**A STRONG PARTNERSHIP IN AGRICULTURE**  
*Let's keep a good thing growing!*

## AGRICULTURAL TRADE = \$305 MILLION IN 2015

### SOUTH DAKOTA'S TOP AGRICULTURE AND AGRI-FOOD EXPORT MARKETS:

### A STRONG PARTNERSHIP IN TRADE:

**Feeding an integrated supply chain!** – South Dakota agricultural exports complement the Canadian livestock sector, and Canada's livestock exports to South Dakota complement South Dakota's meat processors. In 2015, South Dakota exported \$120M in animal/pet feed (including \$91M in soybean meal) to Canada. These exports allow Canadian farmers to provide excellent nutrition to their livestock—while also bolstering jobs and economic growth in South Dakota. In 2015, Canadian farmers in turn exported \$37M in live animals (including \$24M in cattle) to South Dakota, enabling the state's feedlots to operate at full capacity and further supporting the rural economy in South Dakota. This mutually beneficial trade builds upon efficiencies, advances producers and the economy on both sides of the border, and feeds an ever-strengthening bilateral relationship!
