## INTRODUCTION

Airport Activity Statistics was introduced in 1968 to provide detailed information on Canada's twenty-five leading air terminals, annually.

The criterion for ranking is the total number of arriving and enplaned passengers recorded at an airport. Passengers continuing enroute on the same aircraft with a different flight number, will be counted as both arriving and enplaned.

Thunder Bay's drop from 13th to 18th position between 1970 and 1971 is attributable to a revision of last year's data. Explanatory notes about individual airports, and various other factors affecting the magnitude of the figures in this publication have been enumerated on this overleaf.

Inquiries should be directed to Mr. W. Burr, Aviation Statistics Centre, telephone: 613-992-2332.

## INTRODUCTION

Les Statistiques d'activité aéroportuaire furent introduites en 1968 pour procurer annuellement de l'information détaillée sur les vingt-cinq aérogares les plus importantes.

Le nombre total de passagers embarqués et débarqués à un aéroport sert de critère pour en établir l'ordre d'importance. Les passagers qui poursuivent leur trajet dans le même avion, doté d'un numéro de vol différent, seront considérés comme étant arrivés à destination et embarqués.

À cause des révisions apportées aux données de l'an passé, Thunder Bay baissa du 13<sup>e</sup> au 18<sup>e</sup> rang durant la période 1970 et 1971. Des notes explicatives sur différents aéroports et les divers facteurs qui influencent l'ampleur des données de cette publication sont enumérés au verso.

#### EXPLANATORY NOTES

#### NOTES EXPLICATIVES

##### HAMILTON

On September 20, Nordair commenced a Hamilton-Pittsburgh service.

##### MONTRÉAL

Air France conducted no flights between February 19 and mid-March, due to an employees' strike.

El Al Israel commenced a daily Montreal-Tel Aviv service on March 28. CP Air also began operating between Montreal and Israel.

Mohawk Airlines' services were curtailed because of a strike which lasted until April 14.

TAP Portuguese Airways opened a Montreal-Portugal route three times weekly.

##### OTTAWA

Nordair began operating a daily Hamilton-Ottawa service on April 19, to extend its Montreal-Hamilton route.

##### TORONTO

Mohawk Airlines' services were reduced by a strike which terminated April 14.

##### VANCOUVER

The United States' west coast dockworkers' strike increased air cargo shipments at Vancouver during October, November and December - the diverting of United States' surface traffic to Vancouver for unloading resulted in the air shipment to Vancouver of some freight normally sent by surface transport.

##### VICTORIA

During 1971, mail formerly transported between Vancouver and Victoria by air was carried by truck and ferry.

##### WINNIPEG

Labour problems forced a slowdown in the services of Northwest Airlines until February 1.

##### MAJOR AIRPORTS

Air Canada and BOAC introduced the 350-passenger jumbo jets to their domestic and international services: Air Canada commenced 747 operations domestically in April, internationally in July; BOAC started using jumbo jets on July 11.

##### MAIL

Changes in postal airmail rates and policies increased significantly transborder and overseas airmail shipments. All first class mail is now transported by air to foreign points; various other classes of mail are carried on a "space available" basis.

##### HAMILTON

Le 20 septembre, Nordair débute le service Hamilton-Pittsburgh.

##### MONTRÉAL

Air France n'a pas effectué d'envolée durant la période du 19 février à la mi-mars à cause d'une grève de ses employés.

El Al Israel inaugura un service quotidien entre Montréal-Tel Aviv le 28 mars. CP Air débute également un service entre Montréal et Israel.

Les services de Mohawk Airlines diminuent à cause d'une grève qui dura jusqu'au 14 avril.

TAP Portuguese Airways inaugura le trajet Montréal-Portugal et y procure trois envolées par semaine.

##### OTTAWA

Nordair inaugura un service quotidien entre Hamilton et Ottawa le 19 avril, ceci étend son trajet Montréal-Hamilton.

##### TORONTO

Les services de Mohawk Airlines furent réduits à cause d'une grève qui se termina le 14 avril.

##### VANCOUVER

Aux États-Unis, la grève des débardeurs de la côte ouest augmente le nombre de chargements de marchandises par voie aérienne durant les mois d'octobre, novembre et décembre. Le détournement du trafic des États-Unis au sol vers Vancouver afin d'être déchargé a abouti à l'envoi vers Vancouver par voie aérienne de chargements normalement expédiés par un mode de transport au sol.

##### VICTORIA

En 1971, le courrier jadis transporté par voie aérienne entre Vancouver et Victoria fut transporté par camion et bac.

##### WINNIPEG

Les problèmes ouvriers contraignirent Northwest Airlines à ralentir ses services jusqu'au 1er février.

##### AÉROPORTS PRINCIPAUX

Pour leurs services intérieurs et internationaux, Air Canada et BOAC introduisent leurs avions à réaction géants de 350 passagers. Les appareils 747 d'Air Canada entreprennent des trajets intérieurs en avril et des trajets internationaux en juillet; BOAC commence à utiliser ses avions à réaction géants le 11 juillet.

##### COURRIER

Des changements dans la politique et dans les tarifs du courrier postal aérien augmentèrent d'une manière significative les chargements de postes aériennes. Tout courrier de première classe est maintenant expédié par voie aérienne vers l'étranger; diverses autres classes de courrier le sont sur une base "d'espace libre".
