Re: Country Elevator Operations 1955-56 Crop Year

According to the Board of Grain Commissioners certain correction reports received from elevator companies relative to their preliminary adjustment returns submitted earlier this Crop Year have necessitated revisions in the preliminary statistics published on Page 10A of our September 12, 1956 issue of this publication with respect to 1955-56 country elevator operations. Because of the size of these changes you may wish to amend your copies of the "Grain Statistics Weekly" by substituting the following figures for country elevator receipts and shipments in place of those originally reported. These adjustments revise some provincial country elevator receipts and shipments but do not change the totals. No further revisions are anticipated prior to the publishing of final figures early in 1957.
