Trésor des Anciens Jésuites

par

Marius Barbeau

BULLETIN n° 153

(Série anthropologique n° 43)

Ouvrage de haute portée historique "Trésor des Anciens Jésuites" est le fruit de recherches remontant jusqu'au début de la colonie française du Canada. L'auteur explique en quoi consiste le trésor artistique et culturel des anciens Jésuites, tel que les argenteries, ornements, statues, églises, manuscrits, livres et certains objets dont les missionnaires se servaient pour attirer les Indiens.

La seconde partie de l'ouvrage est un inventaire du trésor avec pour chaque objet une description et un résumé historique. Les reproductions photographiques très nombreuses permettent d'apprécier la valeur artistique des pièces.

La couverture, aux couleurs attrayantes, reproduit un reliquaire de Notre-Dame de Chartres de 1676.

Environ 200 illustrations. 242 pages

The present work, completed in 1950 by the Queen's Printer, Ottawa, and honoured by a foreword by the late Right Honourable William L. Mackenzie King, former Prime Minister of Canada, is the outcome of the long and intensive interest on the part of this great statesman, for the planning of a Capital worthy of the growing role of Canada in world's history.

The preparation of the plan, under the direction of a world authority in city planning, assisted by his Canadian associates, is fully described and analysed in the General Report, which, while a technical document devoted to a particular problem, is also of deep interest and inspiration to the non-professional readers.

Several chapters are signed by authoritative Canadian specialists: History, by Dr. Gustave Lanctôt, President, Royal Society of Canada, former Deputy Minister, National Archives; Agriculture, by Dr. E. S. Archibald, Director of the Experimental Farm, Department of Agriculture; Geology, by Dr. R. E. Deane, Geologist, Department of Mines and Technical Surveys; Climate, by Mr. B. W. Boville, B.A., Meteorologist, Department of Transport.

The Report itself forms an in-4° volume of 308 pages, illustrated by 211 plans, drawings, profiles, diagrams, photographs, in black, 31 plates, 28 of which in colour, and a frontispiece. In annex to the Report, an in-folio Atlas comprises 20 colour plates, at a scale such as to amplify the subject matters of the Report.

Both Report and Atlas are bound in Green Buckram. Also available in French.

Stephen Leacock

A CHECKLIST AND INDEX OF HIS WRITINGS

by Gerhard R. Lomer

This combined checklist and index is an important landmark in the progress of Canadian bibliographical endeavour. Dr. Lomer's research, to which he has devoted considerable time, has resulted in a checklist for which librarians and scholars everywhere will be grateful. It is thorough, accurate and both handsome and practical in type layout. This work is to be acclaimed further, as it marks the beginning of what one hopes will be a long series of bibliographical studies of Canadian writers bearing the imprint of Canada's National Library. It is fitting that this inaugural work should have been devoted to one of our most prolific and best known authors—Stephen Leacock of McGill.—DOUGLAS LOCHHEAD.
