each "department" is considered for purposes of turnover statistics as a separate employing agency. Consequently, movements of personnel between "departments" are treated in the same way as movements into and out of the government service. The aggregate hirings and separations are summed up in "Total - all Departments". It should be noted, therefore, that hiring and separation data for the entire Government of Canada as an employer cannot be secured from this table. The difference between this and the "Total - all Departments" would equal the number of inter-departmental movements which are, in fact, relatively few.

It should also be noted that the totals shown in this table differ from hiring and separation data published by the Civil Service Commission of Canada. The latter organization treats all staff employed under the authority of the Civil Service Act as a complete unit and consequently is concerned only with movements into and out of "Act" employment. The Commission therefore is not concerned with inter-departmental movements of employees but on the other hand is concerned with movements of staff to and from "Act" employment even when such movements occur within a department.

The glossary of terms on page 45 should be referred to for definitions of certain terms used in the table on hirings and separations. These terms are:

1. Average employment
2. Monthly average (as pertains to hirings and separations)
3. Monthly rate per 1,000 employees (as pertains to hirings and separations).

Owing to the fact that relatively small changes in the staff of small departments can result in erratic fluctuations in the hiring and separation rates, such rates are not shown for "departments" with less than 100 employees. The average hired and separated, as well as the average employment, are shown for the use of any person wishing to calculate such rates.

CLASSIFICATION BY FUNCTION

The statistics of departmental branches, services and corporations are classified in tables 6 and 7 by function. The purpose of providing a classification by function is to supply a means of studying the operations of governments without the complications resulting from differences in administrative establishments which occur from time to time in each government and between governments.

This analysis is useful in three ways. First it permits a detailed study of employment by the Government of Canada according to the main purposes or functions. Since these functions are not subject to the periodic changes which alter the administrative structure of the government, it is possible to develop a statistical series which, with minor exceptions, is consistent over an extended period of time. Second, since differences in administrative establishments are eliminated, it is possible to make meaningful comparisons between federal government expenditures on employment and similar expenditures by other levels of government. Third, an analysis of the relationship between expenditures on employment and total expenditures can be made with regard to each function. The use of percentages will facilitate comparisons especially between levels of governments.

The classification by function reflects the purpose served by the expenditure, and employment statistics presented on this basis have been classified in accordance with concepts evolved by the Government Finance Section of the Dominion Bureau of Statistics for the presentation of financial statistics. The following listing shows how the administrative detail has been applied to the various functions and will serve to indicate clearly the meaning of each function.

GLOSSARY OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.
2. "Department": As used in the quarterly table on hirings and separations, the usual term department is broadened to include departmental branches or services having a separately administered personnel office. The reason for this is because movements to and from these "departments" constitute hirings and separations.
3. Crown corporation: A corporation which is ultimately accountable, through a Minister to Parliament for the conduct of its affairs, and includes the corporations named in the Financial Administration Act in Schedule B as departmental corporations, in Schedule C as agency corporations and in Schedule D as proprietary corporations.
4. Departmental corporation: A crown corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
5. Agency corporation: A Crown corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
6. Proprietary corporation: A Crown corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of, or dealing in, goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.
7. Other agencies: These are organizations which are not listed in the Financial Administration Act as departments or departmental agency or proprietary Crown corporations but are, nevertheless, organizations of the Federal Government. Because of the nature of these agencies, they have been classed with agency and proprietary Crown corporations.
8. Salaried employee: An employee who is paid on the basis of an annual salary rate and occupies a salaried position authorized by the Treasury Board or the Privy Council. These employees and positions may be of a continuing, term, seasonal, sessional, or part time nature. The positions are specified together with appropriate funds, in the Estimates of Canada and supplementary authorizing documents and are located in departmental branches, services and corporations subject to the regulation of the Treasury Board. Ships' officers are not classified as salaried owing to their special treatment under the Financial Administration Act.
9. Prevailing rate employee: A person employed in the Public Service of Canada whose remuneration is based on the rate of pay prevailing in the area where he is employed for the class of work he does. His rate of pay may also be based on rates prevailing in any area in Canada for work comparable to that which he does. The rates may be hourly, daily, weekly or monthly. These employees are governed by the Financial Administration Act - Prevailing Rate Employees General Regulations. They are occupants of positions authorized by the Treasury Board. The positions, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.
10. Ships' officer: A person employed in the Public Service for duty on a ship that is the property of, or chartered by, or on behalf of, Her Majesty as a master, mate or marine engineer who is duly certified under the Canadian Shipping Act or in a position designated by the Treasury Board as that of a ship's officer. Excluded are members of the Armed Forces and the Royal Canadian Mounted Police. An annual rate of pay is determined by the Treasury Board after consultation with the Department of Labour. These employees are governed by the Financial Administration Act - Ships' Officer's Regulations. They are occupants of positions established by the Treasury Board, which positions, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.
11. Ships' crew employee: A person employed in the Public Service for duty on a ship that is the property of, or chartered by, or on behalf of, Her Majesty as an unlicensed crew member. Excluded are members of the Armed Forces and Royal Canadian Mounted Police. These employees are paid on the basis of a monthly salary rate determined by the Treasury Board after consultation with the Department of Labour. They are governed by the Financial Administration Act - Ships' Crews Regulations. These employees are occupants of positions established by the Treasury Board, which positions, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.

12. Casual and other employees: All employees in Departments and Departmental corporations of the Government of Canada who are not defined as Salaried, Prevailing Rate, Ships' Officer or Ships' Crew employees.
13. Locally-Engaged employees: These are residents of foreign countries, employed by the Government of Canada to perform duties in the country in which they live. Their salary or wage is stated in the currency of the country where they are employed. Salaried locally-engaged employees occupy positions: (1) as Assistants; (2) in classes having the suffix U.K. i.e., Clerk 2(UK), Stenographer 1(UK), etc. While most are salaried, some are employed on a casual basis. The term "locally-engaged" excludes Canadian employees posted abroad.
14. Regular earnings: The basic pay of employees before deductions but excluding any special payments such as overtime, living allowances, etc. All regular earnings for the month, including those of persons off-strength at the end of the month are included in the tables where the title is used.
15. Earnings: For agency and proprietary corporations and other agencies this term means gross earnings before deductions, including overtime, retroactive pay and other special payments in addition to regular earnings. For departmental branches, services and corporations, earnings are limited to regular earnings plus overtime and retroactive pay.
16. Retroactive payments: Payments covering salary adjustments in regular earnings applicable to prior months resulting from salary increases. Data are included in the month during which the payments are made even though the adjustments may cover several months.
17. Overtime payments: Payments for work done beyond the normal working hours. Data are included in the month during which the payments are made even though the payments may cover overtime worked during previous months.
18. Administrative classification: This is an analysis of the departments and departmental corporations to provide statistical detail on their principal units i.e. branches, boards, commissions, etc. These principal units cover most of those identified in the annual Estimates of Canada.
19. Classification by function: The classification by function reflects the purpose served by the various Services of the Government. Its purpose is to afford comparability of data over a number of years and with other levels of governments without the complicating factor of periodical structural changes of departments and the differences of structures of other levels of governments. For further details, see page 37.
20. Hiring: The initial appointment of a person to the reporting "department" whether as a new employee in the Government Service or by transfer from another "department". Movements within a department are not considered as hirings. For purposes of hirings and separations only, the term "department" as used above is broadened to include departmental branches or services having a separately administered personnel office.
21. Separation: The termination of service of an employee in the reporting "department" by leaving the Government Service or by transfer to another "department". Movements within a "department" are not considered as separations. For purposes of hirings and separations only, the term "department" as used above is broadened to include departmental branches or services having a separately administered personnel office.
22. Average employment: As used in the table on hirings and separations represents the mean monthly average number of employees in each "department" during the quarter.
23. Monthly average (as pertains to hirings and separations): represents the arithmetic mean i.e. one third of the actual hirings and separations for the quarter.
24. Monthly rate per 1,000 employees (as pertains to hirings and separations); the rate is computed by the following formula:

$$\frac{\text{monthly average (number hired or separated)} \times 1,000}{\text{average employment (during quarter)}}$$
