Trésor des Anciens Jésuites

par
Marius Barbeau
BULLETIN n° 153
(Série anthropologique n° 43)

Ouvrage de haute portée historique "Trésor des Anciens Jésuites" est le fruit de recherches remontant jusqu'au début de la colonie française du Canada. L'auteur explique en quoi consiste le trésor artistique et culturel des anciens Jésuites, tel que les argenteries, ornements, statues, églises, manuscrits, livres et certains objets dont les missionnaires se servaient pour attirer les Indiens.

La seconde partie de l'ouvrage est un inventaire du trésor avec pour chaque objet une description et un résumé historique. Les reproductions photographiques très nombreuses permettent d'apprécier la valeur artistique des pièces.

La couverture, aux couleurs attrayantes, reproduit un reliquaire de Notre-Dame de Chartres de 1676.

Environ 200 illustrations. 242 pages

New third edition

PROSPECTING IN CANADA

by A. H. Lang

A publication of the Geological Survey of Canada
Department of Mines and Technical Surveys

The first and second editions of this book, published in 1930 and 1935, were quickly exhausted. Continuing demand has shown the need for a work of this kind and encouraged the preparation of this third edition intended to supply basic information for those who wish to become prospectors and for experienced prospectors who desire to review the subject in the light of the most recent developments. It will be helpful also to persons who contemplate financing prospecting, and to companies that are considering a prospecting campaign in Canada for the first time.

Contents

Prospecting: past, present and future.—The foundations of geology.—Minerals and rock.—Mineral deposits.—Outline of the geology of Canada.—Obtaining instructions.—Equipment and travel.—Conventional methods of prospecting.—Special methods of prospecting.—Geophysical prospecting.—Exploring and appraising mineral deposits.—Notes on specific metals and minerals.—Placer and small-scale lode mining.—Mining laws and other business matters. APPENDICES: I—Table of the elements. II—List of the useful aids for identifying minerals. III—Introductory mineral table. IV—Field classifications of common rocks. V—Addresses. VI—Tracing float in glacial drift.

L'ARMÉE CANADIENNE

1939-1945

par le col. C. P. Steacy

Publié d'ordre du Ministère de la Défense Nationale

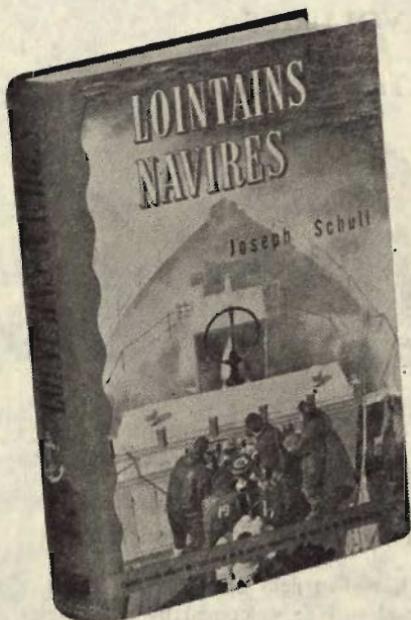

Le récit émouvant des opérations de l'armée canadienne pendant la deuxième guerre mondiale a valu à son auteur le prix littéraire du Gouverneur Général, 1948. (Récits vécus). Le colonel Steacy y brosse un tableau complet saisissant du rôle joué par les valeureux soldats canadiens. Ce livre s'adresse au grand public, d'où l'absence des termes techniques. Les détails historiques sont tirés des archives officielles des forces canadiennes et alliées ainsi que des interrogatoires auxquels ont été soumis les commandants ennemis. L'ouvrage fait donc autorité et renferme une foule de renseignements intéressants et de récits dramatiques. Mentionnons, entre autres, le débarquement de Dieppe, la campagne d'Italie et celle du nord-ouest de l'Europe, le rôle de l'armée de terre dans la guerre du Pacifique, les services nombreux et variés de l'armée canadienne. De nombreuses cartes et photographies en couleurs rehaussent le texte. 364 pages. La version française a été établie par le Bureau de traduction de l'armée sous la direction du major L. Lamontagne.

L'ÉPOPÉE DE LA MARINE CANADIENNE

LOINTAINS NAVIRES

par JOSEPH SCHULL

• Compte rendu officiel des opérations de la marine canadienne au cours de la seconde Grande Guerre.

• "Ces lointains navires, fouettés par la tempête, que la Grande Armée n'avait jamais vus, l'empêchaient de dominer le monde". Ces paroles, écrites au sujet de l'armée de Napoléon et des navires de Nelson, valent également pour l'œuvre accomplie par les navires alliés au cours du dernier conflit mondial.

• *Lointains navires* décrit la participation du Canada à cette œuvre dont les péripéties se sont déroulées sur presque toutes les mers du monde, le long du littoral de l'Amérique du Nord, sur les plages de Normandie et dans le Pacifique. Pendant soixante-huit mois, les marins canadiens ont été au plus fort de la mêlée et ont écrit, par leur héroïsme, l'un des plus glorieux chapitres de notre histoire.

**UN FORT VOLUME DE
605 PAGES**

Écrit par l'écrivain bien connu, Joseph Schull, pour le Ministère de la Défense Nationale, *Lointains Navires* est présenté en une élégante typographie sous une riche reliure en tissu-toile bleu, titre or, et une élégante jaquette illustrée. Renferme 26 cartes, dont plusieurs en couleurs, et plus de 30 illustrations.
