JULY - SEPTEMBER - 1972 - JUILLET - SEPTEMBRE

INTRODUCTION

NOTE

A complete description of the method of collection and the statistics included in this series is given, together with other background detail, in the report for April - June 1972.

Data of the Departmental Services, Government Enterprises and Workmen's Compensation Board of the Province of British Columbia are not available for inclusion in this publication. Data for the Institutions of Higher Education in that Province are included.

The number of employees relates to employment on the last day of the month or at the end of the final pay period of the month. The payrolls represent all monies paid to employees during the period before any deductions for income tax etc. Retroactive and overtime payments are included in the month the payments are made.

The cumulative gross payrolls reported by the provincial and territorial governments (excluding British Columbia as noted above) for the third quarter of 1972 amounted to \$789.5 million, and increase of 6.3 % from the \$742.5 million reported for the previous quarter of April - June 1972. The number of employees reported for the last pay period in September 1972 was 423,728 an increase of 3.1 % over the 410,977 reported for the same pay period in June 1972.

Due to unavoidable delays in the reporting of monthly data, estimates have been made for some departments. Revised totals will be published in the next quarterly report.

NOTA

Une description complète de la méthode employée pour la collecte et le traitement des données statistiques peut-être trouvée dans la publication couvrant la période avril - juin 1972.

Les données des services ministériels, des entreprises publiques ainsi que la Commission des accidents du travail en Colombie-Britannique ne sont pas disponibles et ne peuvent être incluses dans cette publication. Les données pour les établissements d'éducation supérieur dans cette province sont incluses.

Le nombre d'employés est celui du dernier jour du mois ou de la dernière période de paie du mois. La rémunération brute comprend toutes les sommes versées aux employés pendant le mois, avant les déductions pour l'impôt sur le revenu, etc. Les paiements rétroactifs et de surtemps sont inclus dans le mois où ils ont été versés.

La rémunération brute (excluant la Colombie-Britannique comme mentionné ci-haut) pour le troisième trimestre de l'année 1972 atteignait \$789.5 millions, soit une augmentation de 6.3 % par rapport aux \$742.5 millions du trimestre précédent, écoulé entre avril et juin 1972. Le nombre d'employés déclarés à la fin de septembre 1972 était de 423,728, soit une augmentation de 3.1 % par rapport aux 410,977 déclarés à la fin de juin 1972.

À cause de délais inévitables dans la transmission des données mensuelles, des nombres ont dû être estimés pour quelques ministères. Les rectifications qui s'imposent apparaîtront dans le prochain rapport trimestriel.
