ESTIMATES OF EMPLOYEES

Historical Series

Introduction

The monthly publication of Estimates of Employees by Province and Industry, Catalogue 72-008, was suspended following the release of the February 1971 issue. Historical data for 1961 to 1972 were contained in Estimates of Employees by Province and Industry, 1961-1973, Catalogue 72-513, published in March 1974. Monthly data for 1973 were released on April 4, 1975 in Statistics Canada Daily, Catalogue 11-001.

The present publication contains 1961 to 1974 data by industry division and province except for forestry and construction which are available only at the Canada level. Also, a revision has been made to public administration and defence for British Columbia.

While more disaggregated industrial and geographical data were published for years prior to 1971 in Catalogue 72-008, revisions to these years as well as the preparation of estimates for 1971 to 1974 could only be carried out at the industry division and province levels.

ESTIMATIONS DU NOMBRE DE SALARIÉS

Séries chronologiques

Introduction

La publication mensuelle des Estimations du nombre de salariés par province et par industrie, n° 72-008 au catalogue, a été interrompue après le numéro de février 1971. Des données chronologiques ont été publiées pour la période 1961-1972 dans une publication hors série (n° 72-513 au catalogue, mars 1974). Les données mensuelles de 1973 ont paru dans le Quotidien de Statistique Canada (n° 11-001 au catalogue) du 4 avril 1975.

La présente publication renferme des données par province et par industrie pour la période 1961-1974 à l'exception du foretage et de la construction pour lesquels les données ne sont disponibles qu'au niveau du Canada. Des révisions aux données relatives à l'administration publique et la défense en Colombie-Britannique sont aussi incluses.

Bien que des données industrielles et géographiques plus désagrégées aient été publiées pour les années avant 1971 dans la publication n° 72-008 au catalogue, les révisions pour ces années et la préparation des estimations pour la période 1971-1974 n'ont pu être menées qu'aux niveaux des divisions d'activités et des provinces.
