INTRODUCTION

An explanation of how the statistics for: 1) Agency and Proprietary Corporations and Other Agencies, and; 2) Departmental Branches, Services and Corporations are collected and maintained is given, together with other background detail, in Part C - "Explanatory Notes" commencing on page 21.

Table 1 is a new table, presented this month for the first time, which combines all employees reported in Parts A and B. Data on Agency and Proprietary Corporations and Other Agencies is presented by province in Part A, Table 2. That for Departmental Branches, Services and Corporations is summarized in Part B, Table 3, presented by province in Tables 4a and 4b, on the basis of a classification by function in Tables 5 and 6, on an administrative basis in Tables 7 and 8 and finally overtime payments are reported in Table 9. The classification by function is explained in detail on pages 23 to 27. The administrative classification is based upon the departmental establishment as presented in the official Estimates of Canada, thus permitting the analyst to follow the growth and changes in employment of each department. This process, of course, must always take into consideration changes in departmental organization which occur from time to time.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES

The strike of Polymer Corporation employees continued during the month with some 1,800, affected and a resultant loss of earnings in excess of \$680,000. The number of employees in the government organizations included in this table rose by approximately 1,600 over March due mainly to seasonal increases by the National Harbours Board and the Northern Transportation Company and to the transfer of more than 900 employees from the Department of Transport to the St. Lawrence Seaway Authority.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

With the opening of the 1959 season of navigation the St. Lawrence Seaway Authority replaced the Department of Transport as the government body responsible for operation of canals on the Seaway system. As a result most of the former employees of the Sault Ste. Marie, Welland and St. Lawrence river canals became employees of the Authority. This change resulted in a drop in the function "Transportation and Communication - Waterways" of 711 Salaried, 266 Prevailing Rate and 458 Casual employees. The function "Defence Services" recorded a decline of 300 and "Social Welfare - National Employment Services" of 290 Casual employees.

STRUCTURAL CHANGES FROM PREVIOUS REPORTS

Following is an outline of principal changes resulting from the Estimates for the fiscal year April, 1959 to March 31, 1960. Changes within a service (services as outlined for each department in Tables 7 and 8) are not detailed.

1. Agriculture

A complete departmental reorganization has been implemented.

2. National Health and Welfare

Part of National Health Branch - Administration, and part of Welfare Branch - Administration are now included under Departmental Administration.

3. Trade and Commerce

Departmental Administration (including Standards Branch), Trade Commissioner Service, Exhibitions Branch and Dominion Bureau of Statistics which are included under "General Administration" in the Estimates for 1959/60 have been listed separately for the purpose of this report.

4. Transport

Northwest Territories and Yukon Radio System formerly under National Defence - Army now under Transport-Air Services.

5. Veterans Affairs

Veterans' Insurance, previously a separate Branch, is now included with Veterans' Welfare Services.

FEDERAL GOVERNMENT EMPLOYMENT

PART C

EXPLANATORY NOTES

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. This monthly report has had three different titles. In the period April, 1952 to August, 1953 it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the report was known as "Federal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940 to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

The present monthly report is composed of three parts. Introduction summarizes, in Table 1, data on all persons employed by the Federal Government and its agencies. Part A presents, in Table 2, employment data of agency and proprietary corporations and other agencies by province. A list of these bodies appears on page 22 of this section. Part B consists of Tables 3 to 9 which present statistics relating to the departmental branches, services and corporations listed in the Financial Administration Act plus a few which are not listed therein. Data on these is summarized in Table 3, presented by province in Tables 4A and 4B, classified by function in Tables 5 and 6, and on an administrative basis in Tables 7 and 8 while Table 9 details overtime payments by departments.

Statistics in the current report are presented in a form which is intended to facilitate, among other uses, direct comparisons between 1) numbers employed (reported in this publication), and 2) the number of positions established for each administrative branch of government (published in the Estimates of Canada).

The statistics relate only to civilian employees and to members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilian). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. For Boards, Commissions and other bodies those members or officers serving on a full-time basis, and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis or who receive a nominal honourarium for their services are excluded.

A description of the sources of data and the bases upon which the information is submitted and prepared for use is contained in the following outline.

INTRODUCTIONTOTAL FEDERAL GOVERNMENT EMPLOYMENT AND PAYROLLS (TABLE 1)

Table 1 groups employees of: 1) departmental branches, services and corporations, and 2) agency and proprietary corporations and other agencies. Each of these two categories are broken down into its component parts resulting in five main groups.

PART AAGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES (TABLE 2)

Statistics for these organizations are collected in two ways: 1) directly from the corporation or agency; 2) through the Employment Section of the Dominion Bureau of Statistics. The statistics reported do not permit a presentation by class, i.e. salaried, casuals and others, etc., hence composite figures are published. In most cases, employees reported represent the staff strength during the final

pay period of the month. Gross earnings are reported and they accordingly include overtime and other types of special payments in addition to regular salaries and wages. Organizations included in Table 2 are listed by group as follows:

Agency Corporations

Atomic Energy of Canada Ltd.	Defence Construction (1951) Ltd.
Canadian Arsenals Ltd.	National Battlefields Commission
Canadian Commercial Corp.	National Capital Commission
Canadian Patents and Development Ltd.	National Harbours Board
Crown Assets Disposal Corp.	Northern Canada Power Commission

Proprietary Corporations

Canadian Broadcasting Corp.	Eldorado Mining and Refining Ltd.
Canadian Farm Loan Board	Export Credits Insurance Corp.
Canadian National Railways	Northern Transportation Company Ltd.
Canadian Overseas Telecommunication Corp.	Polymer Corporation Ltd.
Central Mortgage and Housing Corp.	St. Lawrence Seaway Authority
Cornwall International Bridge Company Ltd.	Trans-Canada Air Lines
Eldorado Aviation Ltd.	

Other Agencies

Bank of Canada	Northern Ontario Pipe Line Crown Corp.
Canadian Wheat Board	Office of the Custodian
Industrial Development Bank	

The Canadian National (West Indies) Steamships Ltd., Hudson Bay Railway, and, Prince Edward Island Car Ferry and Terminals have been deleted from the above list as the former is no longer in business and the latter two were integrated into the Canadian National Railways System.

The Agency and Proprietary Corporations are listed in the Financial Administration Act under Schedules C and D respectively. The Glossary on page 28 of this report contains definitions of these two types of corporations. The "Other Agencies" though not listed and defined in the Financial Administration Act are nevertheless organizations of the Crown.

PART B

DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS (TABLES 3 TO 9)

Salaried employees

Salaried employees as used in this report means all persons paid on the basis of a stated annual salary rate, with the exception of the group known as "ships' officers". The latter group are excluded because of their special treatment under the Financial Administration Act. For a more complete definition of "salaried employees" see the Glossary on Page 28.

The basic data is recorded in two ways: 1) by employee; 2) by group of employees.

1) By employee:

Individual position records are maintained for the majority of salaried positions in the departmental branches, services and corporations of the Government of Canada (the remainder will be treated under "2) by group of employees"). The position record cards contain data on the occupants of these positions. The records are amended monthly on the basis of documents received authorizing changes concerning positions and/or their occupants - thus affording a count of persons employed on the last day of the month. Because of an unavoidable time lag in the routing of position and personnel changes through normal channels, it is not always possible to include all changes applicable to any month in statistics for that month. The count of employees for a given month, therefore, will not always represent the exact staff strength at the end of that month. Regular earnings, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries for any given month. These factors are not, however, significant enough to seriously affect the usefulness of the statistics.

2) By group of employees:

Statistics pertaining to the remainder of salaried employees in departmental branches, services and corporations (for which no individual position records are maintained) are collected by means of forms or statements. The staff strength at the end of the month is reported. Regular earnings (which excludes overtime, bonuses and other extra benefits) represents the total earned during each month by all persons employed in that month including those who are off-strength at the end of the month. The following are collected in this manner:

- Atomic Energy Control Board
- Defence Research Board
- Fisheries Research Board
- Legislation:
 - The Senate
 - House of Commons
 - Library of Parliament
- National Film Board
- National Research Council
- Post Office:
 - employees paid from Postal Revenues
- Royal Canadian Mounted Police
- Royal Commission on Energy Policies
- Royal Commission on Price Spreads of Food Products

All salaried "locally-engaged" employees in foreign countries are also reported on forms. See the Glossary for definition.

Non-Salaried Employees (Prevailing Rate, Ships' Officers and Crews, Casuals and Others)

Individual position records, such as those maintained for the majority of "salaried" positions, are not kept for the non-salaried staff. The Dominion Bureau of Statistics obtains data on these employees by means of summary reports based on payroll and other records. Since these reports are prepared on the basis of pay period they represent the actual amounts paid out to employees during each month. The ships' officers are included in the non-salaried group (though they are in fact salaried employees), owing to their special treatment under the Financial Administration Act.

Departmental Corporations

In order to distinguish them from departmental branches and services, the following are departmental corporations included in this report and listed in Schedule B of the Financial Administration Act. A definition appears in the Glossary:

- Agricultural Prices Support Board
- Atomic Energy Control Board
- Canadian Maritime Commission
- Director of Soldier Settlement
- The Director, The Veterans' Land Act
- Dominion Coal Board
- Fisheries Prices Support Board
- National Gallery of Canada
- National Research Council
- Unemployment Insurance Commission

CLASSIFICATION BY FUNCTION

The statistics of departmental branches, services and corporations are classified in tables 5 and 6 by function. The purpose of providing a classification by function is to supply a means of studying the operations of governments without the complications resulting from differences in administrative establishment which occur from time to time in each government and between governments. This analysis is useful in three ways. First it permits a detailed study of employment by the Government of Canada according to the main purposes or functions. Since these functions are not subject to the periodic changes which alter the administrative structure of the government it is possible to develop a statistical series which, with minor exceptions, is consistent over an extend period of time. Second,

since differences in administrative establishments are eliminated it is possible to make meaningful comparisons between federal government expenditures on employment and similar expenditures by other levels of government. Third, an analysis of the relationship between expenditures on employment and total expenditures can be made with regard to each function. The use of percentages will facilitate comparisons especially between levels of government.

The classification by function reflects the purpose served by the expenditure, and employment statistics presented on this basis have been classified in accordance with concepts evolved by the Public Finance Section of the Dominion Bureau of Statistics for the presentation of financial statistics. The following listing shows how the administrative detail has been applied to the various functions and will serve to indicate clearly the meaning of each function. Since "other" is actually a group of functions the component parts have been listed separately so that each may be self-evident.

COMPARABILITY BETWEEN NUMBERS AND EARNINGS

The user of these statistics is advised to avoid making direct comparisons between the numbers of persons reported and the earnings reported, the reason for this being that numbers relate to the last day of the month wherever possible and otherwise to the final pay period of the month. Since in certain categories, especially casual employment, a very considerable fluctuation in numbers employed may occur during any month, it may be seen that a comparison between the earnings of all persons employed during the month and the numbers on strength at the end of the month would, in many cases, not be valid.

COMPARABILITY WITH FORMER SURVEY

The statistical series produced on an annual basis for the years 1925 to 1952 was intended to include the number of permanent and temporary employees in the general administrative government services (this broadly speaking, included those coming under the Civil Service Act). In addition, the earnings of certain classes of employees referred to as "non-enumerated" classes were shown in the publication. The survey did not include a count of these "non-enumerated" classes. Since there was a distinct variation in the interpretation by departments of what constituted these groups there resulted differences between departments in the coverage of employees and earnings included in the annual series. The monthly series which commenced in April, 1952 includes employees not formerly counted in the tabulations as well as a number of government services not previously included, and consequently the statistics should not be compared with the former annual series.

GLOSSARY OF PRINCIPAL TERMS USED

1. **Department:** Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.
2. **Crown Corporations:** A Crown Corporation is a corporation which is ultimately accountable, through a Minister, to Parliament for the conduct of its affairs, and includes the corporations named in the Financial Administration Act as departmental corporations, agency corporations and proprietary corporations.
3. **Departmental Corporation:** A Crown Corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
4. **Agency Corporation:** A Crown Corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. **Proprietary Corporation:** A Crown Corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.
6. **Salaried employee:** An employee who is paid on the basis of an annual salary rate and occupies a salaried position authorized by the Treasury Board or the Privy Council. These employees and positions may be of a continuing, term, seasonal, sessional, or part time nature. The positions are specified together with appropriate funds, in the Estimates of Canada and supplementary authorizing documents and are located in departmental branches, services and corporations subject to the regulation of the Treasury Board.
7. **Prevailing rate employee:** An employee employed in the Public Service of Canada whose remuneration is based on the rate of pay prevailing in the area where he is employed for the class of work he does. His rate of pay may also be on rates prevailing in any area in Canada for work comparable to that which he does. The rates may be hourly, daily, weekly or monthly. These employees are governed by the Financial Administration Act - Prevailing Rate Employees General Regulations. They are occupants of positions authorized by the Treasury Board. The positions, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.
8. **Ships' officer:** A person employed in the Public Service for duty on a ship that is the property of or chartered by or on behalf of Her Majesty as a master, mate or marine engineer who is duly certified under the Canadian Shipping Act or in a position designated by the Treasury Board as that of a ship's officer. Excluded are members of the Armed Forces and the Royal Canadian Mounted Police. An annual rate of pay is determined by the Treasury Board after consultation with the Department of Labour. These employees are governed by the Financial Administration Act - Ships' Officer's Regulations. They are occupants of positions established by the Treasury Board and these positions, together with appropriate funds, are listed in the Estimates of Canada.
9. **Ships' crew employee:** A person employed in the Public Service for duty on a ship that is the property of or chartered by or on behalf of Her Majesty as an unlicensed crew member. Excluded are members of the Armed Forces and the Royal Canadian Mounted Police. A monthly rate of pay is determined by the Treasury Board after consultation with the Department of Labour. These employees are governed by the Financial Administration Act - Ships' Crews Regulations. They are occupants of positions established by the Treasury Board and these positions, together with appropriate funds, are listed in the Estimates of Canada.
10. **Casual and other employee:** All employees in Departments and Departmental corporations of the Government of Canada who are not defined as Salaried, Prevailing Rate, Ships' Officer or Ships' Crew employees.
11. **Locally-Engaged employees:** These are persons, usually citizens of foreign countries, employed by the Government of Canada to perform duties in their country. Their salary or wage is stated in the currency of the country where they are employed. Salaried locally-engaged employees are those persons occupying positions: (1) in classes having the suffix U.K. i.e., Clerk 2(UK), Stenographer 1 (UK), etc.; (2) as Assistants. While most are engaged as Salaried or prevailing rate staff some locally-engaged employees are employed on a casual basis and are paid from the vote "Casuals and Others". The term "locally-engaged" excludes Canadian employees posted abroad.
