 supplied by
 Board of Grain Commissioners for Canada

1. The first part of the book is devoted to a general history of the United States from its discovery to the present time. It is divided into three periods: the colonial period, the revolutionary period, and the federal period.

2. The colonial period is the most interesting and important part of our history. It shows the growth of the colonies from a few scattered settlements to a powerful and independent nation.

3. The revolutionary period is the most dramatic and heroic part of our history. It shows the struggle for independence from Great Britain and the establishment of a new government.

4. The federal period is the most important and most successful part of our history. It shows the growth of the United States from a small nation to a great and powerful one.

5. The book is written in a clear and concise style, and is well illustrated with maps and pictures. It is a valuable and interesting work for all who are interested in the history of the United States.

THE HISTORY OF THE UNITED STATES
 BY
 JOHN B. HARRIS

Visible Supply of Wheat

Stocks of Canadian Wheat in store or in transit in North America at midnight March 29, 1951 totalled 188,750,423 bushels. This represented a decrease of 3,429,597 bushels, compared with the total at March 22, 1951.
