It is required by law that remittance be made in advance of shipment of publications.

Cheque or money orders should be made payable to the Receiver General of Canada. Postage stamps are not acceptable.

#### Discounts

A discount of 25 per cent is allowed to book dealers and quantity purchasers on condition that the prices set by the Superintendent of Publications for the sale of the publications shall not be exceeded and that publications shall not be overprinted with any advertising matter.

All orders are charged to the account and regular statements forwarded.

## **FREE DISTRIBUTION**

### **To Depository Libraries**

The Queen's Printer is required by law to furnish free of charge one copy of any government publication, not of a confidential nature, to designated classes of libraries in Canada, for preservation and educational purposes, so that all the public may have access to all government publications.

Libraries are expected to accept, shelve and preserve, classify and catalogue, all government publications sent to them, and to assume full responsibility as designated depository libraries. Full-depository libraries are entitled to receive one copy of every publication of the Parliament or Government of Canada which is made available to the Superintendent of Publications for distribution. Selective-depository libraries are entitled to select any series of government publications they are able to adequately place at the disposal of the public. The Daily Checklist incorporates the functions of a Depository Invoice for full-depository libraries and of an Order Form for selective-depository libraries. In order to receive their selection, selective-depository libraries must make application within ten days after receiving the issues of the Daily Checklist in which the desired items appeared.

### **To the General Public**

Free publications are obtainable from the Department or Agency issuing the publication.

## **CATALOGUE SERVICES**

### **DAILY CHECKLIST**

The **Daily Checklist**, published mainly for administrative convenience, is issued Monday through Friday except public holidays. It records all government publications so that they are readily accessible to the Public Service and the general public and quickly made known to libraries. Produced in loose-leaf form, the Daily Checklist is mailed to all who need to have day-to-day information on what is being published by Parliament and the Government of Canada, with the exception of the statutory orders and regulations which are listed in Canada Gazette, Part II, under title "Statutory Orders and Regulations". The material which appears in the Daily Checklist is used to compile a monthly catalogue. All those who are authorized by law or regulation to receive free copies of government publications receive the Daily Checklist automatically and without charge.

### **MONTHLY CATALOGUE**

The **Monthly Catalogue of Government Publications** is a comprehensive listing of all official publications, public documents and papers, not of a confidential nature, printed or "processed" at government expense by authority of Parliament or that of a Department, Commission, Board, Corporation, etc., of the Govern-

ment, including publications bought at public expense for use of, or distribution to, Members of Parliament, public officials or the public. Each issue of the Monthly Catalogue contains all items listed in the Daily Checklists during the previous month and is ready for distribution during the second week of the following month.

Prices and distribution policy are stated for each title listed for the guidance of prospective buyers, librarians and the interested public.

### **ANNUAL CONSOLIDATED CATALOGUE, 1953**

The **Canadian Government Publications Consolidated Annual Catalogue, 1953**, supersedes the Annual Catalogue of 1948 and supplements to 1952 and incorporates all the entries from the Monthly Catalogue of Canadian Government Publications, January to September, 1953 inclusive.

An attempt has been made to include all federal publications in print as of September, 1953. The Consolidated Catalogue records free as well as priced publications, whether distributed by the Queen's Printer or by the various issuing agencies.

### **ANNUAL CATALOGUES**

The **Annual Catalogue, 1954**, is a supplement to the Consolidated Annual Catalogue 1953 and lists all federal publications received and noted by the Publications Branch from October, 1953 to December, 1954 inclusive.

The **Catalogue of Canadian Government Publications 1955** is a consolidated list of the publications issued during the year. It cumulates the issues of the Monthly Catalogue of Canadian Government Publications, volume 3 Nos 1 to 11 and lists the publications noted in the Daily Checklist during December 1955.

### **SECTIONAL CATALOGUES**

The sectional catalogue entitled "Labour Publications" issued in 1955, is the first of a series which, when completed will provide a comprehensive record of all publications available for purchase, arranged according to Government Departments and including a selection of important related publications issued by Parliament and other departments and agencies of the Government of Canada. The Sectional Catalogues will provide a subject approach to the many thousands of publications which form the sales stock of the Queen's Printer.

### **SELECTED TITLES BULLETINS**

Published periodically, they contain short notes on two or three dozen current government publications. The contents of each book are briefly and vividly described and an order form accompanies each bulletin. Anyone who is interested may receive these bulletins simply by sending a postcard to the Queen's Printer asking to be placed on the Selected Titles mailing list. Also available in French ..... Free.

Canada's Atlantic salmon, by F. H. Wooding. Reprinted from the October, 1954, issue of the Canadian Geographical Journal. Ottawa, November, 1954. 23p. Illus. 26cm. Paper cover.

The Atlantic salmon provides Canada with a valuable resource. It is both a commercial and a sporting asset, and as such is under double attack,—in the seas and in the narrow rivers. Many species of fish are well understood and not difficult to protect but the Atlantic salmon is not one of these. If the public is to be asked to support conservation measures for salmon, the public must first be informed. The purpose of this booklet is to tell as clearly as possible as much of the salmon story as is known. Illustrated with 25 drawings and photographs, several of which are in colour.

Official History of the Canadian Army in the Second World War.

Vol. 1: Six Years of War, the Army in Canada, Britain and the Pacific, by Colonel C. P. Stacey. Ottawa, 1955. 629p. Illus., maps. 25cm. Cloth bound.

This is the first volume of the Official History of the Canadian Army in the Second World War. It deals with events in Canada, with the experience of the Army in Britain (including the raiding operations conducted from the British base), and with the war against Japan. The operations at Dieppe and Hong Kong are described more fully than in any previous accounts. This volume is based upon more thorough research than was possible in the case of Colonel Stacey's earlier official historical summary, "The Canadian Army 1939-45", which won a Governor-General's Award in 1948. It is the product of exhaustive investigation in Canadian, Allied and enemy records. Illustrated with frontispiece in full colour, 38 photographs in black and white, 14 maps of which 7 are in colour.

# INTRODUCTION

Sous la direction de l'Imprimeur de la Reine, le Surintendant des publications, département des Impressions et de la Papeterie publiques, à Ottawa, est chargé, en vertu de la loi, de la vente de toutes les publications officielles du parlement et du gouvernement du Canada, qui sont offertes en vente, ainsi que de la distribution de tous les documents et pièces publics aux fonctionnaires et autres personnes qui y ont droit à titre gratuit. On s'efforce en général d'assurer une large diffusion des publications de l'État en les vendant à des prix attrayants et en démontrant leur grande utilité par la réclame publicitaire.

## RENSEIGNEMENTS D'ORDRE GÉNÉRAL

### COMMENT ACHETER LES PUBLICATIONS

#### Remise

Chaque commande doit être payée d'avance. Les mandats de poste, les mandats de messageries ou les chèques visés doivent être faits payables à l'ordre du Receveur général du Canada et adressés à l'Imprimeur de la Reine à Ottawa. Les timbres-postes ne sont pas acceptés en paiement des publications.

#### Rabais

Un rabais de 25 p. 100 est accordé aux libraires ainsi qu'à ceux qui placent d'importantes commandes, à la condition, toutefois, que le prix de vente ne soit pas majoré et qu'aucune réclame publicitaire ne soit imprimée sur la publication.

#### Comptes de dépôt

Les personnes qui prévoient acheter régulièrement des publications de l'État peuvent ouvrir un compte de dépôt auprès du Surintendant des publications. On évite ainsi les envois répétés de sommes minimes, ainsi que les demandes de renseignements au sujet des prix. Le dépôt minimum est de dix dollars (\$10). On assigne au client un numéro d'ordre qu'il doit citer en plaçant ses commandes. Toutes les commandes sont imputées sur ce compte et des relevés sont envoyés régulièrement.

#### Frais de poste

L'expédition postale pour colis à destination du Canada ou des États-Unis ne comporte aucuns frais supplémentaires; pour tous les autres pays, 30% pour les frais de port doit être ajouté au prix de vente.

## DISTRIBUTION GRATUITE

### Aux bibliothèques dépositaires

Les bibliothèques constituent le moyen le plus économique et le plus efficace pour diffuser adéquatement les publications de l'État à travers tout le pays. L'Imprimeur de la Reine est tenu en vertu de la loi, de fournir gratuitement un exemplaire de toutes les publications de l'État, qui ne sont pas d'ordre confidentiel, aux catégories désignées de bibliothèques canadiennes, à des fins éducatives, pour que la population ait accès à toutes les publications officielles.

Le Surintendant des Publications a classé les bibliothèques dépositaires en deux groupes: le premier (classe 1) comprenant les **bibliothèques dépositaires totales**, et le second (classe 2) comprenant les **bibliothèques dépositaires partielles**. La Liste Quotidienne est publiée pour leur faciliter l'exercice de leur privilège. Le Surintendant des Publications publiera plus tard des listes classifiées dans le but d'aider davantage ces bibliothèques dans le choix des titres disponibles.

Les bibliothèques dépositaires qui reçoivent gratuitement les publications du gouvernement, doivent les mettre sur leurs rayons, les cataloguer et les classifier, et assumer leur rôle en tant que dépositaires. Les **bibliothèques dépositaires totales** reçoivent toute publication du Parlement ou du Gouvernement canadien dont le Surintendant des Publications possède des exemplaires pour cette fin. Les **bibliothèques dépositaires partielles** sont autorisées à recevoir les titres ou séries de leur choix, en autant qu'elles peuvent les mettre à la disposition du public. La Liste Quotidienne sert à la fois de formule d'expédition ou de formule de commande pour les bibliothèques dépositaires totales ou partielles respectivement. Les bibliothèques doivent commander les items de leur choix dans les dix jours qui suivent la réception de leur Liste Quotidienne.

### Aux particuliers

Les publications gratuites peuvent être obtenues directement des ministères ou organismes qui sont responsables de ces mêmes publications.

## CATALOGUES DES PUBLICATIONS

### LISTE QUOTIDIENNE

La **Liste Quotidienne**, publiée pour fins administratives, ne paraît pas le samedi, le dimanche et les jours de congé public. Son but est de renseigner quotidiennement les membres du Parlement et les fonctionnaires du gouvernement, ainsi que les bibliothèques du pays et autres personnes intéressées, sur les publications

fédérales au fur et à mesure de leur parution ou de leur mise en circulation. Publiée sur feuilles mobiles pour être conservées dans un auto-relieur, si désiré, la Liste Quotidienne est adressée automatiquement et sans frais à toutes les personnes ou institutions autorisées à recevoir gratuitement les publications officielles. Les items paraissant dans la Liste Quotidienne servent à la compilation du catalogue mensuel. Les décrets et ordonnances statutaires qui paraissent régulièrement dans la partie II de la Gazette du Canada ne sont pas mentionnés dans la Liste Quotidienne.

### CATALOGUE MENSUEL

Le Catalogue Mensuel donne la liste aussi complète que possible des publications officielles et documents, non confidentiels imprimés ou "polycopiés" aux frais du gouvernement et en vertu de l'autorité du Parlement ou d'un ministère, bureau, d'une commission ou agence quelconque du gouvernement, y compris les ouvrages achetés aux frais du public pour distribution aux membres du Parlement ou au public. Chaque numéro du Catalogue Mensuel contient tous les items parus dans les listes préliminaires quotidiennes du mois précédent et paraît la deuxième semaine du mois courant.

Les prix, de même que la méthode de distribution, sont indiqués pour chaque item, dans le but de renseigner les clients, les bibliothécaires et tout groupement ou association intéressés.

### CATALOGUE GÉNÉRAL, 1953

Le Catalogue Général des publications du gouvernement canadien, 1953, remplace le catalogue annuel de 1948, ainsi que les suppléments publiés jusqu'à date. On y trouve tous les renseignements que renferme le catalogue mensuel des publications du gouvernement canadien, de janvier à décembre 1953, inclusivement.

Dans la mesure du possible, le Catalogue Général comprend toutes les publications, en vente chez l'Imprimeur de la Reine ou, disponibles dans les divers organismes, de l'État, le 1<sup>er</sup> janvier 1954.

### CATALOGUES ANNUELS

Le Catalogue annuel 1954 est la compilation de la section française du Catalogue mensuel des publications du gouvernement canadien, volume 2, 1954, et des publications françaises parues dans les listes quotidiennes publiées au cours du mois de décembre 1954.

Le Catalogue des publications du gouvernement canadien, 1955, est la refonte des numéros du Catalogue mensuel, volume 3, n<sup>os</sup> 1 à 11 et des Listes quotidiennes publiées en décembre 1955.

ASSOCIATES

The present work, completed in 1950 by the Queen's Printer, Ottawa, and honoured by a foreword by the late Right Honourable William L. Mackenzie King, former Prime Minister of Canada, is the outcome of the long and intensive interest on the part of this great statesman, for the planning of a Capital worthy of the growing role of Canada in world's history.

The preparation of the plan, under the direction of a world authority in city planning, assisted by his Canadian associates, is fully described and analysed in the General Report, which, while a technical document devoted to a particular problem, is also of deep interest and inspiration to the non-professional readers.

Several chapters are signed by authoritative Canadian specialists: History, by Dr. Gustave Lanctôt, President, Royal Society of Canada, former Deputy Minister, National Archives; Agriculture, by Dr. E. S. Archibald, Director of the Experimental Farm, Department of Agriculture; Geology, by Dr. R. E. Deane, Geologist, Department of Mines and Technical Surveys; Climate, by Mr. B. W. Boville, B.A., Meteorologist, Department of Transport.

The Report itself forms an in-4° volume of 308 pages, illustrated by 211 plans, drawings, profiles, diagrams, photographs, in black, 31 plates, 28 of which in colour, and a frontispiece. In annex to the Report, an in-folio Atlas comprises 20 colour plates, at a scale such as to amplify the subject matters of the Report.

Both Report and Atlas are bound in Green Buckram. Also available in French.

# OFFICIAL HISTORY OF THE CANADIAN ARMY IN THE SECOND WORLD WAR

This is the first volume of the Official History of the Canadian Army in the Second World War. It deals with events in Canada, with the experience of the Army in Britain (including the raiding operations conducted from the British base), and with the war against Japan. The operations at Dieppe and Honk Kong are described more fully than in any previous account.

This volume is based upon more thorough research than was possible in the case of Colonel Stacey's earlier "Official Historical Summary, the Canadian Army 1939-45", which won a Governor-General's Award in 1948. It is the product of exhaustive investigation in Canadian, Allied and enemy records.

- Illustrated with Frontispiece in Full Colour
- 38 Photographs in Black and White
- 14 Maps of which 7 are in colour
- 629 pages. Cloth bound.
