Note of Appreciation

Note de reconnaissance

Canada owes the success of its statistical system to a long-standing cooperation involving Statistics Canada, the citizens of Canada, its businesses, governments and other institutions. Accurate and timely statistical information could not be produced without their continued cooperation and goodwill.

Le succès du système statistique du Canada repose sur un partenariat bien établi entre Statistique Canada et la population, les entreprises, les administrations canadiennes et les autres organismes. Sans cette collaboration et cette bonne volonté, il serait impossible de produire des statistiques précises et actuelles.

Note

Most of the series shown in these tables have two lines. The first of these lines is the series itself, expressed in millions of dollars. The second line, italicized and in smaller typeface is the monthly percentage change for table 1 and the year-over-year percentage change for table 2.

Some columns and rows do not sum to the totals shown because of rounding. Differences resulting from separate seasonal adjustments by province and by industry may be observed in the respective Canada totals.

Note

La plupart des séries figurent dans ces tableaux sous deux lignes. La première ligne représente la série elle-même, exprimée en millions de dollars. La deuxième ligne, en italique et en caractères plus petits, représente la variation mensuelle en pourcentage pour le tableau 1, et la variation d'une année à l'autre en pourcentage pour le tableau 2.

Les sommes des éléments de certaines colonnes et lignes ne correspondent pas aux totaux indiqués à cause de l'arrondissement. Les totaux respectifs pour le Canada comportent des différences résultant de la désaisonnalisation effective à l'échelle provinciale et sectorielle.

Note of Appreciation

Note de reconnaissance

Canada owes the success of its statistical system to a long-standing cooperation involving Statistics Canada, the citizens of Canada, its businesses, governments and other institutions. Accurate and timely statistical information could not be produced without their continued cooperation and goodwill.

Le succès du système statistique du Canada repose sur un partenariat bien établi entre Statistique Canada et la population, les entreprises, les administrations canadiennes et les autres organismes. Sans cette collaboration et cette bonne volonté, il serait impossible de produire des statistiques précises et actuelles.
