PRINCIPAL FUNCTIONS OF THE PUBLICATIONS BRANCH

The Publications Branch of the Department of Public Printing and Stationery is under the direction of the Superintendent of Government Publications. It is entirely a service agency engaged in cataloguing and distributing publications of the Federal Government.

It discharges four primary functions all provided for by legislation and Treasury Board Regulations.

(a) **Compilation and issuance of official catalogues and price lists**

Daily Checklist

The bilingual **Daily Checklist**, published mainly for administrative convenience, is issued Monday through Friday except public holidays. It records all government publications so that they are readily accessible to the Public Service and the public and quickly made known to libraries. Produced in loose-leaf form, the Daily Checklist is mailed to all who need day-to-day information on what is being published by Parliament and the various departments of the Government of Canada. The material which appears in the Daily Checklist is used to compile a monthly catalogue. All those who are entitled by law or regulation to a free copy of government publications receive the Daily Checklist automatically and without charge.

Monthly Catalogue

The bilingual **Monthly Catalogue of Government Publications** is a comprehensive listing of all official publications, public documents and papers, not of a confidential nature printed or "processed" at government expense by authority of Parliament or that of a Department, Commission, Board, Corporation, etc., of the Government, including publications bought at public expense for use of, or distribution to, Members of Parliament, public officials or the public.

For information purposes only, it also lists those few publications with an extremely limited distribution and not available to the public and which, at the issuing department's request, are not in the Daily Checklist for reasons peculiar to the department concerned.

Each issue of the Monthly Catalogue contains all items listed in the Daily Checklists during the previous month and is ready for distribution during the third week of the following month. Prices and distribution policy are stated for each title listed for the guidance of prospective buyers, librarians and the interested public.

Annual Consolidated Catalogue, 1953

The **Canadian Government Publications Consolidated Annual Catalogue, 1953**, supersedes the Annual Catalogue of 1948 and supplements to 1952 and incorporates all the entries from the Monthly Catalogue of Canadian Government Publications, January to September, 1953 inclusive. This catalogue, published in separate English and French editions, records free as well as priced publications, whether distributed by the Queen's Printer or by the various issuing agencies.

Annual Catalogues

The **Annual Catalogue, 1954**, is a supplement to the Consolidated Annual Catalogue 1953. It lists all federal publications received and noted by the Publications Branch from October, 1953 to December, 1954 inclusive and is also published in French.

The bilingual **Annual Catalogues of Canadian Government Publications for 1955 and 1956** are consolidated lists of the publications issued during those years. They cumulate the issues of the Monthly Catalogue of Canadian Government Publications, from January to November together with the publications noted in the Daily Checklist during the month of December.

Sectional catalogues

The sectional catalogue series will provide, when completed, a comprehensive record of all publications available for purchase arranged according to Government departments and including a selection of important related publications issued by Parliament, and by the various departments and agencies of the Government of Canada. The **Sectional Catalogues** will provide a subject approach to the many thousands of publications which form the sales stock of the Queen's Printer.

The following department sectional catalogues are now available: Labour Publications, November 1955; Northern Affairs and National Resources Publications, June 1956; Mines and Technical Surveys Department, Mines Branch Publications, August 1957.

Selected Titles Bulletins

Published periodically, in French or in English, they contain short notes of current government publications. The contents of each book are briefly described and an order form accompanies each bulletin. Anyone interested may receive these bulletins simply by sending a postcard to the Queen's Printer asking to be placed on the Selected Titles mailing list.

(b) Sale of Government publications

The distribution of official documents on a commercial basis is the responsibility of the Queen's Printer.

Remittances

It is required by law that remittance be made in advance of shipment of publications. Cheque or money orders should be made payable to the Receiver General of Canada. Currency may be sent at sender's risk. Postage stamps and foreign money are not accepted.

Discounts

A discount of 25 per cent is allowed to book dealers, students and purchasers of 100 copies or more, on condition that publications shall not be overprinted with any advertising matter.

Deposit accounts

To avoid waiting for quotations and sending individual remittances, those who expect to purchase Canadian Government publications regularly may open a deposit account with the Superintendent of Government Publications. The minimum deposit is ten dollars (\$10.00). A deposit account number is assigned to the customer which he will quote when ordering publications. All orders are charged to the account and a regular balance statement is forwarded to the depositor with each order he has placed and which has been processed by the Branch.

Charge accounts

Government departments and agencies, federal and provincial, may open charge accounts with the Superintendent of Government Publications.

Postage charges

Foreign buyers are urged to inquire before ordering a document to ascertain if it is still in stock and also the special selling price which may apply. To cover cost of postage this price may be up to 30 per cent higher than the catalogue price. Remittance from foreign countries should be made payable to the Receiver General of Canada by international money order, by draft on a Canadian or an American bank, or by way of UNESCO coupons. No extra charge for postage is made on documents shipped to points in Canada, the United States and Mexico.

(c) Distribution of official publications to designated depository libraries and to persons and institutions entitled to receive them free of charge

The Queen's Printer is required by regulations to furnish free of charge one copy of any government publication not of a confidential nature, to designated classes of libraries in Canada, for preservation and educational purposes, so that all the public may have access to all government publications.

Libraries are expected to accept, shelve and preserve, classify and catalogue all government publications sent to them, and to assume full responsibility as depository libraries.

In the discharge of their official duties certain persons and institutions require Canadian Government publications. In such cases the Queen's Printer is authorized to supply copies of necessary documents free of charge.

Full depositories

The full-depository libraries are entitled to receive one copy of every publication of the Parliament or Government of Canada which is made available to the Superintendent of Government Publications for distribution.

Selective depositories

Selective-depository libraries are entitled to select any series of government publications they are able to adequately place at the disposal of the public.

The Daily Checklist incorporates the functions of a Depository Invoice for full-depository libraries and of an Order Form for selective-depository libraries. To receive the selection they have applied for, selective-depository libraries must make application within ten days after receiving the issues of the Daily Checklist in which the desired items appeared.

Depository libraries abroad

Some foreign libraries may be granted the same privileges as depository libraries in Canada. Foreign depositories appear on a list which is drawn up and revised annually by the Department of External Affairs of Canada. When a foreign library's application is accepted for designation as a depository of Canadian Government publications, it is on condition that it will assume the same obligations placed on similar depository libraries located in Canada.

(d) Mailing service for other agencies of the Government including the maintenance of mailing lists

Included in Publications Branch functions are facilities and equipment for periodical addressing and mailing of publications sold by the department and/or free distribution on behalf of departments issuing such literature.

Since the end of World War II, interests has been revived in anthropometric measurements in many parts of the world. The results are reported in detail here.

65.—Indians of Canada, by Diamond Jenness. 4th edition. Ottawa, 1958. 452p. Illus., map in pocket. 26cm. Cloth bound. (Anthropological series No. 15.)

The "Indians of Canada" first appeared in 1932. It proved to be so popular that the small edition of 1,500 copies was soon gone. A second edition of 2,000 was issued in 1935, and a third of 5,000 copies, in 1955. The demand still continues and, in fact, is steadily increasing with the growing interest in the history and culture of our aboriginal people. The present edition is therefore published in response to this demand. The volume is identical in both material and illustrations with those of the preceding edition.

PRINCIPALES FONCTIONS DU SERVICE DES PUBLICATIONS

Sous la direction du Surintendant des publications de l'État, le Service des publications du département des Impressions et de la Papeterie publiques est chargé de conserver et de distribuer les publications du gouvernement fédéral. Voici en résumé les quatre principales fonctions qu'il doit remplir en vertu de la loi et des directives du Conseil du Trésor.

a) La compilation et la publication des catalogues et listes de prix

Liste quotidienne

La **Liste quotidienne** bilingue, publiée pour fins administratives, ne paraît pas le samedi, le dimanche et les jours de congé public. Son but est de renseigner quotidiennement les membres du Parlement et les fonctionnaires du gouvernement, ainsi que les bibliothèques du pays et autres personnes intéressées, sur les publications fédérales au fur et à mesure de leur parution ou de leur mise en circulation. Publiée sur feuilles mobiles pour être conservées dans un auto-relieur, si désiré, la Liste quotidienne est adressée automatiquement et sans frais à toutes les personnes ou institutions autorisées à recevoir gratuitement les publications officielles. Les ouvrages paraissant dans la Liste quotidienne sont relevés dans le catalogue mensuel.

Catalogue mensuel

Le **Catalogue mensuel** bilingue donne la liste aussi complète que possible des publications officielles et documents non confidentiels imprimés ou "polycopiés" aux frais du gouvernement et en vertu de l'autorité du Parlement ou d'un ministère, d'un bureau, d'une commission ou agence quelconque du gouvernement, y compris les ouvrages achetés aux frais du public pour distribution aux membres du Parlement, aux fonctionnaires ou au public.

C'est pourquoi on y trouvera des renseignements sur certaines publications qui n'ont pas paru dans la Liste quotidienne. Parmi celles-ci, il y a les réimpressions et les tirés-à-part d'ouvrages déjà distribués. Chaque numéro du Catalogue mensuel est la compilation des Listes quotidiennes d'un mois complet et il est préparé de façon à paraître dans la troisième semaine du mois suivant.

Les prix, de même que la méthode de distribution, sont indiqués pour chaque publication, dans le but de renseigner les clients, les bibliothécaires et tout groupement intéressé.

Catalogue général. 1953

Le **Catalogue général des publications du gouvernement canadien, 1953**, remplace le catalogue annuel de 1948, et les suppléments publiés en 1951. Il remplace également les Catalogues mensuels des publications du gouvernement canadien, de janvier à décembre 1953, inclusivement.

Dans la mesure du possible, le Catalogue général est la liste de toutes les publications imprimées en français, en vente chez l'Imprimeur de la Reine ou disponibles dans les divers organismes de l'État le 1^{er} janvier 1954.

Catalogues annuels

Les **Catalogues annuels** bilingues 1954, 1955 et 1956 sont la compilation des Catalogues mensuels des publications du gouvernement canadien, et des publications parues dans les Listes quotidiennes publiées au cours des mois de décembre de ces années.

Bibliographies spéciales

La série des **bibliographies spéciales** formera, une fois terminée, un répertoire compréhensif des publications fédérales groupées selon les ministères ou sous un titre plus représentatif. Ces bibliographies, par vedette-matière, feront mieux connaître les milliers de publications en magasin chez l'Imprimeur de la Reine.

Les bibliographies suivantes sont maintenant disponibles: No. 10 (en anglais seulement) "Labour Publications", novembre 1955; n° 11 (bilingue) "Publications du Nord canadien et des Ressources nationales", juin 1956; n° 12 (bilingue) "Division des mines, ministère des Mines et des Relevés techniques", août 1957.

Titres choisis

C'est en préparant des bulletins de **Titres choisis** que le Service des publications espère renseigner le public sur les ouvrages récents ou d'intérêt général qu'il a en vente. Publiés dans la langue des publications à annoncer, ces Titres choisis paraissent sous forme de cartes postales ou de dépliants. On y trouve une brève description des publications et une formule de commande pratique. Ceux qui veulent recevoir cette publicité n'ont qu'à faire parvenir leur nom et adresse à l'Imprimeur de la Reine, Ottawa.

b) La vente des publications gouvernementales

L'Imprimeur de la Reine est responsable de la vente des documents officiels de l'État au grand public.

Remise

Chaque commande doit être payée d'avance. Les mandats de postes, les mandats de messageries ou les chèques visés doivent être faits payables à l'ordre du Receveur général du Canada.

et adressés à l'Imprimeur de la Reine à Ottawa. Les remises en billets de banque et en monnaie sont acceptées mais aux risques du client. Les timbres-poste et l'argent étranger ne sont pas acceptés en paiement des publications.

Les commandes venant de pays étrangers doivent être payées à l'avance au moyen de mandats de poste internationaux, de chèques visés d'une banque canadienne ou américaine ou de bons de l'UNESCO. Ces clients sont priés de nous écrire avant d'envoyer une somme d'argent. Les publications qu'ils désirent ne sont peut-être plus en magasin et le prix à l'étranger peut être différent du prix canadien à cause des frais de poste.

Rabais

Un rabais de 25 p. 100 est accordé aux libraires ainsi qu'à ceux qui placent d'importantes commandes, à la condition, toutefois, qu'aucune réclame publicitaire ne soit imprimée sur la publication.

Comptes de dépôt

Les personnes qui achètent régulièrement les publications de l'État peuvent ouvrir un compte de dépôt. Elles éviteront ainsi les envois répétés de petites sommes, ainsi que les retards dus aux demandes de renseignements au sujet des prix. Le dépôt minimum est de dix dollars (\$10).

Le client doit donner son numéro de compte en plaçant ses commandes. Après chaque déduction de ce compte, un relevé est envoyé indiquant la balance en dépôt.

Comptes courants

Les ministères ou agences du gouvernement fédéral ou des gouvernements provinciaux peuvent ouvrir un compte courant auprès du Surintendant des publications de l'État.

Frais de poste

Les envois à destination du Canada, des États-Unis d'Amérique ou du Mexique sont expédiés franc de port. Pour les autres pays, une surcharge allant jusqu'à 30% du prix des publications peut être exigée pour couvrir les frais de poste.

c) Distribution des publications officielles aux bibliothèques depositaires autorisées et aux personnes et institutions ayant droit de les recevoir gratuitement

L'Imprimeur de la Reine est tenu en vertu de la loi, de fournir gratuitement un exemplaire de toutes les publications de l'État, qui ne sont pas de nature confidentielle à un certain nombre de bibliothèques canadiennes, pour que la population ait un accès facile aux publications officielles.

Les bibliothèques depositaires doivent mettre sur leurs rayons les publications qu'elles reçoivent, les cataloguer, les classer, et assumer leur rôle de depositaires.

En raison de leur responsabilité publique, certaines personnes et institutions, doivent recourir à la documentation officielle de l'État. L'Imprimeur de la Reine doit leur fournir gratuitement un exemplaire de toutes les publications demandées.

Bibliothèques dépositaires totales

Les bibliothèques dépositaires totales reçoivent un exemplaire de toutes les publications qui apparaissent dans la Liste quotidienne des publications du Gouvernement canadien.

Bibliothèques dépositaires partielles

Les bibliothèques dépositaires partielles sont autorisées à choisir parmi les publications paraissant dans la Liste quotidienne celles qu'elles mettront à la disposition du public. Pour profiter de ce privilège, ces bibliothèques doivent utiliser la Liste quotidienne comme formule de commande et faire leur demande dans les dix jours.

Bibliothèques dépositaires à l'étranger

Quelques bibliothèques à l'étranger peuvent obtenir les mêmes avantages que les bibliothèques dépositaires canadiennes si elles consentent à suivre les mêmes règlements. Les demandes à ce sujet doivent être adressées au ministère des Affaires extérieures du Canada. La liste de ces bibliothèques est révisée chaque année.

d) Expédition postale et maintien des listes de distribution

Le Service des publications est organisé pour distribuer rapidement par la poste tous les périodiques qu'il vend. De plus, il met le même service à la disposition des ministères pour l'expédition de leurs périodiques distribués gratuitement au public.

EXPLICATIONS DES SYMBOLES DE DISTRIBUTION

- * En vente chez l'Imprimeur de la Reine, Ottawa, Canada.
- † Distribution générale ou restreinte par l'auteur de la publication.
- ‡ Aucune distribution.
- Un exemplaire gratuit sur demande dans les délais et selon les termes prescrits par le règlement du Trésor 477983 aux personnes ou institutions autorisées.
- Pour la distribution gratuite des périodiques concernés, une liste de distribution est maintenue et les livraisons sont envoyées directement.

GUIDE DE L'ACHETEUR

Les publications inscrites dans ce catalogue qui sont accompagnées d'un prix et marquées d'un astérisque (*) sont en vente chez l'Imprimeur de la Reine, Ottawa. Quand le symbole de distribution est une croix (†), la commande doit être envoyée directement aux ministères ou organismes responsables de ces publications.

Toute commande est payable à l'avance et l'expédition des volumes ne se fait que sur réception de la remise exigible.

Pour éviter les paiements répétés de sommes minimes avec chaque achat de publications du gouvernement canadien, des personnes qui prévoient acheter régulièrement des publications officielles peuvent établir un Compte de Dépôt chez l'Imprimeur de la Reine.

Des dépôts de dix (\$10.00) dollars ou plus sont acceptés auxquels le prix des publications commandées est imputé. Des relevés de compte sont ensuite expédiés régulièrement aux clients. Le solde est remboursable sur demande.

Les remises se font par mandats-poste ou chèques visés, payables au Receveur général du Canada. Les timbres-poste ne sont pas acceptés.

L'expédition postale pour colis à destination du Canada, des États-Unis et du Mexique ne comporte aucuns frais supplémentaires; pour tous les autres pays, les frais de port sont ajoutés au prix de vente des publications. Veuillez vous informer.

Tous les prix sont sujets à changement sans avis préalable.

DISTRIBUTION GRATUITE

Les personnes et les institutions qui, en vertu du règlement du Trésor du 31 mars 1955 (T.B. 477983), sont autorisées à demander un exemplaire gratuit de chaque publication, doivent se servir de la Liste quotidienne publiée par l'Imprimeur de la Reine. Toutes les commandes faites par lettres ou sous une autre forme que la Liste quotidienne doivent être accompagnées de la remise nécessaire.

Comment fonctionne le Parlement, aperçu de la façon dont fonctionne le Parlement canadien, par E. Russell Hopkins, Conseiller parlementaire du Sénat du Canada. Ottawa, 1958. 53p. 20cm. Broché.

La présente plaquette est une version revue et augmentée de la brochure originellement publiée en 1953 comme la deuxième d'une série d'études sur le civisme rédigées à l'intention des forces armées du Canada, par le Bureau des Actualités du ministère de la Défense nationale. Elle traite d'un sujet à la fois vaste et complexe, dans un cadre restreint. Pour cette raison, l'auteur a dû procéder à certaines éliminations, et son étude ne doit pas être considérée comme officielle, définitive ni complète. Elle vise simplement à donner une vue d'ensemble de l'organisation, du rôle et du fonctionnement du Parlement canadien, et à servir de point de départ à une étude plus poussée.

ARCHIVES PUBLIQUES

Cartes géographiques du seizième siècle se rapportant au Canada; liste préliminaire et bibliographie. Ottawa, 1958. 305p. Ill. 25cm. Broché.

Ce catalogue provient de l'effort des Archives publiques du Canada, d'augmenter leur collection de reproductions des premières cartes géographiques relatives au Canada. Comme il n'existait aucun répertoire satisfaisant des cartes du XVI^e siècle, la Section des Cartes se trouva obligée de dresser des listes pour son propre usage. Le nombre de cartes s'étant révélé bien supérieur à ce qu'on avait cru, il devint évident qu'une liste imprimée, qui comprendrait des notes descriptives et une bibliographie, rendrait les plus grands services aux chercheurs.

Ottawa, 1958. 89p. Tableaux. 23cm. Broché.
Préparé par la Division de l'économique et de recherches, pour la Division de la main-d'œuvre féminine.

1. UNESCO PUBLICATIONS IN CANADA

National Distributor

The Department of Public Printing and Stationery in Ottawa has been appointed a general agent for the sales in Canada of UNITED NATIONS EDUCATIONAL, SOCIAL AND CULTURAL ORGANIZATION publications. This specialized agency of the UNITED NATIONS, with headquarters in Paris, France (UNESCO, Place de Fontenoy, Paris 7°) has now a membership of over eighty states and includes Canada which has been one of its founders.

Most of the publications issued by the Organization, and which cover a wide variety of subjects relating to its activities, may now be purchased from the Department. Orders will be filled from stock, or, when copies are sold out, shipment will be made at a later date provided that the required publication is still in print.

Publications Offered

1) English and French books, booklets and pamphlets which are published directly by UNESCO for sale through commercial channels, and also certain issues of processed documents.

2) Subscriptions to nine periodicals published in English and in French and also back numbers of periodicals. Subscribers will receive their copies directly from UNESCO headquarters. Back numbers of periodicals are obtainable from the Department itself.

Modes of Payment

Single orders.

All orders are payable in advance; cheques and money orders should be made out to the RECEIVER GENERAL OF CANADA and mailed to the QUEEN'S PRINTER, OTTAWA. Regulations in force strictly prohibit any form of free distribution of priced UNESCO publications.

Deposit account.

Those who expect to order regularly may open a Deposit Account. A number will be assigned to each customer who will quote that number when ordering publications. All orders are charged to the account and regular statements forwarded. Customers who already have an account for the purchase of Canadian Government Publications do not need to open a new account.

Standing order.

Only customers who have opened a Deposit Account may place standing orders for UNESCO publications. Such orders are accepted on an "until cancelled" basis and include the following types:

(a) SERIAL STANDING ORDER. All titles which are issued in one, or in several, series or collections are sent as soon as published;

(b) COMPREHENSIVE STANDING ORDER. A complete set of all (serial and monograph) publications is supplied, and each title is sent to the customer as soon as it has become available.

The minimum deposit is \$10.00. However, it is advisable for those who expect to make use of the facilities offered by standing orders, to pay a higher amount into their account.

Comprehensive Periodical Subscription.

All issues of all the nine UNESCO periodicals are sent directly to the subscriber from UNESCO headquarters in Paris.

The annual price of the Comprehensive Periodical Subscription is \$25.00, a saving of \$5.50 over the subscription rates when paid to each of the nine periodicals individually.

UNESCO Associated Books and UNESCO Documents

Books which were sponsored or produced jointly with other publishers, but which do not bear the imprint of UNESCO, are not available from the Department. An effort will be made to inform customers in each case where such a publication may be ordered.

Requests for UNESCO documents (single, free mimeographed working papers and other similar material) which are not available from the Department should be addressed directly to UNESCO headquarters. UNESCO provides also a service whereby all documents are mailed regularly to subscribers. This service should be requested direct from UNESCO.

Listing of Publications

The *Monthly Catalogue of Canadian Government Publications* will include, beginning with the January 1959 issue, a special section in which UNESCO publications will be currently listed. In addition there will be, from time to time, special circulars and bulletins to announce the appearance of titles which are of a general interest, or which concern professional groups of people.

The subscription price to the *Monthly Catalogues* for 1959, is \$3. It is not necessary to write to the Department in order to receive the circulars or bulletins.

UNESCO Publications Committee Review

The Department of Public Printing and Stationery is a consultative member of the CANADIAN NATIONAL COMMISSION FOR UNESCO and co-operates with that Commission in all matters affecting the distribution of publications in Canada. In order to stimulate interest in these publications, the Commission establishes an ad hoc, independent Committee to review a certain number of new publications by distinguished Canadians who are specialists in the field with which the publication is concerned. In the past this REVIEW was produced under the sponsorship of the Canadian Department of External Affairs. Beginning in 1959 the REVIEW will be issued by this Department; the next number of the REVIEW, the ninth in the series, will appear shortly.

2. PUBLICATIONS DE L'UNESCO AU CANADA

Agent général

Le Département des Impressions et de la Papeterie publiques a été désigné comme agent général de vente au Canada des publications de l'ORGANISATION DES NATIONS UNIES POUR L'ÉDUCATION, LA SCIENCE ET LA CULTURE. Cette agence spécialisée des NATIONS UNIES, qui a son siège à Paris (UNESCO, Place de Fontenoy, Paris 7^e.), groupe à présent plus de quatre-vingts états-membres dans ses rangs. Le Canada compte parmi ses fondateurs.

Par l'entremise du Département, les personnes intéressées peuvent maintenant acheter la plupart des ouvrages publiés par l'Organisation et traitant des sujets dont le règlement international lui a été confié. Les commandes seront effectuées directement des magasins du Département. Si un certain livre est épuisé, la commande en sera enregistrée et l'envoi au client sera fait plus tard, pourvu que l'ouvrage demandé ne soit devenu "hors d'impression".

Publications offertes

(1) Les livres, livrets et brochures en français et en anglais qui sont publiés directement par l'UNESCO pour diffusion commerciale. Dans certains cas aussi des documents photocopiés.

(2) Neuf périodiques publiés par l'UNESCO en français et en anglais. Le Département accepte les abonnements mais les numéros sont expédiés aux abonnés directement de Paris. La vente des copies individuelles des périodiques se fait directement du Département.

Modes de paiement

Commandes ordinaires.

Les commandes doivent être payées d'avance, les chèques et mandats-postes devant être faits au nom du *Receveur Général du Canada*, et adressés comme suit: L'IMPRIMEUR DE LA REINE, OTTAWA, CANADA. A noter que les règlements en vigueur interdisent la distribution gratuite des publications de l'UNESCO, sans aucune exception.

Compte de dépôt.

Les personnes qui désirent acheter régulièrement des publications sont invitées à ouvrir un compte de dépôt auprès de l'Imprimeur de la Reine. Les montants des commandes seront déduits du dépôt et ces personnes recevront un état de compte avec chaque commande. Ceux qui possèdent déjà un compte de dépôt pour l'achat des publications du Gouvernement canadien peuvent se servir du même compte.

Commandes permanentes.

L'ouverture d'un compte de dépôt permet aux clients qui en font la demande de recevoir automatiquement et jusqu'à l'ordre contraire toutes les publications de l'UNESCO. Ces commandes permanentes comprennent les alternatives suivantes:

(a) COMMANDE PERMANENTE "COLLECTIONS". Tous les titres qui sont publiés dans une, ou dans plusieurs séries ou collections sont expédiés aux clients dès leur parution;

(b) COMMANDE PERMANENTE GLOBALE. Toutes les publications en vente seront fournies dès leur parution.

Le dépôt minimum est de \$10. Toutefois il est souhaitable que les personnes qui désirent se prévaloir des avantages des commandes permanentes maintiennent un montant plus élevé dans leur compte.

Abonnement général.

Le taux de l'abonnement général est de \$25 ce qui représente une économie de \$5.50 par rapport à l'abonnement individuel à chacun des périodiques. Tous les numéros des périodiques sont envoyés directement de Paris.

Publications conjointes et documents de l'UNESCO

Les œuvres publiées conjointement avec l'UNESCO par des éditeurs privés et qui ne portent pas la marque de l'UNESCO ne peuvent pas être obtenus du Département. Les renseignements relatifs à leur source seront donnés dans chaque cas, si possible.

Le public est invité à s'adresser directement à l'UNESCO pour toute demande se rapportant aux documents (polycopiés et documents de travail gratuits) de l'UNESCO. Un service spécial de l'UNESCO assure leur diffusion régulière.

Relevé des publications

Le Catalogue Mensuel des Publications du Gouvernement canadien contiendra dès janvier 1959 une partie spéciale pour le relevé des publications de l'UNESCO. En plus, par des bulletins et des circulaires spéciaux, le Département annoncera de temps à autre la parution de certains titres d'intérêt général ou d'intérêt particulier à des groupements professionnels.

Veillez ne pas écrire au Département pour obtenir bulletins et circulaires. L'abonnement d'un an aux Catalogues Mensuels est de \$3.

La Revue du Comité des Publications de l'UNESCO

Le Département des Impressions et de la Papeterie publiques fait partie, comme membre consultatif, de la COMMISSION NATIONALE CANADIENNE POUR L'UNESCO, et collabore avec elle dans tous les domaines qui touchent à la diffusion des publications de l'UNESCO au Canada. La Commission établit, le cas échéant, un sous-comité indépendant pour recenser les publications de l'UNESCO et ainsi soulever l'intérêt dans les activités de l'UNESCO. Ce sous-comité est composé de spécialistes dans les sujets dont traitent les livres recensés. Dans le passé la REVUE a été préparée par les soins du ministère des Affaires extérieures du Canada. Le neuvième numéro de la Revue, qui paraîtra bientôt, sera publié par le Département des Impressions et de la Papeterie publiques.

Trésor des Anciens Jésuites

par

Marius Barbeau

BULLETIN n° 153

(Série anthropologique n° 43)

Ouvrage de haute portée historique "Trésor des Anciens Jésuites" est le fruit de recherches remontant jusqu'au début de la colonie française du Canada. L'auteur explique en quoi consiste le trésor artistique et culturel des anciens Jésuites, tel que les argenteries, ornements, statues, églises, manuscrits, livres et certains objets dont les missionnaires se servaient pour attirer les Indiens.

La seconde partie de l'ouvrage est un inventaire du trésor avec pour chaque objet une description et un résumé historique. Les reproductions photographiques très nombreuses permettent d'apprécier la valeur artistique des pièces.

La couverture, aux couleurs attrayantes, reproduit un reliquaire de Notre-Dame de Chartres de 1676.

Environ 200 illustrations. 242 pages

N° de cat. R93-153F

Prix: \$1.50
