

KENTUCKY-CANADA

AGRICULTURAL TRADE = \$428 MILLION IN 2014

Let's keep a good thing growing!

Kentucky exported \$213 million to Canada, including:

- \$53M in alcoholic beverages (including \$23M in whiskies)
- \$26M in baked goods
- \$23M in animal feed
- \$22M in tomato sauces
- \$18M in prepared peanuts

Kentucky imported \$215 million from Canada, including:

- \$64M in whiskies
- \$21M in baked goods
- \$20M in liqueurs and cordials
- \$15M in chocolate products
- \$14M in live animals (including \$10M in hogs)

Kentucky's top agriculture and agri-food export markets:

A Strong Partnership in Trade:

- Since 2005, agriculture and agri-food trade between the U.S. and Canada has more than quadrupled, leading to significant changes in trade patterns and resulting in a more integrated North American marketplace.
- The U.S. and, in particular, Kentucky has benefited from this strong relationship - with Canada purchasing over \$26B in agriculture and agri-food products from the U.S. in 2014, of which \$213M came from Kentucky.
- Supply chains that cross our shared border are cost-effective and efficient because of the proximity to each other's agricultural inputs and products. For example, Canada is a major supplier of energy and fertilizers, while the U.S. equips Canada with farm machinery and crop protection technologies.
- Access to Canadian cattle, hogs, and oilseeds allows American feedlots, finishers, and crushing plants to run at capacity, supporting U.S. jobs.

Trade and investment with Canada = 112,600 jobs in Kentucky
