## C. 3

There must be a reduction and more esonomical use of paper, envolopes and iaboik in respect of the free mailing list. This is the last issue of this puhlication you will recoive unlesis you desire to have it continued, in which event you must advise this Bureau and give the reason for such continuation. This do es not apply to copies going to paid-up subscribers or exchanuc publications.

ANNUAL INDUSTRY RPPORT
THE BRASS AND COPPER PRODUCIS THDUSTRI 1941
This report covers the operations of brass foundre as and other plants in Canada engaged chieny in the menufacture of comnodities, other than electsfecal equipment, from brass, bronze or coppor. Efghty-seven foundries and fifty-six fabricating plants reporterl under this industry in 1941 and their production was valued at $\$ 100,589,991$. In 1940 the corresponding total amountert to \$57, 230,558 and in 1939 to $\$ 32,111,912$.

Promets manufactured duxing 1941 by firms in this group included ingots, bars, rods, plates, sheets, discs, cups, tubing, and such further fabricated lines as wire cloth, valyes, cartiidge cases, ketties and tanks, plumbing supplies, gas and water meters, fire extinguishers, lightnfing rods, metal. fasteners, automobila hardware, etc. Copper wire and cable, lighting fixtures, switches and other such articles for electrical purposes have not been listed in tinis group but have been classified to the Electrical Apparatus and Supplies Industry which is dealt with in a separate report.

Brass foundry departments which were run by ifon founcitas or by manufacturers of machinery, fam implements, etc., as a secondary or minor part of their operations, are not included in this group as, in such Lnstances. separate roports were not required for the brass foundry divisions and all data cuncerning same were included in the industries of major importance. Tt is belleved tiat there are in Canada about 325 brass foundries in all.

A total of 143 plants was included in this group during 1941, of whioh 89 were located in Ontario, 36 in Queboc, 11 in British Colimbia, 5 in Mani to ba and 1 each in New Brumswick and Alberta. Ontrrio's factories accounted for 59 per cent of the total production and Quebec:s plants for 38 per cent.

Canital employed in 1941 was reported at $\$ 57,892,897$, of which $\$ 23,874,300$ represented the value of land, buildings and equipment, $\$ 17,497,054$ the value of inventories, and $\$ 26,530,943$ the total operating capitol.

The number of employees in 1941 was 13,190 compared with 7,354 and salaries and wages aggregated $\$ 9,560,353$ as agaznst $\$ 10,371,575$ in 1940.

Publication of detailed statistics of materials used. products made, imports and exports has been discontinued for the durstion of tine war.
