### EXPLANATORY NOTE

Interest on the part of non-government and government agencies alike over the past few years has resulted in suggestions for improvement in the form of presentation of the employment statistics in this publication. The resultant new form of presentation is designed to facilitate direct comparisons between these strength reports and other published staff statistics (namely, the establishment data published in the Estimates of Canada) as well as to serve certain internal administrative needs.

Minor adjustments in scope between Tables 1 and 2 have been effected with the result that Table 1 now includes Departments and Departmental Corporations, as classified in Schedules A and B of the Financial Administration Act, whereas Table 2 includes the Agency and Proprietary Corporations set out in Schedules C and D of that Act. Since Schedules A and B of the Financial Administration Act cover departmental-type services for which details of staff estimates are contained in the Estimates of Canada, in most cases, the figures in Table 1 will be more comparable (1) than they have been previously with the numbers of positions provided for in printed Estimates. Similarly, Tables 3 and 4 (which contain details of the summary figures set out in Table 1) will be directly comparable in most cases with the Estimates. It is understood that staff details of the additional services now excluded will be included in the Estimates for 1956-57 which will result in complete comparability between these two publications effective April 1, 1956.

Within Table 1 and Table 3 totals will now be struck which exclude numbers of "Casuals and Others". These totals will be directly comparable (1) with the related establishment details printed in annual Estimates.

Tables 1 and 2 will continue to provide a complete report of staff strength for both the administrative services of the Federal Government, and for Agency and Proprietary Corporations.

- 
- (1) Tables 1 and 3 give strengths for some services for which comparable details are not yet printed in Estimates. These exceptions are footnoted in Table 3.

---

Statistics presented in Tables 1, 3 and 4 are obtained through the offices of Treasury Board. Those dealt with in Table 2, other than for exceptions noted by footnote (1) are obtained from the Employment Statistics Section of the Dominion Bureau of Statistics. A fuller explanation of these statistics may be had by reference to the Explanatory Memorandum which is published separately.
