FEDERAL GOVERNMENT EMPLOYMENT IN METROPOLITAN AREAS

SEPTEMBER 1963

INTRODUCTION

This is the third in a series of published reports giving information on employment of the federal government in metropolitan areas. Previous reports were for the months of March 1961 and September 1962. The present report covers seventeen metropolitan areas and the only change from the publication for September 1962 is that the town of Montgomery in Alberta has been annexed by the city of Calgary. This does not make any change in the boundaries of the metropolitan area of Calgary.

Extent of Coverage

The report is restricted to employees in departmental branches, services and corporations. It gives the staff strength of these at September 30, 1963 and includes data on regular earnings of employees on strength during that month. Retroactive and overtime payments are excluded. The report does not include employees of agency and proprietary crown corporations and other agencies.

To indicate the extent of coverage of this report the September 1963 staff strength (in Canada and abroad) of all federal government organizations is shown below:

Departmental branches, services and corporations.....	203,038
Agency and proprietary corporations and other agencies	139,550
Total Federal Government	342,588

Of the 203,038 persons employed in departmental branches, services and corporations 135,563 or 66.8 per cent were employed in metropolitan areas.

Relation to the Monthly Federal Government Employment Report (Catalogue No. 72-004)

This is a companion report to the monthly Federal Government Employment report and the same general comments apply. A detailed statement of the methods used in preparing the monthly Federal Government Employment report is provided each year in the publication for April. Members of the Armed Forces are excluded but the civilian personnel of the Department of National Defence are included. Both civilian and uniformed personnel of the Royal Canadian Mounted Police are included. Ministers of the Crown and the Solicitor General are excluded as are those members of boards or commissions who are paid on a per diem basis or who receive a nominal honorarium for their services. Terms used in the report are defined in the Glossary which will be found in Appendix B.

Composition of Metropolitan Areas

The seventeen metropolitan areas covered by this report are essentially those developed for use in the 1961 decennial census of population. There are, however, a few cases where municipalities are partly included within the boundaries of metropolitan areas and partly excluded for census purposes. Because the basic data on government employment are detailed by location, a split cannot be made and the rule followed has been to incorporate the entire location into the metropolitan area concerned. Thus the metropolitan area coverage, as used herein, is slightly greater in the cases of Calgary and Edmonton than the areas covered by the census. A list of locations forming each metropolitan area for purposes of this report is given in Appendix A.

It should be noted that this report, like the one for September 1962, is based on 1961 census metropolitan areas, whereas the publication for March 1961 was based on census metropolitan areas in effect in 1956. The difference between the 1956 and 1961 census metropolitan areas are indicated in the September 1962 edition of this report.

Comparability Between Number of Employees and Regular Earnings

Persons using these statistics are warned against making direct comparisons between the number of employees and regular earnings for purposes of deriving average earnings data. This is because the count of staff represents persons employed at the end of September, whereas earnings relate to all persons who receive pay during that month, including those not on strength at the end of September. Considerable fluctuations in the number employed frequently occur, especially among casual staff and, consequently, a comparison between the number and earnings would, in many cases, not be valid.

Analysis of Data

In September 1963 just over two-thirds of the total staff of departmental branches, services and corporations were employed in the seventeen metropolitan areas. They numbered 135,563 or 66.8 per cent compared with 67,475 or 33.2 per cent in the remainder of Canada and abroad. The distribution in September 1962 had been 133,682 employees or 66.3 per cent in metropolitan areas compared with 67,864 or 33.7 per cent in the remainder of Canada and abroad. The Ottawa-Hull metropolitan area staff at September 1963 numbered 47,500 or 23.4 per cent of the total. This was an increase of 51 employees from 1962. The Montreal metropolitan area remained

the second largest employer of federal personnel at 19,098 employees or 9.4 per cent of the total while Toronto was third largest with 15,700 or 7.7 per cent of total staff.

The sex distribution of staff shows that there were 96,850 males and 38,625 females employed in metropolitan areas. The indicated distribution therefore is 71.5 per cent males and 28.5 per cent females among staff employed in metropolitan areas. This contrasts with 52,789 males and 11,441 females in non-metropolitan areas (or 82.2 per cent males versus 17.8 per cent females). The proportion of male employees in non-metropolitan areas is probably greater since most of the 3,245 employees not distributed by sex are male staff. The highest proportion of female staff is, as previously, located at Ottawa-Hull where, as in 1952, 37 of each 100 em-

ployees are women. The 2,943 employees outside Canada represent Canadians posted abroad and "locally engaged" employees who are residents of foreign countries hired for local service by the Government of Canada.

Regular earnings are proportionally high in metropolitan areas with 66.8 per cent of all employees sharing 68.6 per cent of total earnings. The Ottawa-Hull metropolitan area where most of the administrative and policy making staff are located indicates a still higher average salary with 23.4 per cent of the total staff receiving 26.1 per cent of all regular earnings.

A comparison between this report and the monthly Federal Government Employment report for September 1963 follows:

	Total employees	Employees in all metropolitan areas	Percentage in all metropolitan areas	Employees in Ottawa-Hull metropolitan area	Percentage in Ottawa-Hull metropolitan area
Salaried	163, 284	115, 830	70. 9	43, 127	26. 4
Prevailing rate	23, 415	11, 272	48. 1	3, 190	13. 6
Ships' officers and crews	3, 556	2, 551	71. 7	—	—
Casuals and others	12, 783	5, 910	46. 2	1, 183	9. 3

More than 70 per cent of all salaried employees, ships' officers and crews are employed or based in metropolitan areas in contrast to between 45 and 50 per cent of prevailing rate and casual employees. More than one quarter of all the salaried staff are employed in the Ottawa-Hull area.

While most departments have staff both within and outside metropolitan areas there are seven whose entire staff are employed in the metropolitan areas. These are:

Auditor General's Office
Board of Broadcast Governors

Office of the Chief Electoral Officer
Office of the Secretary to the Governor General
Insurance
Legislation: The Senate
House of Commons
Library of Parliament
Secretary of State

The vast majority of these and other administrative employees are located at the departmental headquarters which are usually situated in the Ottawa-Hull area.

¹ Effective August 21, 1963 the Department of Defence Production absorbed a substantial portion of the activities of the Department of Public Printing and Stationery. Public Printing and Stationery, in turn, assumed part of the responsibilities of Defence Production on October 3, 1963 and was renamed The Queen's Printer. Details of the staff affected are not available and the data has accordingly been shown under the respective former Departments.

² Includes "North Atlantic Treaty Organization" and "Canada's Civilian Participation as a member of the International Commissions for Supervision and Control in Indo-China".

³ Excludes field parties.

⁴ Excludes members of the Armed Forces.

⁵ Excludes employees paid from Postal Revenues.

* See footnote 1.

† The new Emergency Measures Organization proclaimed on June 27, effective July 1, 1963, is composed of the Emergency Measure Organization of Privy Council and the Civil Defence College, Amprior, Ontario, of National Health and Welfare. The Department of Industry proclaimed on July 25, 1963, is composed of new staff and staff transferred from the Departments of Defence Production and Trade and Commerce. Since statistics are not yet available on the staff transfer, they are included in their respective department of original except for 6 new casual employees of the Department of Industry, data for which is not detailed above.

‡ Excludes the Governor General, Lieutenant-Governor, Judges and Ministers of the Crown.

§ Includes 8 casual employees of the Department of Industry, referred to in footnote 7, not detailed above.

¹ Effective August 21, 1963, the Department of Defence Production absorbed a substantial portion of the activities of the Department of Public Printing and Stationery. Public Printing and Stationery, in turn, assumed part of the responsibilities of Defence Production on October 3, 1963, and was renamed the Queen's Publisher. Details of the staff affected are not available and the data has accordingly been shown under the respective former Departments.

² Includes "North Atlantic Treaty Organization" and "Canada's Civilian Participation as a member of the International Commissions for Supervision and Control in Indo-China".

³ Excludes earnings of field parties.

⁴ Excludes pay of members of the Armed Forces.

⁵ Excludes earnings of employees paid from Postal Revenues.

* See footnote 1.

† Excludes payments for part time work as Weather Observers.

* The new Emergency Measures Organization proclaimed on June 27, effective July 1, 1963, is composed of the Emergency Measure Organization of Privy Council and the Civil Defence College, Arnprior, Ontario, of National Health and Welfare. The Department of Industry proclaimed on July 25, 1963, is composed of new staff and staff transferred from the Departments of Defence Production and Trade and Commerce. Since statistics are not yet available on the staff transfer, they are included in their respective departments of origin except for new casual employees of the Department of Industry with earnings of \$915, not detailed above.

* Excludes earnings for the Governor General, Lieutenant-Governors, Judges and Ministers of the Crown.

† Includes \$915 for the Department of Industry, referred to in footnote 8, but not detailed above.

APPENDIX B. Glossary of Principal Terms Used

1. **Metropolitan Areas:** These are essentially the same as those developed by the Census Division of the Dominion Bureau of Statistics. They include the suburban fringe or thickly settled territory lying outside of, but adjacent to, the boundaries of the larger cities in Canada. Because of the requirements of this survey, complete municipalities are included, hence the metropolitan areas of Calgary and Edmonton are somewhat larger than the Census Metropolitan Areas.
2. **Salaried employee:** An employee who is paid on the basis of an annual salary rate and occupies a salaried position authorized by the Treasury Board or the Privy Council. These employees and positions may be of a continuing, term, seasonal, sessional, or part-time nature. The positions are specified together with appropriate funds, in the Estimates of Canada and supplementary authorizing documents and are located in departmental branches, services and corporations subject to the regulation of the Treasury Board. Ships' officers are not classified as salaried owing to their special treatment under the Financial Administration Act.
3. **Prevailing rate employee:** A person employed in the Public Service of Canada whose remuneration is based on the rate of pay prevailing in the area where he is employed for the class of work he does. His rate of pay may also be based on rates prevailing in any area in Canada for work comparable to that which he does. The rates may be hourly, daily, weekly or monthly. These employees are governed by the Financial Administration Act—Prevailing Rate Employees General Regulations. They are occupants of positions authorized by the Treasury Board, which, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.
4. **Ships' officer:** A person employed in the Public Service for duty on a ship that is the property of or chartered by or on behalf of Her Majesty as a master, mate or marine engineer who is duly certified under the Canadian Shipping Act or in a position designated by the Treasury Board as that of a ship's officer. Excluded are members of the Armed Forces and the Royal Canadian Mounted Police. An annual rate of pay is determined by the Treasury Board after consultation with the Department of Labour. These employees are governed by the Financial Administration Act—Ships' Officer's Regulations. They are occupants of positions established by the Treasury Board, which, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.
5. **Ships' crew employee:** A person employed in the Public Service for duty on a ship that is the property of or chartered by or on behalf of Her Majesty as an unlicensed crew member. Excluded are members of the Armed Forces and the Royal Canadian Mounted Police. These employees are paid on the basis of a monthly salary rate determined by the Treasury Board after consultation with the Department of Labour. They are governed by the Financial Administration Act—Ships' Crews Regulations. These employees are occupants of positions established by the Treasury Board, which, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.
6. **Casual and other employees:** All employees in Departments and Departmental Corporations of the Government of Canada who are not defined as salaried, prevailing rate, ships' officer or ships' crew employees.
7. **Regular earnings:** The basic pay of employees before deductions but excluding any special payments such as overtime, living allowances, etc. All regular earnings for the month, including those persons off-strength at the end of the month are included.
