Mining, Metallurgical and Chemical Branch

Chief: W. H. Losee, B.Sc.

ASBESTOS PRODUCTION IN CANADA, MAY, 1933.

Asbestos production in Canada during May advanced to 11,121 tons from the preceding month's total of 8,168 tons according to a report just issued by the Dominion Bureau of Statistics at Ottawa. In May, 1932 Canadian producers shipped 9,554 tons. During the first five months of 1933, Canadian shipments totalled 36,177 tons or 22.2 per cent below the tonnage shipped in the corresponding period of last year.

Exports of asbestos from Canada during May reached a total of 10,497 tons worth \$362,050 as compared with 4,995 tons at \$175,199 exported in April. Sixty-five per cent of the May exports were consigned to the United States.

Canada imported asbestos products worth \$44,532 in May, an increase of 63.6 per cent over the preceding month's import valuation of \$27,213. Receipts of asbestos brake and clutch lining were valued at \$21,206 or 61.3 per cent above the April value of \$13,143. Asbestos packing imports declined to 6,949 pounds appraised at \$3,456 from the April importations of 14,581 pounds at \$4,491. An advance of 107 per cent was recorded in the value of other manufactured asbestos products imported; the May valuation was \$19,870 and the April, \$9,579. The importations during May were obtained from the following countries: the United States, 56.6 per cent, Great Britain, 40.0 per cent, Austria, 2.7 per cent and the remainder, from Germany and Belgium.

Great Britain imported 2,809 tons of asbestos, raw and fibre, and waste, including asbestic, during May; these imports included 1,070 tons from the Union of South Africa and South West Africa, 822 tons from Rhodesia, and 917 tons from other countries. The total imports of asbestos into Great Britain in April amounted to 1,764 tons.

The United States imported 7,363 tons of asbestos in May; of these imports Canada supplied 7,052 tons, Italy, 210 tons, British South Africa, 96 tons and Germany, 5 tons.

more than 100,000 people in the United States and Canada who are  
of German descent. In the United States, the German population is  
estimated at 10,000,000 people, or about 4% of the total population.  
In Canada, the German population is estimated at 1,000,000 people,  
or about 3% of the total population.

The German population in the United States is concentrated in the  
Midwest and South. In the Midwest, the German population is  
estimated at 6,000,000 people, or about 12% of the total population.  
In the South, the German population is estimated at 4,000,000 people,  
or about 8% of the total population.

The German population in Canada is concentrated in the  
provinces of Ontario and Quebec. In Ontario, the German population  
is estimated at 800,000 people, or about 2% of the total population.  
In Quebec, the German population is estimated at 200,000 people,  
or about 0.5% of the total population.

The German population in the United States and Canada is  
distributed among many different ethnic groups. In the United States,  
the German population is distributed among many different ethnic groups,  
including German-Americans, German-Canadians, and German-Italians.
