**THE OFFICIAL HANDBOOK OF PRESENT
CONDITIONS AND RECENT PROGRESS**

One of the most pleasing of Canadian government publications for many years, Canada 1955 continues the series of popular annual volumes which present in an appealing way a factual account of the annual progress of the Canadian nation and economy.

In text, in table, in map and picture, Canada 1955 seeks to portray the present conditions of the Canadian people, their country, government, cultural development and welfare. It endeavours to present progress of the many-sided Canadian economy of today, the skill and enterprise of its business and industrial community, the far-flung network of transport and communication, all of which are based upon the natural wealth of Canada. 307 pp.

Comités des deux Chambres du Parlement.

La vente des procès-verbaux et témoignages des comités mixtes, spéciaux ou permanents du Sénat et de la Chambre des communes se fait sur une base de dépôt. Comme il est impossible de prévoir les comités qui seront appelés à siéger, et les fascicules que chaque comité publiera, l'Imprimeur de la Reine requiert un dépôt minimum de \$10.00. Le client reçoit donc dès leur parution tous les fascicules commandés dont le coût est soustrait du dépôt. Un état de compte parvient régulièrement au client.

Haida Myths

Illustrated in Argillite Carvings

BY

MARIUS BARBEAU

The Haida Indians, who ventured to imitate the Boston whalers by scrimshawing walrus tusks and whale's teeth for a pastime, soon surpassed their white masters in the art of carving. They were not born to remain imitators. Shedding the fetters of foreign ties, they adopted argillite, a kind of stone, and wood as their media of plastic expression and chose to illustrate their age-old native tales and mythology.

The drama and the humour, the tears and laughter of these myths are revealed for the first time in this great new book by Marius Barbeau. Passed down from generation to generation these stories are a voice from the immemorial past telling of the hopes and fears of long dead people, in the language of a burgeoning imagination,—the language of picture.

The illustrations alone make this book one of the all-time greats among government publications. The startling beauty of the carvings made by the Haida Indians is shown to excellent advantage in the numerous photographs which appear throughout the book. The beauty of form, the highly developed expressiveness, and the fierce splendor of these works of art corroborate Dr. Barbeau's opinion that they "lie within the scope of a great plastic art".

The content of the stories recorded in "Haida Myths" will be of great interest to anthropologists. All those who have read "The Golden Bough" will find a new and hitherto largely unknown source of myths and tales which, belonging to humanity as a whole, are similar to those of the ancient Greeks and Egyptians.

Stephen Leacock

A CHECKLIST AND INDEX OF HIS WRITINGS

by Gerhard R. Lomer

This combined checklist and index is an important landmark in the progress of Canadian bibliographical endeavour. Dr. Lomer's research, to which he has devoted considerable time, has resulted in a checklist for which librarians and scholars everywhere will be grateful. It is thorough, accurate and both handsome and practical in type layout. This work is to be acclaimed further, as it marks the beginning of what one hopes will be a long series of bibliographical studies of Canadian writers bearing the imprint of Canada's National Library. It is fitting that this inaugural work should have been devoted to one of our most prolific and best known authors—Stephen Leacock of McGill.—DOUGLAS LOCHHEAD.
