## FEDERAL GOVERNMENT EMPLOYMRNT STATISTICS

Explanatory Notes

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. During its period of publication this monthly report has had three different titles. In the period April, 1952 to August, 1953, it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the repart was known as "Pederal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Bmployment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Sumary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940, to 1942 and for each of the fiscal years ended 1943 to 1948 . The title was again changed to "Sumary Statistics, Pederal Civil Service Buployment and Payrolls" for the year ended March 31, 1949. Por the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrol1s".

These statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between (a) numbers employed as presented in this publication and (b) the number of positions established as shown in the Estimates of Canada.

Table 1 includes statistics relating to Departments and Departmental Corporations as listed in Schedule: $A$ and $B$ of the Financial Administration Act, and in addition, the Auditor General's Office, Legislation (including the Senate, House of Comons and Library of Parliament) and the Privy Council (including the Privy Council Office and the Prime Minister's Residence). Table 2 includes the Agency and Proprietary Corporations etc. set out in Schedules C and D of the Financial Administration Act, and so listed in a later part of this text. Tables 3 and 4 (summarized in Table i) are based on an aduinistrative classification which may be directly compared in most cases, with the Estimates of Canada for 1956-57. In these tables the totals which are shown exclude "casuals and others".

The statistics relate only to civilian employees and nembers of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilians). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departwental Services but Ministers of the Crown and the Solicitor-General are excluded. Por Boards, Comissions and other Agencies those members or officers serving on a full-time basis, and whose salaries are fixed sccordingly, are included, whereas directors or board members, who are paid on a per diem basis, or who receive nominal honourarium for their services, are excluded.

A deacription of the sources of data and the bases upon which the information is submitted and prepared for use in these statistics is contalned in the following outline:

DEPARTMENTS AND DEPARTMENTAL CORPORATIONS (Tables 1, 3 and 4)

## CLASSIFTED POSITIONS

The Dominion Bureau of Statistics maintains individual position recards on antablishment basis for what are called "classified positions" in the various departments and branches of government, the employees of which come within the general purview of Treasury Board Regulation and Control. A tabulation from these records provides a count of the number of employees and their salary rate. Because of an inevitable timelag in the routing of position and personnel changes through
normal Civil Service channels and the posting of these changes on Bureau of Statistics records, it is not always possible to include all of the changes for the previous month. The count of esployees for any given month, therefore, will not necessarily represent exactly the number of staff actually on strength at the end of the month. The earnings given for employees in the classified positions, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries in any given month. These factors, however, are not considered to be of such significance as to seriously affect the usefulness of the statistics.

Permanent, temporary and t.rm umployees are all included in tiow dassified catenuts and no attempt is made to prepare separate statistics on each. In addition to the records maintained for classified positions individual position records are also maintained for the following boards, commissions and agencies:

Agricultural Prices Support Board Air Transport Board<br>Board of Grain Cowissioners<br>Board of Transport Commissioners<br>Canadian Goverment Elevators<br>Canadian Maritime Commission<br>Canadian Pension Comission<br>Civil Service Comission<br>Dominion Coal Board<br>Fisheries Prices Support Board

Income Tax Appea 1 Board<br>International Boundary Cowmission<br>International Joint Commission<br>National Gallery of Canada<br>Newfoundland Fish Board<br>Penitentiaries, Office of the Comissioner Soldier Settlement and Veterans" Land Act Tariff Board<br>Unemployment Insurance Conmission<br>War Veterans Allowance Board

Individual position records are not maintained in the Bureau for the following, and statistical data are secured by a special form of report:

```
Atomic Energy Control Board
Defence Research Board
Fisheries Research Board
Teachers - Day and Residential
    Schools - Indian Affairs Branch -
    Citizenship and Immigration
Legislation
    Senate
    House of Conmons
    Library of Parliament
```

## EXEMPT CLASSES

Prevailing Rates, Ships' Officers and Ships' Crews, and Casuals and Others are not maintained on individual position records as is the case in connection with classified positions. The Bureau of Statistics obtains data on these staffs by means of special reports taken from payroll records. Since these reports are prepared on the basis of pay periods they may be said to represent the actual amounts paid out to employees during each month.

AGNNCY AND PROPRIETARY CORPORATIONS AND OTHER
QUASI-INDEPENDENT GOVERNIENT BODIES (Table 2)

Statistica for this group do not provide for any segregation between what are termed classified and exempt employees. Accordingly, these data include what might be termed to be continuing salaried employees as well as prevalling rate and casual employees. The information shown on table 2 is obtained in two ways. The Bmployment Statistics Section of the Bureau of Statistics provide information with respect to the following:

Atomic Energy of Canada, Ltd.
Bank of Canada
Canadian Arsenals, Ltd.
Canadian Broadcasting Corp.
Canadian Comercial Corp.
Canadian National Railways
Canadian National (West Indies) Steamships, Ltd.
Canadian Overseas Telecommunication Corp.

## COMPARABILITX WITH FORMER SURVEY

The old statistical series on an annual basis for the years 1925 to 1952 was intended to include only the number of permanent and temporary employees in the general administrative departments of govermment (this generally speaking included those coming under the Civil Service Act). The survey did not include a count of what were described as "non-enumerated" classes. Since there was a distinct difference in the interpretation by various departments of what constituted "non-enumerated" classes there was a difference in the coverage of employees included in the annual series. Since the monthly series includes groups of employees not formerly included as well as various government services not formerly covered the statistics should not be compared with the former annual series.

## DESCRIPTIONS OF PRINCIPAL TERMS USED
